California Baptist University is exempted by the state from California Education Code 66270 to the extent the application of California Education Code 66270 is not consistent with the institution's religious tenets. California Baptist University retains all rights afforded it under federal law and the laws of the State of California.

**MISSION STATEMENT**

The primary purpose of this corporation is to conduct regular four-year college courses in education, music, sciences, and the liberal arts, and to grant certificates, diplomas, and any and all degrees evidencing completion of any course of training, together with any and all honorary degrees and to provide training for Baptist youth and others desiring to be affiliated with Baptist theology and theological instruction and such other instruction as may be needful and advantageous in preparing and qualifying ministers and others for Christian work. (Articles of Incorporation of California Baptist College, 1954).

**PHILOSOPHY AND GOALS**

California Baptist University (also referred to herein as the "University") is a Christian college founded

by Southern Baptists to serve the world. As such, the University community provides an accepting, caring Christian atmosphere in which the growth of individuals is enhanced by spiritual formation, personal development, vocational preparation, and a sound, academic, liberating education. In the midst of the pursuit of truth, individuals are encouraged to investigate, practice, and refine their aesthetic, moral, social, and spiritual values in order to prepare themselves to make substantial contributions to the cause of Christ as skilled professionals, thinking citizens, and educated people.

To implement its philosophy, the University strives:

1. To reflect, in life and thought, historic Southern Baptist principles, such as:
  - a. The Lordship of Jesus Christ.
  - b. The competency of the individual soul before God.
  - c. The Scriptures as the authoritative guide for doctrine and practice.
  - d. The separation of Church and State.
  - e. The autonomy of the local church;
2. To help Students observe and interact with a community which effectively models Christian characteristics and values;
3. To offer a selection of programs which attract a wide range of qualified Students;
4. To encourage a free exchange of ideas by providing a wide variety of spiritual, intellectual, cultural, and social learning experiences both within and outside the classroom;
5. To encourage high standards of scholarship;
6. To provide support for Students experiencing academic and personal difficulties;
7. To encourage each Member of the campus community to be involved in a lifelong, personal Christian pilgrimage;
8. To enable its educators to engage in continuing professional development;
9. To develop mature individuals of genuine Christian character who can contribute to churches and effect change in society for its betterment;
10. To develop specific leadership for the churches and general work of the Southern Baptist Convention.

Within these arenas of the Student experience the University, through its Faculty and administration, has identified Student outcomes as desirable and reflective of the impact it seeks to have in the lives of its Students. Upon completion of a degree program, each Student at California Baptist University shall be:

## STUDENT LIFE POLICY

### 1. STANDARD OF STUDENT CONDUCT

In order to achieve its mission, California Baptist University expects Members of the campus community (as defined in section 1.1) to accept responsibility for their personal conduct and to encourage others within the community to do the same.

All Students at California Baptist University are expected to conduct themselves in accordance with the Standard of Student Conduct, regardless of age, classification, or the number of hours being taken. The Standard of Student Conduct is established for the purpose of outlining expected behavior of Students in the campus community. The Standard of Student Conduct shall be defined as any and all Policy, procedure, and/or behavioral expectation contained within this publication and the *University Catalog*.

If the conduct of any Member of the campus community is found to be detrimental to the academic, social, and spiritual development of others within the community, the University (through its various offices and personnel) provides guidance, direction, and, if necessary, Judicial Action.

Students should understand the commitment to the spirit of the University and realize that their enrollment is viewed as a willingness to abide by and accept the responsibilities of the environment.

These criteria are based on the historical tenets of the institution and Southern Baptist traditions.

It is the University's intention to resolve violations of established Policy and the Standard of Student Conduct in a redemptive manner which maintains respect for the individual.

This prohibition also includes, but is not limited to, the use of paraphernalia, electronic cigarettes, vapor cigarettes, and other similar devices;
  - 1.3.5. Possessing, using, or being under the influence of illegal narcotics, hallucinogenic drugs, or drug paraphernalia on University Premises or at University-sponsored or supervised activities is strictly prohibited. This prohibition includes:
    - a. Possessing, using, or being under the influence of a controlled substance or medication without a doctor's prescription;

Students living at the location where the party is held may be held responsible as hosts regardless of who provides the alcohol, illegal drug, and/or controlled substance;
  - 1.3.7. Improperly using and/or abusing over-the-counter medications;
  - 1.3.8. Gambling on University Premises or at University-sponsored or supervised activities;
  - 1.3.9. Committing or attempting to engage in fraud, concealing identity, or using or attempting to use a false identity;

knives with a maximum blade length of three[3]-inches) on University Premises or at University-sponsored or supervised activities;

- 1.3.11. Organizing or participating in social dances on University Premises or at University-sponsored or supervised activities;
- 1.3.12. Willful disruption of the educational process;
- 1.3.13. Lewd, indecent, or obscene behavior or language on University Premises or at University-sponsored or supervised activities. This includes possession or display of sexually-oriented, pornographic, or profane items, devices, and/or material in any form, including material generated, accessed, transmitted, stored, or displayed electronically;
- 1.3.14. Harassment and abuse directed toward individuals or groups which includes, but is not limited to, the following forms: the use or threat of physical violence, coercion, intimidation, verbal harassment and abuse. Harassment and abuse may be discriminatory or may be nondiscriminatory. Although forms of harassment and abuse—both discriminatory and nondiscriminatory—are equally prohibited, University commitment to nondiscrimination means that discriminatory harassment may be punished more severely than nondiscriminatory forms of harassment;
- 1.3.15. Engaging in physical violence toward another person;
- 1.3.16. Any actual or threatened non-consensual sex act. For purposes of this policy, consent must be “affirmative consent” which California Education Code Section 67386 defines as conscious and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in the sexual activity to ensure that they have the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent. It shall not be a valid excuse to alleged lack of affirmative consent that the accused believed that the Complainant (as defined in section 27.6.1) consented to the sexual activity under either of the following circumstances: (A) the accused’s belief in affirmative consent arose from the intoxication or recklessness of the accused; or (B) the accused did not take reasonable steps, in the circumstances known to the accused at the time, to ascertain whether the Complainant affirmatively consented. It will not be a valid excuse that the accused believed the Complainant affirmatively consented where the accused knew or reasonably should have known that the Complainant was unable to consent because the Complainant was: (A) asleep or unconscious, (B) incapacitated due to drugs/alcohol/medication, or (C) unable to communicate due to a mental or physical condition. When alcohol or other drugs are being used, an individual will be considered unable to give valid consent if the individual cannot comprehend the circumstances (who, what, when, where, why, or how) of a sexual interaction. Individuals who consent to sex must be able to understand what they are doing. Under this policy, “No” always means “No,” and “Yes” may not always mean “Yes”;
- 1.3.17. “Domestic violence,” “Dating violence,” or “Stalking” as those acts are defined in Section 26 of Sexual Discrimination, Sexual Violence, and Sexual Harassment herein;
- 1.3.18. Bullying of another person or group. “Bullying” is the verbal, written, or physical abuse of another person beyond a reasonable expression of opinion which is likely to cause another person humiliation, stress, psychological harm or which is harassing in nature;
- 1.3.19. Engaging in occult practices;
- 1.3.20. Failing to comply with the verbal and/or written directions of a University Official and/or failing to provide a University Official with adequate identification upon request;
- 1.3.21. Forgery, alteration, or the unauthorized possession or use of University documents, records, instruments, or identification which shall include, without limitation, falsification of course sign-in

sheets;

- 1.3.22. Submission of false documents including financial aid and admissions related documents;
- 1.3.23. Unauthorized entry into University-related living units that disrupts sleep or study or that damages the physical facilities in those units;

- 1.3.27. Unauthorized use, abuse, destruction, or theft of property (including intellectual property such as copyrights, patents, trademarks, and trade secrets) of the University or any of its members, guests, or neighbors. This regulation covers the unauthorized appropriation or "borrowing" of common property for personal use. It also covers unauthorized use, abuse, destruction, or theft of property in University care or custody, such as materials covered by copyright, trademark, patent, or by specific agreements between the owner and University;
- 1.3.28. Placing a false fire alarm, interfering with a fire alarm system, tampering with smoke or heat detectors, or fire-fighting equipment. The aforementioned are violations of appropriate federal, state, and local law;
- 1.3.29. Creating a fire, safety, or health hazard which includes, but is not limited to, making a false report concerning a fire, bomb, or other emergency or activating a fire alarm or pre-alarm cover without the existence of a fire or a similar emergency situation;

  - a. Gaining access to restricted areas (e.g. basements, roofs, and catacombs) which are locked, closed to Students, or otherwise restricted as to use;
  - b. Unauthorized climbing upon or over, or gaining entry through any wall, fence, railing or other surface erected to create a perimeter boundary and which by its design is clearly not intended to be an entry/access point;
  - c. Unauthorized use of University equipment located within administrative offices and other areas designated for University business for personal use (typing papers, personal calls, etc.);

- 1.3.33. Abusing and/or impeding the California Baptist University judicial system by intention and/or action. This includes but is not limited to:
  - a. Failure to obey the summons of a University Official;
  - b. Falsification of, concealing, distortion of, or misrepresentation of information relevant to or requested in connection with judicial processes;
  - c. Disruption or interference with the orderly conduct of Judicial Action;
  - d. Attempting to, or disrupting an individual's proper participation in Judicial Action or influencing or attempting to influence another person to abuse a Judicial Action;

- e. Harassment or intimidation of a Member of the campus community involved in Judicial Action;
  - f. Failure to comply with a Sanction imposed under the Standard of Student Conduct as a result of a Judicial Action;
- 1.3.34. Using a recording device which includes, but not limited to, the use of a camera, cell phone, unmanned aerial vehicle (commonly known as a drone), and/or Google Glass™ or similar device, to make or attempt to make an audio or video record of any person(s) on University Premises in bathrooms, showers, locker rooms, bedrooms, or other locations where there is a reasonable expectation of privacy with respect to nudity and/or sexual activity.

The University reserves the right to deal with behavior, regardless of the location, that is detrimental to the Student, community, University, and others. Detrimental behavior includes, without limitation, participating in any party, gathering, or event (on or off University Premises) which disturbs or impacts the peace of another (i.e. excessive noise; violent, offensive, disorderly behavior, or quarrelsome conduct; traffic obstruction of public or private streets by crowds or vehicles; littering; etc.).

The University reserves the right to impose intermediate Sanctions against Accused Students who represent the University and/or serve as a Student Leader while University Judicial Action is pending. Intermediate Sanctions may include, but are not limited to, loss of the privilege to travel with and/or participate as a member of a group, team, and/or program that represents the University.

The violation of a local, state, or federal criminal statute shall be a violation of the Standard of Student Conduct, whether or not public officials prosecute such a violation. The University may refer such violations to appropriate law enforcement agents. The University reserves the right to impose intermediate Sanctions, including, but not limited to, suspension, against a Student while criminal proceedings are pending.

There are times when Judicial Action is necessary in response to behavior not specifically listed in this publication. The response in such cases is to be determined by the Director of Student Conduct, Dean of Students, or Vice President for Enrollment and Student Services in keeping with the spirit of this publication and the University's traditions.

The University reserves the right to amend the *Student Handbook* without notice. The official Student Handbook and Calendar for California Baptist University is accessible via the CBU Website. To view the latest version, please visit [calbaptist.edu](http://calbaptist.edu).

## **2. PHILOSOPHY OF STUDENT DEVELOPMENT**

As a Christian institution, California Baptist University has dual responsibilities to its constituency. As an academic institution, it seeks to promote high scholastic standards, stimulate mental alertness, impart a general knowledge of the natural world and of the history and institutions of human society, and to assist Students in choosing and learning an area of specialization for their life's work.

As a Christian institution, the University seeks to promote and follow the spiritual principles set forth by Jesus Christ. In acknowledging these principles, the University places special emphasis on leading Students in an active pursuit of the spiritual values of life and developing leaders for the Southern Baptist churches of California and beyond.

Students at California Baptist University are individuals involved in academic pursuits and, at the same time, are members of a Christian community nurturing one another in spiritual growth. The University expects Students to take seriously this twofold responsibility.

The Student Services Division is committed to the intellectual, spiritual, social, aesthetic, and physical development of California Baptist University Students so that they are assisted in becoming autonomous, competent, responsible, and interdependent individuals who use their intellects and skills with wisdom and integrity.

## **3. FREEDOM AND RESPONSIBILITY**

California Baptist University Students are entitled to the same freedom as any other citizen of our country. It is the Policy of the University to ensure these rights, consistent with the provisions of law,

acceptable tastes, and purposes and goals of the institution. When matriculation in the University requires that conditions be placed upon Student freedoms, these conditions and their rationale are clearly delineated.

At California Baptist University, the concepts of freedom and personal responsibility are inextricably bound together. The University community, like any other, functions upon the principle that all members respect and protect the rights of their fellow citizens. Students are encouraged to develop these values which represent mature, self-disciplined people who appreciate the privilege of education and are willing to accept its responsibilities.

When people choose a college, they commit themselves to its philosophy of education, policies, and regulations. Students are to demonstrate proper respect of University personnel which includes, but is not limited to, compliance with directives of University Officials in the performance of their duties.

Even though Students may not agree with a few rules established by the University, it is expected that they comply with them in a manner conducive to the highest moral standards and in keeping with the discipline of the academic community.

Generally, through appropriate procedures, institutional judicial measures shall be imposed for conduct which adversely affects the institution's pursuit of its educational objectives, which violates or shows a disregard for the rights of other members of the academic community, or which endangers property or persons on institution or institution-controlled property.

Responsibility for enforcement of Student conduct Policy lies with the Dean of Students, Director of Student Conduct, and other Student Services staff. This group defines behavioral expectations and takes appropriate action in support of University Policy.

#### 4. PHILOSOPHY OF DISCIPLINE

The purpose of discipline at California Baptist University is to assist in maintaining individual and community growth. Personal growth and maturity are encouraged most when each Member of the University community uses self-discipline and shares the responsibility to care enough about others to confront them when appropriate. The responsibility to confront one another in a loving manner should enable inappropriate behavior to be corrected on a personal level.

Unfortunately, situations may arise which warrant a formalized judicial process. Judicial procedures are designed to provide a just and equitable process of educational discipline. While every effort is made to protect the rights of Students, the University does not attempt to duplicate or to emulate court proceedings and should not be viewed as such.

#### 5. RIGHT TO PROCESS

Students whose behavior violates the Standard of Student Conduct will be treated justly and fairly. This means adjudication of the case will be in a timely and reasonable manner. The process involves three (3) components:

- 5.1. **Notification.** A Student has the right to proper notice of the Policy allegedly violated and when the case will be heard.
- 5.2. **Right to be Heard.** A Student has the right to present their viewpoint and position and provide supporting Evidence and/or information at a Hearing for consideration by a University Official.
- 5.3. **Evidence.** Decisions in a Student conduct case are based on reasonable and available supporting factual information.

#### 6. JUDICIAL ACTION

Students who behave in a manner which violates University Policy are subject to Judicial Action. With the exception of some appeals, all violations of the Standard of Student Conduct are adjudicated by Hearing. However, if an Accused Student fails to appear at a scheduled Hearing, the Student will be deemed to have waived their Hearing and the Director of Student Conduct, appointed designee(s), or panel may render a decision upon the matter in the Student's absence. The Director of Student Conduct reserves the right to meet with Students personally, appoint a designee(s) to

meet with Students, and/or convene a Judicial Review Board in order to conduct Hearings.

Judicial Action involves three (3) components: Investigation, Hearing, and the imposing of Sanctions, if appropriate. Depending on the severity and location of the offense, the Judicial Action will be administered by the Dean of Students, Director of Student Conduct, or designee.

- 6.1. **Investigation.** An Investigation involves a factual inquiry into an incident or matter by University Officials, and may involve interviewing community members involved in the case or other reasonable means of verifying the facts regarding an alleged violation.
- 6.2. **Hearing.** In furtherance of a Judicial Action, a Hearing may be scheduled to allow an Accused Student an opportunity to hear and present Evidence and other factual information related to an alleged violation. All Hearings are closed and the proceedings may be kept confidential at the discretion of the University. If an Accused Student fails to appear at a scheduled Hearing, the University Official(s), or panel may render a decision upon the matter in Student's absence.
- 6.3. In cases involving alleged sexual offenses, pursuant to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the "Clery Act"), the accuser and the accused have the opportunity to have someone present during a Hearing. If a Student chooses to be accompanied to a Hearing associated with alleged sexual offenses, the individual who accompanies the Student will not be permitted to speak on behalf of the Student and/or take an active role in the Hearing.
- 6.4. Legal counsel representing a Student, Student's family, or other individual or group is not permitted to attend Hearings, except in instances of matters arising under Title IX.
- 6.5. **Imposing of Sanctions.** This act concludes the Judicial Action. Sanctions are imposed upon a determination by a University Official responsible for the administration of the Judicial Action upon a finding of a preponderance of the Evidence indicating that the Accused Student violated the Standard of Student Conduct. For purposes of this Student Handbook, the phrase "preponderance of the Evidence" means that there is a greater than 50% chance, based on all the reasonable Evidence, that the Accused Student violated the Standard of Student Conduct.
- 6.6. In some cases, Sanctions may encumber a Student's good standing with the University for a stated period of time and such Student which may only be permitted to remain enrolled if that Student enters into a Behavioral Contract, in which such Student promises to make a serious commitment to refrain from future violations.
- 6.7. The following Sanctions may be imposed by a University Official upon any Student for violating the Standard of Student Conduct (not listed in a prescribed order):
- 6.8. Warning – Some Students may be issued written or verbal warning for unacceptable behavior and advised to change the behavior.
- 6.9. Restitution/reimbursement or Fine – Some Students may be required to make restitution and pay a monetary fine for damage or misuse of property, misuse of services, or failure to follow University Policy or procedure.
- 6.10. Discretionary Sanctions – Some Students may be required to participate in prescribed educational programs, complete community service, read a book, write a paper, coordinate a living-area program, attend campus programs, or any other activity deemed appropriate for the violation of the Standard of Student Conduct.

- 6.13. Student Conduct Probation – A Student may be placed on Student Conduct Probation for

a specified period of time. During this time, further violations of University Policy may result in suspension or expulsion from the University. Students who have been placed on Student Conduct Probation are not considered to be 'in good standing' with the University until the conclusion of the specified period of time.

- 6.14. Residence Life Suspension – Separation of the Student from University-owned housing for a specified period of time (conditions for readmission may be required).
- 6.15. Residence Life expulsion – Permanent separation of the Student from University-owned living areas.
- 6.16. University suspension – For a fixed period of time, the Student may not remain on the University Premises which include the campus, visit the campus, or participate in a specific academic program(s) and/or other activities of the University. A Student who is suspended for disciplinary reasons may petition for readmission at the conclusion of the period of suspension.
- 6.17. Interim suspension – Imposed immediately when the seriousness of a reported offense warrants a Student's removal from campus for a stated period of time. Students who are placed on Interim suspension will be advised of the allegations. Allegations that may warrant interim suspension include, but are not limited to:
  - 6.17.1. Sexual misconduct;
  - 6.17.2. Hosting or in any way assisting or promoting a gathering that includes underage consumption of alcohol, illegal drugs, controlled substances, or any indication of being under the influence of alcohol;

  - 6.17.8. Written, verbal, or nonverbal threats of harm to members of the University community or the community as a whole, including oneself;
  - 6.17.9. Interim suspension will be for a stated period of time and followed by a Hearing.
- 6.18. Expulsion – Permanent separation of the Student from the University. The Student is denied the privilege to remain on the University Premises which include the campus, visit the campus, or participate in any academic or other activity of the University. Only under the most unusual circumstances will an expelled Student be readmitted to the University.
- 6.19. Deactivation – A recognized University club or organization can lose its privileges, including University recognition, permanently or for a specified period of time.

Any Student upon whom Sanctions are imposed and/or placed on probation may become immediately ineligible for service as an athlete, Student Leader, and/or Student Representative. Students who fail to comply with the terms and conditions of a Sanction are subject to additional Judicial Action.

The guidelines for behavior outlined in this Student Handbook and in the University Catalog, as well as regulations and policies maintained by the University, form bases for Judicial Action. The Student Services Office is responsible for conducting appropriate Investigations of all allegations and complaints.

## **7. JUDICIAL ACTION APPEALS**

A Student has the right to appeal Sanctions imposed as the result of Judicial Action, unless a Student is notified otherwise in writing by the Director of Student Conduct or Dean of Students. Sanctions imposed as the result of Judicial Action shall go into effect immediately and are not stayed while an

appeal is pending. A decision rendered by a Student Services staff member may be appealed to the Director of Student Conduct or designee. Decisions rendered by the Director of Student Conduct (or designee) or a Judicial Review Board are final, except in the following cases:

1. The Student has been suspended or expelled.
2. The Director of Student Conduct served as the primary Hearing officer (was the sole individual to hear the case), rendered a decision, and imposed a Sanction(s).

In cases where the Director of Student Conduct served as the primary Hearing officer, the decision rendered may be appealed to a Judicial Review Board.

Decisions rendered by the Student Services Committee are final.

Appeals must be submitted in writing to the Student Services Office within five (5) business days after a Sanction has been imposed. Appeals must expressly indicate at least one (1) of the following exclusive grounds for appeal:

## **8. NON-JUDICIAL ACTION APPEALS**

In addition to fulfilling ASCBU Constitutional duties, the ASCBU Judicial Board renders decisions regarding non-judicial appeals related to Vehicle Code violations/citations and appeals related to monetary fines.

The ASCBU President and the ASCBU Advisor or designee jointly appoint members of the ASCBU Judicial Board. ASCBU Judicial Board decisions rendered as a result of a Hearing are presented, along with recommended Sanctions, if any, to the Dean of Students or designee. When addressing alleged violations of the ASCBU Constitution, the individual(s) involved will receive written notice of the alleged violation(s) and when the case will be heard. Inappropriate behavior resulting from emotional or psychological distress and/or any behavior, including non-privileged verbal statements, that tends to demonstrate an intent or desire of a Student to inflict self-harm, or inflict harm upon another is considered a serious matter. Such behaviors demonstrate that the Student's well-being may be in jeopardy, interfere with the educational efforts of other Students, put fellow Students or the University at risk, or conflict with California Baptist University's mission to educate all Students.

In addition to being considered a violation of the Standard of Student Conduct, California state law prohibits any person under twenty-one (21) years of age to possess and/or use alcoholic beverages.

All violations of the Honor Code must be reported to the Student Services Office. A first incident of violation of the Honor Code is handled at the discretion of the professor, in consultation with the Director of Student Conduct. A Student has the right to appeal Sanctions imposed in cases related to violation of the Honor Code. Appeals of Honor Code violations must be submitted in writing to the Student Services Office within

## **22. PETS**

Pets (dogs, cats, etc.), whether or not the animal is on a leash, are not permitted on University property. This prohibition does not apply to Assistance Animals.

## **23. PARENTAL NOTIFICATION**

This Policy is in compliance with and supported by the 1998 amendment to the Family Educational Right to Privacy Act of 1974 (FERPA), which allows colleges and universities who receive federal funding to notify parents/guardians of dependent Students when a Student has been found responsible for violating university alcohol, drug, or weapons policies. This change was made because of the significant health and safety risks and consequences associated with underage alcohol consumption, drug use, and weapons possession. California Baptist University supports the concept that the Student, the Student's parents, and the University are engaged in a partnership in which each partner has the responsibility to promote a healthy and productive educational experience for the Student.

## **24. SELF-DISCLOSURES / "SAFE HARBOR"**

University services will be made available to any Student who, at any point in enrollment, contacts a University Official to disclose the existence of a personal substance use or abuse problem, if the self-disclosure is made:

- 24.1. Prior to Investigation of a suspected policy violation;
- 24.2. Prior to discovery of possession or use; or
- 24.3. In the case of Student athletes, receipt of notification of their first-ever drug test, if applicable.

In response to such a disclosure, the University will prescribe an accountability/restoration process that may include, but is not limited to, assessment, required participation in an educational program or substance use or abuse program, counseling, drug testing, and/or assignment of a mentor.

Self-disclosure is not judicial in nature and will not be documented as such if the Student adheres to the prescribed accountability/restoration process. In the event the Student is a Student Leader or Student Representative, continuation of service or eligibility will be determined upon evaluation of the circumstances. Failure to comply with a prescribed accountability/restoration process may result in Judicial Action.

## **25. SALES**

Third-party individuals and/or entities (e.g. bank and/or credit card companies) may not solicit services and/or engage Students in the solicitation of services and/or sales on University Premises without prior written approval from the Student Services Office.

Only officially recognized campus-based organizations are permitted to sell goods on University Premises. Sales must be directly linked to activities designed to support the University community or aid in the achievement of the University's goals and objectives.

Students, clubs, and organizations desiring to offer product sales and/or services on the University Premises must submit a written proposal to the Community Life Office. Upon review by the Community Life Office, proposals are forwarded to the Student Services Office. Clubs and Organizations may not engage in any sales and/or service related activity without prior written approval from the Student Services Office.

Upon approval of a proposal from the Student Services Office, clubs and organizations must adhere to the following:

- 25.1. **Event Proposal.** An event proposal must be submitted to and approved by the Community Life Office prior to undertaking any fund-raising ventures.
- 25.2. **On-Campus Sales.** On-campus sales must be limited to customers who are members of the campus community.
- 25.3. **General Solicitation.** General solicitation, including, but not limited to, general distribution of promotional material(s) in any form, is not permitted.
- 25.4. **Off-Campus Solicitors.** Solicitors from off-campus resources are not permitted.
- 25.5. **Non-Compliance.** Failure to abide by these guidelines may result in loss of privileges to offer product sales and/or services on University Premises.

## **26. SEX DISCRIMINATION, SEXUAL VIOLENCE & SEXUAL HARASSMENT**

- 26.1 **University Commitment.** California Baptist University ("CBU" and "University") is committed to providing a learning, working and living environment that promotes personal integrity, civility and mutual respect in an environment free of discrimination on the basis of sex, which includes all forms of sexual misconduct. Sex Discrimination (as defined in section 26.7.3) violates an individual's fundamental rights and personal dignity. CBU considers Sex Discrimination in all its forms to be a serious offense.

This policy refers to all forms of Sex Discrimination, including but not limited to: Sexual Harassment, Sexual Assault, and Domestic Violence (as those terms are defined below in sections 26.7.4, 26.7.5, and 26.7.7) by employees, students, or third parties.

This policy governs the conduct of University students, regardless of enrollment status; Faculty; staff; and third parties (i.e., non-members of the University community, such as vendors, alumni, visitors, or local residents). Third parties are both protected by and subject to this policy. A third party may report or file a complaint concerning a violation of this policy committed by a member of the University community. A third party may also be permanently barred from the University or subject to other restrictions for failing to comply with this policy.

This policy applies to conduct that occurs on University property, and in certain circumstances, off University property (i.e., off campus). This policy applies to conduct that occurs off campus when the conduct is associated with a University-sponsored program or activity, such as travel, research, or internship programs; when it utilizes University-owned or provided technology resources; or when such conduct may have a nexus to campus, such as a continuing adverse effect or creation of a hostile environment on campus. Judgments about these matters will depend upon the facts of an individual case.

- 26.2. **Title IX of the Education Amendments of 1972.**

Title IX of the Education Amendments of 1972 ("Title IX") prohibits discrimination based on sex in educational programs and activities that receive federal financial assistance. Title IX states, "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance" (20 U.S.C. § 1681). The Office of Civil Rights of the U.S. Department of Education defines sexual harassment under Title IX as consisting of "verbal or physical conduct of a sexual nature, imposed on the basis of sex, by an employee or agent of a recipient that denies, limits, provides different, or conditions the provisions of aid, benefits, services, or treatment protected under

Title IX." To ensure compliance with Title IX, CBU has developed policies and procedures that prohibit sex discrimination in all of its forms.

26.3. **Title IX Statement on Non-Discrimination.**

CBU does not unlawfully discriminate on the basis of sex in its educational programs and activities. This policy extends to employment with and admission to the University, as well as access to facilities, financial aid and courses.

26.4. **Guidance on Reporting.**

CBU encourages those who have experienced any form of sex discrimination to report the incident promptly, to seek all available assistance, and to pursue University conduct charges and criminal prosecution of the offender. CBU takes complaints seriously and will investigate all allegations of sexual discrimination and work with Complainants to ensure their safety and to stop, prevent, and remedy the situation.

26.5. **Filing a Report or Making a Complaint.**

26.5.1. CBU encourages those who have experienced sex discrimination to report offenses to either the Title IX Coordinator, Deputy Title IX Coordinators, or the Department of Safety Services. Those who want to make a complaint have the right, however, not to provide a statement to the Department of Safety Services. The Title IX Coordinator can assist with all aspects of the reporting procedure and will conduct an investigation into a complaint. By law, a victim's identity may not be disclosed to local law enforcement unless the victim consents to being identified after being informed of the right to have identifying information withheld. If a victim does not consent to disclosing their identity, the alleged perpetrator's identity may not be disclosed either.

26.5.2. Employees may also notify their immediate supervisor or any one of the following: the Director of Student Conduct, Dean of Students, the Provost, the Vice President for Enrollment and Student Services, the Vice President for Online and Professional Studies, the Vice President for Finance and Administration, the Vice President and General Counsel, the Vice President for Global Initiatives, the Vice President for Marketing and Communication, or the Vice President for University Advancement. If for any reason the employee is unable or unwilling to report the matter to any one of the individuals listed above, the employee may report the matter to the President of the University.

26.5.3. Safety Services: Persons who wish to make a report may contact the Department of Safety Services:

Phone: 951.343.4311  
Office: Department of Safety Services  
Lancer Arms, Suite 31  
Address: California Baptist University  
8432 Magnolia Avenue  
Riverside, CA 92504

26.5.4. Anyone receiving a report of sex discrimination or other violation of this policy must immediately forward a copy of the report to the Title IX Coordinator.

26.6. **Guidance on Taking Immediate Action.**

26.6.1. Individuals who believe they have either witnessed or been subjected to unlawful sex discrimination should contact any of the following:

- Title IX Coordinator at 951.343.4948
- Department of Safety Services at 951.343.4311
- Residence Life Office at 951.552.8000
- Human Resources Office at 951.343.4302

- CBU Counseling Center at 951.689.1120
- Student Services Office at 951.343.4217
- Online and Professional Studies Office at 951.343.3900
- Riverside Area Rape Crisis Center 24 Hour Hotline at 951.686.7273

The Department of Safety Services and the Title IX Coordinator can provide immediate referral information, access to University counselors and/or Investigation assistance.

- 26.6.2. In the event that a Sexual Assault or sexual violence has occurred, when necessary seek immediate medical attention at an area hospital. Everything possible should be done to preserve evidence by making certain that the crime scene is not disturbed. (The decision to press charges does not have to be made at this time. However, following these procedures will help preserve this option for the future). Complainants should not bathe, urinate, douche, brush teeth, or drink liquids. Clothes should not be changed but if this takes place, bring all original clothing to the hospital in a paper bag (plastic bags damage evidence). The Riverside Rape Crisis Center 24 Hour Hotline (951.686.7273) may be contacted to provide information and support in navigating the reporting process.
- 26.6.3. People under the age of eighteen (18) should be aware that, as a minor, their parent(s) may have the right to obtain information from their medical records.
- 26.6.4. Complainants always have the option to choose whether to file charges against the Respondent.
- 26.6.5. Physicians are required by law to notify the police. A physician may assist the Complainant in completing a rape kit. Please keep in mind: having a rape exam does not mean that Complainants are mandated to press charges. This action only keeps the Complainant's options open.
- 26.7. **Definitions and Examples.**
- 26.7.1. A "Complainant" is any person who alleges that they are the victim of sexual discrimination.
- 26.7.2. A "Respondent" is any individual who is alleged to be the perpetrator of sexual discrimination.
- 26.7.3. "Sex Discrimination" is behaviors and actions that deny or limit a person's ability to benefit from, and/or fully participate in the educational programs, activities or employment opportunities because of a person's sex. Examples of Sex Discrimination under Title IX include, but are not limited to, Sexual Harassment, Sexual Assault, Dating Violence, Domestic Violence, failure to provide equal opportunity in education programs and co-curricular programs including athletics, discrimination based on pregnancy, and employment discrimination.
- 26.7.4. "Sexual Harassment" is unwanted sexual advances, requests for sexual favors, or visual, verbal, or physical conduct of a sexual nature when: (1) submission to such conduct is made a term or condition of employment or the educational relationship; (2) submission to or rejection of such conduct is used as a basis for employment or education decisions affecting the individual; or (3) such conduct has the effect of unreasonably interfering with a student's educational experience or employee's work performance or creating an intimidating, hostile, or offensive working, education, or living environment. While sexual harassment encompasses a wide range of conduct, some examples of specifically prohibited conduct include:
  - a. Promising, directly or indirectly, a student or employee a reward, if the student or employee complies with a sexually oriented request.
  - b. Threatening, directly or indirectly, retaliation against a student or an employee, if the student or employee refuses to comply with a sexually oriented request.
  - c. Denying, directly or indirectly, a student or employee an employment or education related opportunity, if the student or employee refuses to comply with a sexually

oriented request. Engaging in sexually suggestive conversation or physical contact or touching another student or employee.

- d. Displaying pornographic or sexually oriented materials, including, but not limited to, text messages, e-mails, and social media postings.
- e. Engaging in indecent exposure.
- f. Making sexual or romantic advances toward a student or employee and persisting despite the student or employee's rejection of the advances.
- g. Physical conduct such as assault, touching, or blocking normal movement.
- h. Refusing to hire or promote, or granting or denying certain privileges because of acceptance or rejection of sexual advances.
- i. Promising work-related benefit or a grade in return for sexual favors.
- j. Suggestive or inappropriate communications, notes, letters, or other written materials displaying objects or pictures that are sexual in nature and that would create a hostile or offensive work or living environment.
- k. Innuendoes, comments, and remarks about a person's clothing, body, activities, or appearance.
- l. Suggestive or insulting sounds.
- m. Whistling in a suggestive manner.
- n. Humor or jokes about sex that denigrate men or women.
- o. Sexual propositions, invitations, or pressure for sexual activity.
- p. Implied or overt sexual threats.
- q. Suggestive or obscene gestures.
- r. Patting, pinching, and other inappropriate touching.
- s. Unnecessary touching or brushing against the body.
- t. Attempted or actual kissing or fondling.
- u. Coerced sexual intercourse.
- v. Sexual Assault.
- w. Retaliation for making harassment reports or threatening to report harassment.
- x. Sexual harassment can involve males or females being harassed by members of either sex. Although sexual harassment sometimes involves a person in a greater position of authority as the harasser, individuals in positions of lesser or equal authority also can be found responsible for engaging in prohibited harassment.
- y. Sexual harassment can be physical and/or psychological in nature. An aggregation of a series of incidents can constitute sexual harassment even if one of the incidents considered separately would not rise to the level of harassment.

26.7.5. **"Sexual Assault"** In general, any non-consensual physical contact of a sexual nature, however slight with any object or body part, by a man or a woman upon a man or a woman.

26.7.6. **"Sexual Exploitation"** Sexual exploitation occurs when a person takes non-consensual or abusive sexual advantage of another for their own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of the other sexual misconduct offenses.

26.7.7. **"Domestic Violence"** means a felony or misdemeanor crime of violence committed by: a current or former spouse or intimate partner of the Complainant; a person with whom the Complainant shares a child in common; a person who is cohabitating with or has cohabitated with the Complainant as a spouse or intimate partner; a person similarly situated to a spouse of the Complainant under the domestic or family violence act of the jurisdiction receiving grant monies under the VAWA; or any person against an adult or

youth Complainant who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

- 26.7.8. "**Dating Violence**" means violence committed by a person: who is or has been in a social relationship of a romantic or intimate sexual nature with the Complainant; and where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship; the type of relationship; and the frequency of interaction between the persons involved in the relationship.
- 26.7.9. "**Stalking**" means engaging in a course of conduct directed at a specific person that would cause a reasonable person to: fear for personal safety or the safety of others; or suffer substantial emotional distress, which includes the use of technology (such as via the Internet or similar means).
- 26.7.10. "**Consent**." Affirmative consent is the basis of the analysis applied to unwelcome sexual contact. Lack of affirmative consent is the critical factor in any incident of sexual misconduct. For purposes of this policy, consent must be "affirmative consent" which is defined as conscious and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in the sexual activity to ensure that they have the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent.
- Consent is informed, freely and actively given and requires clear communication between all persons involved in the sexual encounter.
  - Consent is active, not passive. Consent must be communicated verbally and it must be mutually understandable. Silence cannot be interpreted as consent.
  - It is the responsibility of the initiator of sexual contact to make sure they understand fully what the person with whom they are involved wants and does not want sexually.
  - Consent to one form of sexual activity does not imply consent to other forms of sexual activity.
  - Previous relationships or consent does not imply consent to future sexual acts.
  - Consent cannot be procured by use of physical force, compelling threats, intimidating behavior, or coercion. Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another.
  - Effective consent cannot be given by minors, mentally disabled individuals or persons incapacitated as a result of drugs or alcohol.
  - If you have sexual activity with someone you know to be--or should know to be--mentally or physically incapacitated (by alcohol or other drug use, unconsciousness or blackout), you are in violation of this policy.
  - Incapacitation is a state where one cannot make a rational, reasonable decision because they lack the ability to understand the who, what, when, where, why or how of their sexual interaction.
  - This policy also covers someone whose incapacity results from mental disability, sleep, involuntary physical restraint, or from the taking of a so-called "date-rape" drug. Possession, use and/or distribution of any of these substances, including Rohypnol, Ketamine, GHB, Burundanga, etc. is prohibited, and administering one of these drugs to another student for the purpose of inducing incapacity is a violation of this policy. More information on these drugs can be found at <http://www.911rape.org/>.
  - Use of alcohol or drugs will never function to excuse behavior that violates this policy.

26.8. **Time Limitations.**

In order to pursue action through CBU's grievance procedure, an aggrieved student or employee should meet with the Title IX Coordinator as soon as possible after the alleged act of sex discrimination, harassment, violence or retaliation occurs, to discuss the complaint. In any case, there is no time limit for students to make a report. Employees who have experienced or witnessed conduct they believe is contrary to this policy have an obligation to make a report. An employee's failure to fulfill this obligation may affect the employee's rights in pursuing legal action. Timely reporting is necessary for employees.

26.9. **Support Services.**

There are various supportive measures available for those who have experienced sex discrimination. These support resources include:

- **Title IX Coordinator:** The Title IX Coordinator serves as the central reference person for information about reporting and the investigative procedure, as well as available support services.
- **Counseling:** Students who have experienced any form of sex discrimination, including sexual misconduct may receive free and confidential counseling at the University's Counseling Center (951.689.1120) and/or the Riverside Area Rape Crisis Center (951.686.7273). CBU employees may contact the Human Resources Office or the Title IX Coordinator, or reference the Employee Manual for information regarding counseling options.
- **Reassignments:** When the Complainant and the Respondent participate in the same courses, reside in the same university residence or in proximity to one another, or participate in the same activities (e.g., sports teams) Complainants may request that a fair and immediate way to reassign and/or move one of the persons be decided upon by the Dean of Students or a designee. The Dean of Students will consult with the appropriate academic dean in making a determination regarding an alternative classroom assignment(s) for the Respondent and/or the Complainant who has experienced a sex offense and with the Director of Residence Life in making a determination regarding an alternative housing assignment. When a Student employee makes a report and the Respondent works in the same department or area, alternative work assignments may be made by the appropriate administrator upon request by the Student employee filing the complaint.

26.10. **Grievance Procedure.**

- 26.10.1. All incidents of sex discrimination, including sexual misconduct or retaliation, should be reported. The Title IX Coordinator will provide for the adequate, reliable, and impartial Investigation of all complaints. In addition the Title IX Coordinator will make all efforts to stop, prevent, and remedy any negative effects of the sexual misconduct.
- 26.10.2. Once a complaint of sex discrimination is made, an Investigation of the report shall be pursued toward completion typically within sixty (60) calendar days.
- 26.10.3. To ensure a prompt and thorough Investigation, the Complainant should provide as much of the following information as possible.
- 26.10.4. The name, department, and position of the person or persons allegedly causing the sex discrimination.
- 26.10.5. A description of the incident(s), including the date(s), location(s), and the presence of any witnesses.
- 26.10.6. If the Complainant is an employee: the alleged effect of the incident(s) on the Complainant's position, salary, benefits, promotional opportunities, or other terms or conditions of employment.
- 26.10.7. The names of other Students or employees who might have been subject to the same or similar sex discrimination or retaliation.

- 26.10.8. Any steps the Complainant has taken to try to stop the sex discrimination or retaliation.
- 26.10.9. Any other information the Complainant believes to be relevant to the sex discrimination, harassment, or retaliation.
- 26.11. **Investigation.**
- 26.11.1. An Investigation into the report shall be conducted by the Title IX Coordinator or assigned deputies. The Investigation shall be concluded as quickly as possible, typically within sixty (60) days or within a reasonable amount of time required to complete the Investigation. The Investigation will be conducted in a manner so that it is adequate, reliable and impartial.
- 26.11.2. The Investigation may include any of the following: interviews of the parties involved, including witnesses, and the gathering of other relevant information.
- 26.11.3. Parties to the complaint will be afforded equal opportunities to recommend witnesses for interviews and present other relevant Evidence.
- 26.11.4. At any time during the Investigation, the investigator may recommend that interim protections or remedies for the parties involved or witnesses be provided by appropriate University Officials. These protections or remedies may include separating the parties, placing limitations on contact between the parties, suspension, or making alternative workplace or Student housing arrangements. Failure to comply with the terms of interim protections may be considered a separate violation of the Standard of Student Conduct.
- 26.12. **Cooperation with Law Enforcement.**
- 26.12.1. The University will comply with law enforcement request for cooperation and such cooperation may require the University to temporarily suspend the fact-finding aspect of a Title IX Investigation while the law enforcement agency is in the process of gathering Evidence. The University will promptly resume its Title IX Investigation as soon as notified by the law enforcement agency that it has completed the Evidence gathering process, which typically takes three (3) to ten (10) calendar days, although the delay in the University's Investigation may be longer in certain instances.
- 26.12.2. The University will implement appropriate interim steps during the law enforcement agency's Investigation period to provide for the safety of the Complainant(s) and the campus community and the avoidance of retaliation.
- 26.12.3. Preponderance of Evidence will be the standard used to determine accountability which evaluates whether it is more likely than not that the Respondent has violated CBU's Title IX Policy. A resolution shall be determined at the conclusion of the Investigation. The parties involved will be given notice of the outcome in writing within one (1) business day of the determination. If it is determined that a Student has violated CBU's Title IX Policy, these findings will be forwarded to the Dean of Students and/or Director of Student Conduct for disciplinary action. CBU policies related to Hearing and Appeal for Students will apply. If it is determined that an employee has violated CBU's Title IX Policy, these findings will be forwarded to the vice president overseeing the employee's area and the Director of Human Resources for disciplinary action. CBU policies related to Hearing and Appeal for employees will apply.
- 26.12.4. The University shall take reasonable steps to prevent the recurrence of sex discrimination or retaliation in any form. If the reoccurrence takes place, those responsible for such behavior may be subject to Judicial Action under the Standard of Student Conduct or disciplinary action under Employee Handbook if the person is an employee.
- 26.12.5. The University will take all necessary steps to remedy the discriminatory effects on the Complainant(s) and others. Examples of such remedies may include: order of no contact, residence hall relocation, classroom re-assignment, or other appropriate remedies.
- 26.13. **Retaliation.**
- CBU strictly prohibits retaliation against any person for using this reporting procedure, or for filing, testifying, assisting or participating in any manner in any Investigation or proceeding

involving allegations of sex discrimination. Any person who violates this policy will be subject to discipline, up to and including termination if they are an employee, and/or dismissal if they are a Student. Retaliation is any action by any person that is perceived as: intimidating, hostile, harassing, retribution, or violent that occurred in connection to the making and Investigation of the report.

**26.14. Confidentiality.**

- 26.14.1. Those who have experienced sex discrimination should know that all University employees (Residence Directors, Safety Service Officers, staff members, etc.) excluding University Counseling Center staff, University Officials who are ordained ministers, and other University Officials bound by confidentiality standards, must report known felonies to the police, either directly or through Safety Services. University Counseling Center staff, University Officials who are ordained ministers, and other University Officials bound by confidentiality standards are not required to disclose knowledge of felonies reported to them except when necessary to prevent harm.
- 26.14.2. Persons who would like to report an incident or speak to someone about something that happened and desire that details of the incident be kept confidential, should speak with staff members of the Counseling Center, the Dean of Spiritual Life, or off-campus rape crisis resources, who will maintain confidentiality. Campus counselors are available to help Students and employees free of charge, and can be seen on an emergency basis. In addition, off-campus clergy and chaplains will also keep reports made to them confidential.
- 26.14.3. All inquiries, complaints, and Investigations are treated with discretion. Information is revealed as law and policy permit. However, the identity of the Complainant is usually revealed to the Respondent(s) of such conduct and any witnesses with the consent of the Complainant. Publicizing information about alleged sex discrimination or retaliation is strictly prohibited and may be considered a violation of University Policy.
- 26.14.4. The Title IX Coordinator shall maintain all information in secure files pertaining to a complaint or Investigation.
- 26.14.5. Federal Statistical Reporting Obligations: Certain campus officials (campus security officials) have a duty to report violations of this policy for federal statistical reporting purposes. All personally identifiable information is kept private, but statistical information must be passed along to campus safety services regarding the type of incident and its general location (on or off-campus, in the surrounding area, but no addresses are given), for publication in the annual Campus Security Report. This report helps to provide the community with a clear picture of the extent and nature of campus crime, to ensure greater community safety.
- 26.14.6. Federal Timely Warning Reporting Obligations: Complainants of sex discrimination should also be aware that University administrators must issue timely warnings for certain types of incidents reported to them that pose a substantial threat of bodily harm or danger to members of the campus community. The University will make every effort to ensure that a Complainant's name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the danger.

**26.15. Intersection with the Student Conduct Process.**

- 26.15.1. For reports of violations of this policy, in which the complaint involves Student(s) as Respondent(s), the judicial process outlined in the Student Handbook will be followed. Key terms associated with this process are "Students", "Hearings" and "Appeal" and for purposes of this policy the definitions for each shall be the same as those provided in Section 1.1 of the Student Handbook.
- 26.15.2. The Complainant and the Respondent have the opportunity to have someone present during a Hearing in cases involving alleged sexual offenses. If a Student chooses to be accompanied to a Hearing associated with alleged sexual offenses, the individual who accompanies the Student will not be permitted to speak on behalf of the Student and/or take an active role in

the Hearing.

- 26.15.3. The standard used to determine accountability will be whether it is more likely than not that the Respondent has violated the Standard of Student Conduct. Complainants and Respondents will be granted equitable treatment throughout the Investigation and Hearing process. All members of the University community found to have violated this policy will be Sanctioned, up to expulsion from the University.
- 26.15.4. The Complainant's rights in a Hearing. The University will treat a Complainant with fairness throughout the disciplinary proceedings. Specifically, Complainants are entitled to:
- An explanation of available options for redress
  - Freedom from harassment by the Respondent (or supporters)
  - Use of all available internal and external support services in dealing with the aftermath of the offense
  - An explanation of the University discipline system
  - Ability to speak on their own behalf during the disciplinary proceedings, including making a "Complainant impact" statement to a Hearing board or University disciplinary panel
  - The presence of an advisor from the University community and/or a support person during the Hearing
  - The opportunity to present witnesses who can speak about the charges, character witnesses excluded
  - Testify on their own behalf
  - Freedom from having irrelevant sexual history discussed during the Hearing
  - Information about the outcome of the Hearing, and
  - Opportunity to appeal the outcome of the Hearing.
- 26.15.5. The Respondent's rights in a Hearing. The University will treat a Respondent with fairness throughout the disciplinary proceedings. Specifically, Respondents are entitled to:
- An explanation of the charge(s)
  - Freedom from harassment by the Complainant (or supporters)
  - An explanation of the University discipline system
  - Ability to speak on their own behalf during the disciplinary proceedings
  - The presence of an advisor from the University community and/or a support person during the Hearing
  - The opportunity to present witnesses who can speak about the charges, character witnesses excluded
  - Testify on their own behalf
  - Freedom from having irrelevant sexual history discussed during the Hearing
  - Information about the outcome of the Hearing, and
  - Opportunity to Appeal the outcome of the Hearing.
- 26.15.6. At the conclusion of the Hearing process, the University will provide written notification to the parties involved of the outcome and resolution of the Hearing within five (5) business days.
- 26.15.7. Once written notification of the resolution has been received, the parties involved will have the opportunity to appeal the findings. The desire to appeal should be submitted in writing to the appropriate office within five (5) business days.
- 26.15.8. Student appeals shall follow the Appeal procedure outlined in the Student Handbook.
- 26.15.9. Employee appeals shall follow procedures outlined in the Employee Manual.

26.16. **Consequences.**

- 26.16.1. The University reserves the right to take whatever measures it deems necessary in response to an allegation of sex discrimination in order to protect an individual's rights and personal safety.
- 26.16.2. Such measures include, but are not limited to, modification of living arrangements, interim suspension from campus pending a Hearing, and reporting to the local police.
- 26.16.3. Not all forms of sexual misconduct will be deemed to be equally serious offenses, and the University reserves the right to impose differing Sanctions, ranging from a warning to expulsion, depending on the severity of the offense.

26.17. **Special Provisions.**

- 26.17.1. Attempted Violations. In most circumstances, the University will treat attempts to commit any of the violations listed in this policy or in the Standard of Student Conduct as if those attempts had been completed.
- 26.17.2. The University as Complainant. As necessary, the University reserves the right to initiate a Student conduct complaint, to serve as Complainant, and to initiate conduct proceedings without a formal complaint by the Complainant.
- 26.17.3. False Reports. The University will not tolerate intentional false reporting of incidents. It is a violation of the Standard of Student Conduct to make an intentionally false report of any policy violation, and it may also violate state criminal statutes and civil defamation laws.
- 26.17.4. Immunity for Complainants and Witnesses. The University community encourages the reporting of sex discrimination and Code of Conduct violations. Sometimes, Complainants are hesitant to report to University Officials because they fear that they themselves may be charged with policy violations, such as underage drinking at the time of the incident. It is in the best interest of this community that as many Complainants as possible choose to report to University Officials. To encourage reporting, the University pursues a policy of offering Complainants of sex discrimination and sexual misconduct limited immunity from being charged with policy violations related to the particular incident. While violations to policy cannot be completely overlooked, the University will provide educational options rather than punishment, in such cases. An individual who participates as a Complainant or is a witness in an Investigation of Sexual Assault, Domestic violence, Dating violence, or Stalking will not be subject to disciplinary Sanctions for a violation of the University's Student and/or employee conduct policy at or near the time of the incident, unless the institution determines that the violation was egregious, including, but not limited to, an action that places the health or safety of any other person at risk or involves plagiarism, cheating, or academic honesty.
- 26.17.5. Bystander Intervention. The welfare of Students in our community is of paramount importance. At times, Students on- and off-campus may need assistance. The University encourages Students to offer help and assistance to others in need. Sometimes, Students are hesitant to offer assistance to others, for fear that they may get themselves in trouble (for example, a Student who has been drinking underage might hesitate to help take a Complainant of sexual misconduct to the Department of Safety Services). The University pursues a policy of limited immunity for Students who offer help to others in need. While policy violations cannot be overlooked, the University will provide educational options, rather than punishment, to those who offer their assistance to others in need.
- 26.17.6. Parental Notification. The University reserves the right to notify parents/guardians of dependent Students regarding any health or safety emergency, change in Student status or conduct situation, particularly alcohol and other drug violations. The University may also notify parents/guardians of non-dependent Students who are under age 21 of alcohol and/or drug policy violations. When a Student is not a dependent, the University will contact parents/guardians to inform them of situations in which there is a health and/or safety risk. The University also reserves the right to designate which University Officials have a need to know about individual conduct complaints.

## **26.18. Notification of Outcomes.**

26.18.1. The outcome of a Title IX Investigation involving Students is part of the education record of the Student parties involved, and is protected from release under FERPA. However, the University observes the legal exceptions that allow for notification of the parties involved and others whom the University determines to inform based on the law and this policy.

26.18.2. Students who bring any sort of sex discrimination complaint against Faculty or staff may be informed of the outcome of the Investigation and the resolution.

26.18.3. The University may release publicly the name, nature of the violation and the Sanction for any Student who is found in violation of a University policy that is a "crime of violence," including: arson, burglary, robbery, criminal homicide, sex offenses, assault, destruction/damage/vandalism of property and kidnapping/abduction. The University will release this information to the Complainant in any of these offenses regardless of the outcome.

## **26.19. Past Sexual History/Character in Hearings.**

The past sexual history or sexual character of a party will not be admissible in Hearings unless such information is determined to be highly relevant by the Dean of Students or Director of Student Conduct. All such information sought to be admitted will be presumed irrelevant, and any request to overcome this presumption by the parties must be included in the complaint/response or a subsequent written request, and must be reviewed in advance of the Hearing by the Dean of Students or Director of Student Conduct. While previous conduct violations by the Respondent are not generally admissible as information about the present alleged violation, the Dean of Students or Director of Student Conduct may supply previous complaint information to the conduct board, or may personally consider the information (when serving as the sole Hearing officer), only if:

- a. The Respondent was previously found to be in violation of a policy in a Hearing;
- b. The previous incident was substantially similar to the present allegation;
- c. Information indicates a pattern of behavior and substantial conformity with that pattern by the Respondent.

26.20. **Reported Complaints.** Reported complaints of sexual harassment will be addressed promptly by the Title IX Coordinator in accordance with the provisions of the University's Title IX Policy.

## **27. TITLE IX EDUCATIONAL PROGRAMMING**

Because CBU recognizes sex discrimination as an important issue, the University offers educational programming to Faculty, staff, and Students. Educational programming includes online training programs that help Students, Faculty, and staff create a safe and healthy campus community where they take care of themselves, look out for one another, and make choices for the greater good.

In addition to distributing information regarding Sexual Harassment, Sexual Assault, Domestic Violence, Dating Violence, and Stalking, the Title IX Coordinator, regularly meets with members of the campus community and conducts trainings that address a variety of topics including: definition of what constitutes sex discrimination, the causes of sex discrimination, myths involved with sex discrimination, the relationship between sex discrimination and alcohol use, what to do if assaulted, an explanation of the University sex discrimination policy, how to file charges within the University, its conduct system, and/or with the local police department, men's issues and Sexual Assault, and campus community resources to assist both the Complainant and the Respondent.

## **28. STUDENT RECORDS**

FERPA affords Students certain rights with respect to their education records. They are:

### **28.1. The right to inspect and review the Student's education records.**

Students should submit to the University Registrar, a dean, head of the academic

department, or other appropriate University Official, written requests that identify the record(s) they wish to inspect. Access will be provided within thirty (30) days of the written request. The University Official will make arrangements for access and notify the Student of the time and place where the records may be inspected. If the records are not maintained by the University Official to whom the request was submitted, the Official shall advise the Student of the correct official to whom the request should be addressed.

**28.2. The right to request the amendment of the Student's education records the Student believes is inaccurate or misleading.**

28.2.1. Students may ask the University to amend the record that they believe is inaccurate or misleading by writing the University Official responsible for the record, clearly identifying the part of the record they want changed, and specifying why it is inaccurate or misleading.

28.2.2. If the University decides not to amend a record as requested by the Student, the University will notify the Student of the decision and advise the Student of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the Student when notified of the right to a hearing.

**28.3. The right to consent to disclosures of personally identifiable information contained in the Student's education records, except to the extent that FERPA authorizes disclosure without consent.**

28.3.1. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interest. A school official is a person employed by the University in an administrative, supervisory, academic, research, or support staff position (including law enforcement personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees, or a Student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing their tasks.

28.3.2. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility.

28.3.3. Upon request, the University may disclose education records without consent to an official of another school in which a Student seeks or intends to enroll.

**28.4. Another exception is where FERPA permits the University to disclose certain information ("Directory Information") without the Student's consent.** "Directory Information" is information which is publicly available and includes the following information: Student's name, addresses, telephone numbers, college, curriculum, major field of study, class level, date of birth, dates of attendance and full- or part-time status, eligibility for membership in registered University honoraries, degrees, honors, and certificates received or anticipated; for Students appointed as fellows, assistants, graduate, or undergraduate hourly employees, the title, appointing department, appointment dates, duties, and percent time of the appointment; weight and height if the Student is an athletic team member; participation in officially recognized activities and sports; and institutions previously attended. *All other information, including grades, class schedules, tuition charges/fees, grade point average, etc. is confidential and the access is restricted to those persons or agencies defined in FERPA.*

28.5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA.

28.5.1. The name and address -of the office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
600 Independence Avenue, SW  
Washington, DC 20202-4065

- 28.6. To minimize risk of improper disclosure, judicial records are kept separate from academic records. Information from judicial files shall not be given to any unauthorized person.
- 28.7. In order to request release of information and/or records, Students must submit a completed Student Information Release Form. Release forms are available in the Office of the University Registrar.
- 28.8. If a Student does not wish to authorize the release of Directory Information, the Student must inform the Office of the University Registrar in writing. Restricting the release of Directory Information has other consequences. For instance, a FERPA restriction makes it difficult or impossible for potential employers to verify the Student's enrollment, or to verify the fact that the Student has earned a degree from California Baptist University, and California Baptist University cannot notify the Student's home town paper about awards and honors the Student received (e.g., Dean's list).
- NOTE: The above procedure shall not be available to challenge the validity of a grade given by a professor or any other decision of a University professor or official but only whether the recording of such grade or decision is accurate and complete.

## **29. TOBACCO POLICY**

Possessing, using, or being under the influence of tobacco products (including, but not limited, to cigarettes, cigars, snuff, smokeless tobacco, and chew) or other substances that are smoked/inhaled to produce any effect (including but not limited to hemp, hookah, and cloves, and synthetic tobacco) is not permitted on University Premises or at University-sponsored or supervised activities. This prohibition also includes, but is not limited to, the use of paraphernalia, electronic cigarettes, vapor cigarettes, and other similar devices. Violators are subject to Judicial Action. Such paraphernalia and devices may be confiscated and/or destroyed at the discretion of the University.

Students who serve as Student Representatives and/or Student Leaders are expected to abstain from the use of tobacco products (regardless as to whether classes are in session).

## **30. UNIVERSITY NAME, LETTERHEAD, AND LOGO**

Use of the University Seal, letterhead, mascot, or any other University symbol (except for internal, on-campus use) requires prior written approval of the Vice President for Marketing and Communication or another duly authorized University Officer.

Students may not under any circumstances use the name "California Baptist University" in any form or use any trademark, symbol, logo or graphic used in any form by or associated with California Baptist University alone or together with the name "California Baptist University" which in the University's sole and absolute discretion is likely to cause confusion with any of the University's name, trademarks, symbols, graphics and logos without first obtaining the prior written consent of the Vice President for Marketing and Communication or another duly authorized University Officer. Unauthorized use of the name "California Baptist University" or any other trademark, symbol, logo, or graphic used in any form by or associated with the University is a violation of University Policy and violators are subject to Judicial Action in addition to possible legal action.

## **31. VEHICLE CODE, BICYCLE OPERATION, & PEDESTRIAN REGULATIONS**

The right of California Baptist University to control traffic and parking on campus is conferred by the California Vehicle Code (CVC). The University Vehicle Code (CBUVC) is designed to ensure campus safety, aid the flow of traffic and provide maximum parking availability. The Department of Safety Services (Department) has been given the responsibility and authority to administer the CBUVC. The University reserves the right to revise the CBUVC at any time. - 31.6.8. No person shall walk on or across any roadway, whether or not pedestrian traffic is permitted in such area, unless it is safe to do so. As used in this subsection, "safe to do so" means there are no vehicles approaching within such close proximity to the pedestrian that emergency stopping measures or other evasive actions are necessary to avoid striking the pedestrian.
- 31.6.9. No person shall possess or ride upon any device commonly referred to as, or similar in use/function to, a hoverboard on any University sidewalk, roadway, or common area or within any University-owned or managed building or facility. ## SPIRITUAL LIFE

### 32. PHILOSOPHY AND GOALS

California Baptist University is committed to the biblical teaching of the Christian faith. As a result, the University has sought since inception to evidence the values of Christian living in the lives of Students, Staff, and Faculty as they live out the Christian ethics of love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control. Though Students are not required to be Christians, the University encourages Students to grow in their relationships with God by exploring the gospel and expressing the Christian faith in a variety of ways.

As a University committed to the Great Commission, the University provides opportunities for spiritual growth and formation through the Office of Spiritual Life. The purpose of the Office of Spiritual Life is "Investing in lives to develop followers of Jesus."

### 33. SPIRITUAL LIFE STAFF

Through personal and relational ministry, the Dean of Spiritual Life and other campus directors/ministers serve as pastors, disciplers, and role models for the members of the campus community. Spiritual Life staff provide leadership for the various Spiritual Life ministries. Members of the Spiritual Life staff are available to provide guidance in matters pertaining to spiritual growth and development as well as other spiritual issues.

### 34. SPIRITUAL LIFE MINISTRIES

- 34.1. **Compassion Ministries.** By putting faith into action, Students learn the significance of demonstrating the love of Christ in the context of the gospel. Participating in urban projects for a day or a weekend, working with the homeless, or serving the local community in various ways gives Students the opportunity to make a physical and spiritual difference in the lives of others.
- 34.2. **Discipleship Ministries.** Students have opportunities to grow in their relationship with Christ through discipleship and mentoring in the context of weekly small groups, monthly large-group meetings, regular-scheduled conferences, and other events that encourage spiritual growth. The primary discipleship structure is Challenge, an intentional discipleship process based in small groups called "Tribes." Tribes meet weekly and focus on reading and applying scripture in community.
- 34.3. **Men's and Women's Ministries.** Special all-male or all-female events provide environments that foster community for Students to grow in their relationships with Christ and each other. Events are gospel-centered and planned around shared interests, strengths, experiences, and struggles. Ministry events provide opportunities for Students to hear guest speakers, participate in small-group discussion, learn about gospel-centered resources, and be involved in ongoing discipleship.
- 34.4. **Third Culture kid (TCK) ministry.** At CBU, TCKs are American Students who spent most or all of their developmental years outside of the United States. Although they are Americans by birth, they often do not feel connected to American/Californian culture or the culture of the American University. The TCK Ministry comes alongside and supports TCKs to assist them in bridging cultural gaps they encounter during their time at CBU so that they can grow socially, spiritually, and academically.

### 35. CHURCH INVOLVEMENT

California Baptist University is committed to supporting the local church. It is in the context of the local church that believers unite with one another for fellowship, growth, worship, and service. Students are encouraged to commit to a local church in membership, attend weekly corporate worship, and participate in other ministry and fellowship activities so that they might grow in faith and manifest their personal commitment to Christ as Lord. A list of churches in Riverside and the surrounding region is available on InsideCBU.

### 36. CHAPEL

The California Baptist University community gathers regularly for worship, fellowship, Christian growth, and spiritual encouragement. Chapel services vary from Bible preaching to inspirational sharing, but three (3) principles guide the worship-planning process. First, Chapel services will demonstrate a richness of biblical theology to direct the hearts and minds of worshipers to the glory of God, the preeminence of Christ, and the power of the gospel. Second, Chapel programming and personnel will represent the cultural and ethnic differences of the CBU community to serve as a reminder that God calls all people groups to worship Him through a relationship with Christ. Third, worship music will be stylistically diverse to accommodate the variety of worship styles represented by the campus community.

Chapel services are organized, coordinated, and implemented by the Dean of Spiritual Life and the Director of Chapel. Occasionally, as deemed appropriate by a University Officer, members of the campus community are recognized for notable accomplishments during Chapel. Holidays, cultural programs, and other forms of recognition and/or expression are not included as part of Chapel programming; such events may be coordinated through the Community Life Office.

- 36.1. **Chapel Participation.** As a community deeply rooted in the Baptist tradition of the Christian faith, campus-wide participation in the Chapel experience is encouraged. Students are expected to:
- 36.1.1. Participate in corporate singing and worship, listen to instruction and speaking from the stage, and abstain from sleeping;
  - 36.1.2. Abstain from the use of mobile phones, computers, tablets, and other electronic devices that are not directly related to the Chapel program (e.g. Bible software, note taking);
  - 36.1.3. Abstain from engaging in personal conversations and/or activities which may distract others;
  - 36.1.4. Abstain from consuming food at Chapel locations;
  - 36.1.5. Abstain from studying or reading class notes and other literature not directly associated with the respective Chapel program.
  - 36.1.6. Students who engage in disruptive behavior will not receive credit for the Chapel during which they are disruptive. Students who are denied credit for a specific Chapel will receive written notice of the violation and the associated outcome through LancerMail.
  - 36.1.7. The consequences for violation of the any of the above may result in the following:
    - First offense - warning and loss of credit for Chapel attendance;
    - Second offense - failing grade in Chapel for the respective semester.
- 36.2. **Attendance.** Varying Chapel programs are scheduled throughout each semester. The University requires Traditional Students enrolled in seven (7) or more units to attend Chapel and fulfill the Chapel requirements outlined below. The day and time Students attend Chapel is dictated by class schedule. Special Chapel services are occasionally held at other times. Students must attend the Chapel section in which they are enrolled in order to receive credit.
- 36.2.1. Students are required to acquire a minimum of fifteen (15) credits to pass Chapel each semester. Because illnesses, emergencies, or work will occasionally interfere with a Student's ability to attend Chapel, the total number of Chapels scheduled each semester will exceed the minimum number required to allow Students to miss Chapel on occasion, when necessary. The Office of Spiritual Life maintains official Chapel attendance records and posts attendance for viewing by Students on InsideCBU on the "Life@CBU" page.
  - 36.2.2. Students are responsible to monitor and ensure the accuracy of personal attendance records throughout the semester. Attendance discrepancies must be reported in person to Chapel staff in the Office of Spiritual Life within thirty (30) calendar days of the Chapel date in question and prior to the start of Final Examinations as noted in the University Calendar.
  - 36.2.3. Only one (1) Chapel credit is granted for any given Chapel program/date. Students who attend a regular Chapel program in person and also complete the required work for the same Chapel through the Alternative Chapel Program will receive only one (1) Chapel credit.
  - 36.2.4. Chapel credit is available only for official Chapel programs. Official Chapel schedules are available through InsideCBU and Blackboard.
  - 36.2.5. Students enrolled in regular Chapel must attend the Chapel section in which they are enrolled and may only receive a maximum of one (1) Chapel credit per day regardless of the number of Chapels attended in a single day.
  - 36.2.6. In order to receive Chapel credit, Students must present a valid CBU Card.
    - a. Students who are unable to present a CBU Card may sign in to receive credit a maximum of two (2) times per semester.
    - b. Students experiencing technical issues with their CBU Card may sign in to receive credit a maximum of two (2) times per semester.

- 36.2.7. Because additional Chapels are scheduled beyond the required minimum, no make-up Chapels will be offered.
- 36.2.8. Students who arrive at the designated Chapel location later than five (5) minutes after the official Chapel start time will not receive credit for the respective Chapel.
- 36.2.9. Students who depart from a Chapel service prior to the official conclusion will not receive credit for the respective Chapel.
- 36.2.10. Requests for credit for specific Chapels due to participation in University-related academic, performance arts, and/or athletic events will be approved only in the case that the sum total of academic, performance arts, and/or athletic events will not permit a Student to acquire the required number of Chapels.
- 36.2.11. Students who receive a passing grade in the CBU Chapel program for eight (8) semesters may apply for a waiver from Chapel requirements. Waivers for exemption from the regular Chapel program are available in the Office of Spiritual Life and must be submitted by the "Last day to drop a class with refund" as indicated in the University Calendar. Other exemptions may be available for Students who may not fit the profile of the Traditional Student (age, life experience, family obligations, etc.).
- 36.3. **Alternative Chapel Program.** The Alternative Chapel Program (ACP) is an online Chapel program designed for Students who would face a significant hardship by attending regular Chapel. Such cases are usually due to unavoidable conflicts that arise from a work schedule, class schedule, commuting requirement, personal/family obligation, or some other extraordinary circumstance. In such cases, ACP provides Students with spiritual enrichment and the opportunity to fulfill the minimum requirements of the CBU Chapel program regardless of conflicts in schedule. Residential Students are expected to participate in regular Chapel programming and will typically not be granted access to ACP.
- 36.3.1. Only one (1) Chapel credit is granted for any given Chapel program. Students who attend a regular Chapel program in person and complete the required work for the same Chapel program through the Alternative Chapel Program will receive only one (1) Chapel credit.
- 36.3.2. Information and applications for the Alternative Chapel Program are available through InsideCBU. Deadlines for application and assignments are listed in the calendar section of this Student Handbook. All applications are approved or denied by the Director of Chapel based on the criteria listed on the application form.
- 36.4. **Chapel Worship Team.** The Chapel Worship Team plays an integral part of the Chapel experience by leading the campus community in music and worship. Chapel Worship Team members are selected each spring through an application and audition process conducted by the Office of Spiritual Life. Information regarding the selection process is available in the Office of Spiritual Life.

## 37. CHAPEL APPEALS

A Student has the right to appeal Chapel-related outcomes (e.g. attendance credit, semester credit). Chapel Appeals must be submitted in writing via email to chapel@calbaptist.edu.

- 37.1. Chapel appeals must expressly indicate the grounds for appeal.
- 37.2. Chapel appeals associated with a semester grade earned must provide a detailed explanation for each Chapel absence.

Chapel appeals are heard by the Dean of Spiritual Life (or designee). Decisions rendered by the Dean of Spiritual Life (or designee) may be appealed to the Student Services Office. Decisions rendered by the Student Services Office are final.

Chapel appeals dealing with attendance credit must be submitted within five (5) business days of receipt of notification. Chapel appeals dealing with course outcome (grade issued) must be submitted within five (5) business days after semester grades have been posted by the University. Chapel appeals of a decision rendered by the Dean of Spiritual Life (or

designee) must be submitted within five (5) business days after a decision has been rendered. Notification of outcome of Chapel appeals is conveyed in writing via LancerMail.

### 38. MOBILIZATION

Students are encouraged to seek opportunities to participate in the "Great Commission" (Matthew 28:19-20) so that they might gain a global vision for the cause of the gospel and gain cross-cultural experience through service learning. Participation in the programs listed below is open to California Baptist University Students who meet participation requirements, successfully complete the application and interview process, fulfill fundraising obligations, and are in good academic and behavioral standing with the University. The service learning application and selection process is coordinated by the Mobilization area of the Office of Spiritual Life and takes place during the fall semester.

## 47. ASSISTANCE ANIMALS

California Baptist University is committed to making reasonable modifications to its rules, policies, and practices as required by law to afford people with disabilities and an equal opportunity to access its programs, services, and activities. The University recognizes that assistance animals may be an effective accommodation for certain qualified Students. The presence of such animals may, however, present health, safety, security, and other programmatic issues for all members of the University community. To preserve the mission of the University, to recognize the rights and obligations of all members of California Baptist University's community, and to ensure the health, safety, and security, and educational needs of these members, the following criteria and requirements are adopted.

- 47.1. **Definitions.**
  - 47.1.1 **Pets.** A "pet" is any animal kept for ordinary use and companionship. Assistance Animals (including "Service Animals" and "Support Animals"), as defined below, are not considered pets. Pets are prohibited on California Baptist University's campus.
  - 47.1.2 **Assistance Animals.** The term "Assistance Animal" is the overarching term that refers to both Service Animals as well as Support Animals as defined below. Therefore, an assistance animal is an animal that either (1) works, provides assistance, or performs tasks for the benefit of a person with a disability; or (2) provides emotional or other type of support that alleviates one or more identified symptoms or effects of a person's disability.
  - 47.1.3 **Service Animals.** A "Service Animal" means any animal that is individually trained to do

work or perform tasks for the benefit of a person with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. The work or tasks performed by a Service Animal must be directly related to the person's disability. The provision of emotional support, well-being, comfort, or companionship does not constitute work or tasks for the purpose of this definition. Typically, species other than dogs are not considered Service Animals for the purpose of this definition of a Service Animal.

- 47.1.4. Service Animals will be permitted to accompany people with disabilities in all areas of California Baptist University's facilities, including Residence Life, where Students, members of the public, and other participants in services, programs or activities are permitted to go. California Baptist University does not require documentation, such as proof that the animal has been certified, trained, or licensed as a Service Animal. Individuals accompanied by a Service Animal on campus but who do not need any disability-related accommodations are not required to register with the Office for Disability Services, nor is such individual required to submit a request for a reasonable accommodation to receive access for the Service Animal.
- 47.1.5. California Baptist University does not ask about the nature or extent of a person's disability to determine whether a person's animal qualifies as a Service Animal. However, when it is not readily apparent that a dog is a Service Animal, California Baptist University staff may make two inquiries to determine whether the dog qualifies as a Service Animal, which are:
  - a. Is the dog required because of a disability?
  - b. What work or task has the dog been trained to perform?
- 47.1.6. A Service Animal must be housebroken (i.e., trained so that it controls its waste elimination, absent illness or accident) and must be kept under full control by a harness, leash, or other tether, unless the person is unable to hold those, or such use would interfere with the Service Animal's performance of work or tasks. In such instances, the Service Animal must be kept under control by voice, signals, or other effective means.
- 47.1.7. California Baptist University will assess requests for the use of miniature horses by people with disabilities on a case-by-case basis. Requests should be submitted to the Office for Disability Services and, consistent with applicable laws, California Baptist University may make modifications in its policies to permit their use if they meet certain criteria and have been individually trained to do work or perform tasks for the benefit of people with disabilities.
- 47.1.8. **Support Animals.** A "Support Animal" is an animal that provides emotional or other support that ameliorates one or more identified symptoms or effects of a person's disability. Unlike Service Animals, Support Animals are not required to be trained to perform work or tasks.
- 47.1.9. Support Animals are generally not allowed to accompany persons with disabilities in all public areas of California Baptist University as a Service Animal is allowed to do, but a Support Animal may reside in Residence Life, including accompanying such individual in all public or common use areas of Residence Life, when it may be necessary to afford the person with a disability an equal opportunity to use and enjoy Residence Life. Before a Support Animal can move into Residence Life with a person with a disability, a request must be submitted to California Baptist University's Office for Disability Services and approval must be granted (preferably at least 30 days prior to move in). If the disability is not obvious, the Office for Disability Services may require documentation from a licensed physician or mental health provider, including without limitation a qualified psychiatrist, social worker, or other mental health professional, to provide sufficient information for California Baptist University to determine:
  - a. that the individual qualifies as a person with a disability (i.e., has a physical or mental impairment that substantially limits one or more major life activities); and
  - b. that the Support Animal may be necessary to afford the person with a disability an equal opportunity to use and enjoy Residence Life (i.e., that the animal would provide emotional support or other assistance that would ameliorate one or more symptoms or effects of the

disability).

47.1.10. While Support Animals are generally not allowed indoors on California Baptist University's campus other than in Residence Life, people with disabilities may request approval from the Office for Disability Services to have the Support Animal accompany them to other campus areas. Such requests will be considered on a case-by-case basis consistent with applicable laws.

47.2. **Guide and Hearing Trainees.**

However, assistance animals in training are not permitted to reside in University-owned housing.

47.3. **Student Responsibilities.**

  - b. The University has authority to direct that the animal receives veterinary attention.
- 47.3.4. Keeping the animal under full control and taking effective action when it is out of control.
- 47.3.5. Feeding and walking the animal, and sanitary disposal of the animal's waste.
- 47.3.6. The Student is solely responsible for the cleanliness, safety, health, behavior, and actions of the animal at all times.

- 47.3.9. In accordance with City of Riverside leash laws (Riverside Municipal Code Section 8.04.050), the Assistance Animal must be on a leash anytime it is outside of the Student's residence hall or room.
- 47.3.10. The Student must ensure that the animal relieves itself in appropriate areas, specified by the Office of Residence Life, and the waste is properly discarded of in garbage receptacles (using bags).
- 47.3.11. The Student must not take the animal in any buildings other than the Student's specific assigned residence hall room/apartment and commons space.
- 47.3.12. The animal must not obstruct or disturb any space or activity of the academic program including but not limited to: residence halls, recreational areas, roads, walkways, and passages on any part of campus, legitimate campus activities and any other University programs, spaces, or activities.

- 47.3.13. The animal must not disrupt the educational environment by engaging in behaviors or noises that are disruptive to others including but not limited to: excessive barking, excessive whining, excessive growling, excessive grooming, excessive sniffing people, or intrusion into the personal belonging of others.
- 47.3.14. The animal may not be left alone in a room or apartment overnight and/or in the care of another individual on campus.
- 47.3.15. In the event that an assistance animal is left alone in a room or apartment overnight and/or there is evidence of neglect, the Office of Residence Life will attempt to contact the resident or the emergency contact to remove the animal. If contact is unsuccessful, the Office of Residence Life may notify the appropriate authority and seek to have the animal removed. All costs associated with removing the animal shall be the responsibility of the resident.
- 47.3.16. The Student's residence may be inspected for fleas, ticks or other pests as needed. The Office of Residence Life will schedule the inspection. If fleas, ticks or other pests are detected through inspection, the residence will be treated using approved fumigation methods by a University-approved pest control service. The Student will be billed for the expense of any pest treatment above and beyond standard pest management in the residence halls.
- 47.3.17. For specific campus areas designated by California Baptist University for toileting Service Animals, contact the Office for Disability Services or the Office of Residence Life. Animal waste disposal via University plumbing is prohibited in University residences, but the Office for Disability Services or Residence Life can provide guidance on where to appropriately dispose of animal waste.
- 47.3.18. California Baptist University will not require any surcharges or fees for Assistance Animals. However, a person with a disability may be charged for damage caused by an Assistance Animal to the same extent that California Baptist University would normally charge a person for the damage they cause.
- 47.3.19. People with disabilities who are accompanied by Assistance Animals must comply with the same University rules regarding noise, safety, disruption, and cleanliness as people without disabilities.
- 47.4. **Exceptions and Exclusions.**
- 47.4.1. California Baptist University may pose some restrictions on, and may even exclude, an Assistance Animal in certain instances. Any Student who wishes to bring or use an Assistance Animal on California Baptist University property must meet all requirements of this policy. This obligation is on-going and subsequent failure to meet all requirements may result in removal or exclusion of the animal. As noted above, Support Animals are generally not allowed indoors on California Baptist University's campus other than in Residence Life. Persons with disabilities may request approval from the Office for Disability Services to have the emotional Support Animal accompany them to other campus areas as a reasonable accommodation. Such requests will be considered on a case-by-case basis consistent with applicable laws. Any animal may be excluded from an area in which it was previously authorized to be only if:
- a. it is out of control and effective action is not taken to control it;
  - b. it is not housebroken (or in the case of a Support Animal that deposits waste in a designated cage or litter box, the owner fails to clean such cage or box such that the cleanliness of the room is not maintained); or
  - c. it poses a direct threat to the health or safety of others that cannot be mitigated by reasonable modifications of policies, practices, or procedures, or the provision of auxiliary aids or services.
- 47.4.2. In considering whether an Assistance Animal poses a direct threat to the health or safety of others, California Baptist University will make an individualized assessment, based on

reasonable judgment, current medical knowledge, or the best available objective Evidence, to determine:

- a. the nature, duration, and severity of the risk;
- b. the probability that the potential injury will actually occur; and
- c. whether reasonable modifications of policies, practices, procedures, or the provision of auxiliary aids or services, will mitigate the risk.

47.4.3. The Office of Disability Services in conjunction with the Office of Residence Life and other appropriate University offices shall provide a written statement of explanation to any person with a disability if a determination is made that the presence of that person's Assistance Animal would fundamentally alter the nature of a program, service, or activity.

47.4.4. In the event that restriction or removal of an Assistance Animal is determined to be necessary, the person with a disability will still be given the opportunity to participate in the service, program, or activity without having the Assistance Animal present. The above provisions on restrictions and exclusions is not intended to cover modifications to reasonable accommodations. The reasonable accommodation process and modifications to reasonable accommodations are covered under California Baptist University's Policy on reasonable accommodations.

The Executive Council, Senate (Class, Residential, and Commuter Representatives), and Judicial Board perform duties for each branch, respectively. Specific responsibilities of each branch are outlined in the ASCBU Constitution.

Undergraduate Students enrolled for six (6) or more units pay a Student Services Fee each semester; payment of this fee gives Students ASCBU membership. The ASCBU Office hours are posted at the beginning of each semester.

- 74.1. **Executive Council.** The ASCBU Executive Council consists of the executive president, executive vice president, vice president for finance, vice president for communication, and director for office affairs. The responsibilities of the Executive Council include implementing legislation, representing Students' concerns to the administration, and serving as advocates on behalf of the Associated Students of California Baptist University.
- 74.2. **Senate.** The ASCBU Senate is comprised of undergraduate Students who serve as representatives for the following Student populations: Senior Class, Junior Class, Sophomore Class, Freshman Class, Residential Students, and Commuter Students. In addition to serving as representative for their respective constituency, senators meet as a body.
- 74.3. **Classes.** The number of collegiate academic units/credits completed determines Student classification:

Classification	# of Units
Freshman	0 – 29.9
Sophomore	30 – 59.9
Junior	60 – 89.9
Senior	90+

In addition to participating in class-specific activities throughout the academic year, members of each class take an active role in campus-wide events. Members of ASCBU are assessed a Class Fee, from which funds are transferred into the respective class budget (freshman, sophomore, junior, senior). In addition to using funds generated by the Class Fee to underwrite class-related events and activities, each class sets aside a portion (typically 20-25%) of Class Fees each semester for the purchase of a Senior Class Gift. The purpose of funds generated by Class Fees is to sponsor class-related events/activities/services and purchase a Senior Class Gift; funds may not be donated, given away, and/or used for activities that are not class-related.

- 74.3.1. Class representatives are responsible for seeking input from class members during the activity/event/services selection and planning process, addressing the diverse interests (i.e. athletics, fine arts, cultural) represented in each class, and encouraging class participation.

- 74.3.5. During the event planning process, class representatives must formulate a budget and verify availability of funding. Event budgets must include all related expenses (transportation, food, admission, etc.).
- 74.3.6. Prior to a Class conducting any event or activity, an Event Proposal (along with a copy of a proposed budget) must be submitted to and receive approval from the ASCBU Executive Council, and the ASCBU advisor. Appropriateness and diversity of events is considered

during the review and approval process.

- 74.3.7. Once an event has been approved by the ASCBU Executive Council and the ASCBU advisor, and the Community Life Office, class representatives must:
- Provide adequate advertisement – announce events early (send email and/or direct mail; post fliers and/or posters).
  - Provide equal access – every class member must be given ample opportunity to attend each activity/event. The number of Students who want to attend an event determines the number of tickets purchased, rather than the number of tickets purchased determining the number of Students who can attend an event.
  - Secure transportation – upon determining the number of attendees, obtain costs and make arrangements for transportation to and from the event, if applicable.
  - Complete and submit associated requisitions – allow a minimum of thirty (30) business days for requisition processing (after receipt by the Accounts Payable Office).
- 74.3.8. The sum total of Class Fees that may be designated for giveaways for any given semester may not exceed \$375 (a maximum of \$750 per academic year), without prior written approval from the ASCBU Advisor. Giveaways must be associated with a class event/activity. Proposals to exceed this amount must be submitted in writing to the ASCBU Advisor.
- 74.3.9. Class Fees remaining at the conclusion of a given semester are applied to a fund for the Senior Class Gift given by the respective class. Residual Class Funds that remain on account with the Cashier's Office for a period greater than one (1) year after the respective class' graduation date are automatically returned to the University.
- 74.4. **Class Meetings.** Class representatives are encouraged to schedule and conduct monthly class meetings. Members of Senate are elected by members of the respective constituency. Freshman class elections take place by the third week of the fall semester. Freshman class representatives are elected and serve during the same academic year.
- 74.7.3. ASCBU Executive Council and Senate eligibility requirements are outlined in the ASCBU Constitution. At the discretion of the ASCBU president, positions that remain vacant at the conclusion of an election process may be filled by appointment.

74.8. **Operation Information.** In addition to being governed by the ASCBU Constitution, the Executive Council, Senate, and Judicial Board are required to abide by University Policy. Specific information regarding advisors, event planning, field trips and excursions, financial accounts, high-risk events, transportation, and University vehicles is indicated in the Clubs section of this publication.

74.9. **Participation.** ASCBU Councils are encouraged to plan a minimum of two (2) approved activities each semester. Council members may fulfill this requirement by sponsoring class-wide or constituency-wide meetings and/or events that may or may not be open to other members of the campus community. Each ASCBU Council is required to participate in an annual review process conducted by the ASCBU Executive Council.

  - 87.1.5. Students who desire to play musical instruments that may disturb other residents should seek locations outside of the residential areas to practice or use practice rooms available through the School of Music.
  - 87.1.6. Only non-amplified instruments, which do not disturb others, may be played in the residence halls or apartments.
- 87.2. **Abandoned Property.** Items left in a room or an apartment by a vacating resident are removed at the resident's expense. The vacating resident may be notified and given thirty (30) days to claim the items, if the value of the abandoned property is determined to be equal to or greater than \$300. If no response is received within the thirty (30) day period, the University will dispose of these items at its discretion.
- 87.3. **Accountability In Community.** The accountability process within Residence Life is designed to help Students develop a living and learning style which is consistent with the Christian standards of California Baptist University. Accountability standards help create an environment that is respectful of individual rights and freedoms; one where all are free to pursue academic excellence; and one that brings glory to God. It is the intention of the

Residence Life staff to hold community members accountable to accountability standards through Judicial Action that is both redemptive and respectful to individuals. Residents involved in Judicial Action may be subject to Sanctions involving restrictions, fines, and/or housing contract termination.

Ideally, personal growth and development are encouraged most when each member of the community uses self-leadership and shares the responsibility to care enough about others to confront them in an appropriate manner. Therefore, residents are encouraged to hold one another accountable to community and university standards. Resident advisors and Residence Directors will provide guidance, support, and direction in this process.

- 87.4. **Alterations to Rooms/Apartments.** Residents are encouraged to personalize assigned rooms and apartments. However, structural additions and alterations are not permitted including, but not limited to, painting, stenciling, applying wallpaper or border, removing and/or installing light fixtures, ceiling fans, plumbing fixtures, television and/or radio antennas, satellite dish, windows, and toilet seats. A Residence Director must approve moving additional room furniture into living areas, prior to placement.
- 87.4.1. In order to avoid damages, hardware used to affix decorations (pictures, wall hangings, etc.) are limited to the following:
- a. small nails (4d finishing nails or smaller - the approximate diameter of a large paper clip) per wall constructed with drywall;

- 87.4.2. The following are not permitted:

  - c. concrete nails, wall hangers, and brick tacks (any device designed to penetrate blocks, brick, etc.);
  - d. ceiling decorations including, but not limited to, glow-in-the-dark adhesive stickers or stars, netting, flags, sheets, and posters;

- Unacceptable conduct as defined in this publication will result in Judicial Action which may include, but is not limited to, Residence Life Suspension or expulsion, without a refund.
- 87.9. **Conflict Resolution and Communication.** Communication is essential for a successful on-campus living experience. Roommates are encouraged to arrange times early in the semester to discuss one another's needs and rights as related to on-campus living. Common courtesies should be discussed and expectations outlined regarding the activities that will take place in a room or apartment. Residence Life staff members are excellent resources regarding areas that most often cause conflict among residents and possible solutions to conflicts (see also Roommate Conflicts and Room Changes).
- 87.10. **Damaging, Destroying, or Defacing Property.** Residents are individually liable for any loss of or damage to assigned rooms and furnishings, regardless of intentional or accidental damage. Unapproved room alterations and damage to furniture, buildings, or other University property are charged to the Student(s) responsible at a cost determined by the University. Residents will be held responsible for the condition of the common/public areas such as hallways and lobbies. When responsibility is not taken and/or the responsible Student(s) cannot be identified, damage costs will be incurred by all community members of the respective living area (i.e. all members of a room, wing, floor, or building if deemed necessary by the Residence Director and/or the Residence Life Office).
- 87.11. **Decorations.** Understanding that the display of certain items may be considered offensive and disrespectful to some community members, the University requires the use of discretion concerning the "content" of the pictures, posters, or written materials displayed in living areas, rooms, and hallways. Decorations inconsistent with University philosophy may not be displayed. This includes sexually oriented or suggestive items or depictions, or any other material, which presents the human body in a degrading manner, occult materials, and alcohol, drug, and tobacco advertisements or paraphernalia. Illegally obtained street signs or campus property are also prohibited. The final interpretation of whether a decoration/posting is inappropriate will rest with the Residence Director. Residents must comply with directives to remove materials that the University deems to be questionable.
- 87.12. **Elevated Beds or Furniture.** Students are not permitted to elevate any furniture on cinder blocks, and/or wood blocks.
- 87.13. **Energy Conservation.** In an effort to reduce the consumption of energy and natural resources, the University has installed the following:
- Energy-saving Compact Fluorescent Lamp (CFL) light bulbs in a majority of on-campus housing areas.
  - Water-conserving shower heads in all on-campus living areas.

In the event a CFL fails, residents must contact a Residence Life staff member and exchange the old CFL for a new CFL; replacement bulbs are provided free of charge.

Residents are subject to being assessed replacement costs for lost, missing, or damaged

CFL bulbs and/or shower heads.

- 87.14. **Extermination of Pests.** Apartments and residence halls are treated periodically for pests. Cleanliness is the greatest determining factor regarding infestation. Reducing stored materials is helpful in controlling insects. Residents experiencing problems with insects should contact a Residence Life staff member immediately and submit a work order. Residents are not charged for extermination, unless living conditions are determined to be the cause of infestation. Students must comply with extermination preparation requests.
- 87.15. **Fines.** It is the practice of the University to hold individuals responsible for their actions. If a Residence Life staff member determines that vandalism or damage is due to misuse by residents, the residents of a respective room, wing, floor, or building may be required to share in the cost of repairs. Before group fines are applied, an opportunity will be provided for the individual(s) responsible for vandalism, damage or misuse to identify themselves and assume responsibility.
- 87.16. **Fire Safety Equipment.** Any individual who misuses or tampers with fire safety equipment (i.e. smoke detectors, extinguishers, alarms, etc.) is subject to Judicial Action which includes, but is not limited to, assessment of a fine plus the cost of repair or replacement of misused or damage equipment, cleaning of the facility, and any other damage.

Open flame/combustibles including, but are not limited to, candles, incense, "uncandles", oil-burning lamps, and potpourri pots may not be burned in any residential unit. Fuel-driven engines such as motorcycles, mopeds, etc. may not be stored in Student housing. - 87.18. **Freshmen.** All Freshmen Students are required to live in housing areas designated for Freshmen.
- 87.19. **Furniture.** Campus living areas designated for Traditional Students are furnished by the University, according to the capacity of the room/apartment. Residents are responsible for furniture repair and replacement costs not associated with normal wear and tear. The Residence Life staff does not remove excess furniture in rooms/apartments that house fewer than their maximum capacity. University furniture may not be moved in or out of rooms or apartments. Moving furniture includes using furnishings as outside patio and lawn furniture, exchanging furniture with another residence, placing furniture in an off-campus storage area, dismantling University-owned furniture, etc. Lobby/lounge furniture must remain in common areas for everyone to enjoy. Students with damaged or missing furniture are required to notify a Residence Life staff member.

  - With the approval of roommates, guests of the same sex may stay overnight in the Student's room or apartment for no more than three (3) nights (separate or consecutive) each semester during the academic year. Limiting the number of

Residents are responsible for their own keys as well as any issued laundry keys. Under no circumstances are keys to be duplicated or loaned other individuals. Failure to return originally issued keys at check-out will result in a charge for the amount it costs to re-core the door and provide new keys (to ensure each resident's safety). Students are charged \$60 for housing keys lost and/or not returned at the time of check out.

In living areas with card-access locks, residents do not receive keys, as their CBU Cards will serve as their key. There is a charge for a lost card-key. Students can purchase a replacement CBU Card from the University Card Services Office.

**88.4. Laundry Facilities,** equipped with card-operated or coin-operated washers and dryers, are located in each living area. Residents may purchase laundry cards at Wash Laundry Add-Value Stations located in the living areas. In the event of an equipment malfunction, residents are encouraged to contact a Residence Life staff member or follow the procedure for reporting problems, as posted on the respective machine. Trash receptacles supplied in laundry rooms are for laundry-related trash only (i.e. detergent boxes, lint). Other trash should be placed in the large dumpsters located in each living area. The University does not assume responsibility for unattended laundry. Laundry room doors and windows must remain closed.

**88.5. Lock Outs.** A resident who is locked out of their assigned room or apartment should personally attempt to contact a Residence Life staff member (phone numbers are posted

at each residence area office). If a Residence Life staff member is not available during regular business hours, residents should contact the Office of Residence Life. Residence Life staff members and maintenance personnel are permitted access to rooms and apartments in order to make repairs.

Meetings are primarily called to discuss, promote, and educate residents regarding events, community issues, and concerns. Specific community meeting dates are indicated within the calendar section of this publication.

- 88.8. **Movies.** Movies may not be shown in lobbies, lounges and/or public areas, without a proper Public Performance Site Licensing. 88.10. **Mutual Respect.** Residents are expected to be respectful of the individual rights and freedoms of others within the living area. Even if a shared sense of understanding does not exist between community members, residents are still expected to exhibit an outward sensitivity to the diversity inherent within the residential community.

88.11. **Overnight Absence.** On-campus residents are expected to stay overnight in assigned housing on a regular basis. Residents who plan to be away from campus for one (1) or more nights should inform a Residence Life staff member. - 88.13. **Private Rooms.** Generally, private rooms are not available for Student housing, however, based on need (specific documentation may be required) the Office of Residence Life can work with residents to provide reasonable accommodations. Students requesting a private room should contact the Office of Residence Life. Residents who are assigned private rooms may be assessed additional housing fees.
- 88.14. **Programming.** Within each living area, specific programs are designed to meet the community's educational, intellectual, spiritual, and recreational needs. Campus residents are charged a programming fee each semester.
- 88.15. **Office of Residence Life.** In addition to coordinating the housing application and assignment process, the Office of Residence Life maintains on-campus housing records and addresses the day-to-day concerns of residents. The Office of Residence Life also provides opportunities for Students to connect with members of the campus community through social and developmental programs.
- 88.16. **Resident Advisors.** Each living area designated for Traditional Students is assigned a resident advisor. Resident advisors (RAs) serve as the main contact for residents and as a resource for residents and a source of information. RAs are primarily upperclassmen selected due to leadership experience and a desire to serve.
- Resident advisors are trained to assist with establishing a community environment by presenting and promoting living area programs and activities, resolving conflicts, providing information, maintaining University Policy, and referring Students to appropriate campus resources. Residents are encouraged to collaborate with their respective RA in developing a sense of community within specific living areas.
- 88.17. **Room Assignments.** Upon submission of a completed Housing Application and Housing Reservation Fee, Students are assigned to a room or apartment. If a room or apartment is not available at the time of application, the Student will be placed on a waiting list. Ranking on the Waiting List is determined by the Housing Application receipt date, enrollment status, and/or need.
- Every effort is given to honor room, apartment, and roommate requests, however, requests cannot be guaranteed. The University reserves the right to designate and change residential assignments as deemed appropriate and/or necessary.
- 88.18. **Roommate Conflicts and Room Changes.** Residents are encouraged to communicate openly concerning issues that arise and strive to reach resolutions. The following principles, based on Matthew 18:15–18, should help guide this process:
- 88.18.1. Talk directly to the offending party, speaking specifically about the issue. When sharing personal frustrations with others, allow ample time for the other party to respond.
- 88.18.2. If talking directly to the offending party does not alleviate the problem, contact the respective resident advisor. The RA will meet with the Students and assist in the conflict resolution process.
- 88.18.3. If the issue reoccurs or does not improve, speak with the respective Residence Director. The Residence Director will provide a specific course of action designed to resolve the conflict.

- 88.19. **Room Consolidation.** The University reserves the right to consolidate and/or reassign Students to fill living areas to capacity when vacancies exist. In the event a room or apartment is partially occupied, the University may in some situations give the assigned resident(s) an opportunity to find an eligible replacement roommate. In the event residents do not select an eligible replacement roommate(s), housing charges may be adjusted to reflect the living situation.
- 88.20. **Room Inspections.** Students can expect reasonable privacy of rooms and personal property. However, the University reserves the right to enter and inspect apartments and rooms at any time, with reasonable cause, for purposes related to maintenance, health, safety, security, and the upholding of University Policy. Mandatory health and safety inspections are conducted regularly in each living area by the Office of Residence Life staff.
- 88.20.1. Students who fail to pass inspections are subject to Judicial Action.

- 88.21. **Room Relocation.** At times, it is necessary for the Office of Residence Life to relocate Students due to maintenance, safety, or other reasons. Students who are instructed to relocate to a different housing assignment must cooperate with the Office of Residence Life staff and follow all instructions and deadlines associated with the move. Students who are relocated as part of a Judicial Action must remove all personal belongings and follow standard check-out procedures within twenty-four (24) hours from the time of notification. Housing charges may be prorated at the discretion of the University.
- 88.22. **Safety and Emergencies.**
- 88.22.1. **Earthquake.** In the event of an earthquake, Students who are indoors should stay inside, stay clear of windows, and seek protection under a desk, table or bed, or brace themselves in a doorway. Once it is feasible, Students should exit buildings and report to designated evacuation locations.

- 88.22.3. **Electrical.** In the event of a blackout or power outage, Students are encouraged to unplug sensitive electronic equipment and other equipment that may present a hazard if left unattended (i.e. irons, toaster ovens, curling irons, and hot plates). Maintaining a flashlight with fresh batteries in an easily accessible location is advised. Residents must also adhere to the following:
- Surge protectors are recommended for sensitive electronic equipment and required

when more than two (2) electrical devices are plugged into a single outlet;

- b. Extension cords must have a three-prong plug and those having more than one (1) outlet must also have a built-in circuit breaker (e.g. a surge protector);
- c. Only 15 amp surge suppressing/protected power strips are permitted in student living areas;
- d. Attaching (i.e. taping, tacking) extension cords to flooring, walls, and/or ceilings is not permitted.

88.22.4. **Fire.** In the event of a fire, Students are to do as follows:

- a. If fire and/or smoke is visible and an alarm is not heard, activate a fire alarm immediately;
- b. Immediately exit any building in which a fire alarm is sounding and proceed to the designated evacuation area, regardless as to whether fire and/or smoke is present. Students who do not vacate buildings during the sounding of a fire alarm are assessed a \$100 fine;
- c. If smoke is present in a room, keep close to the floor and move to the door. If the door is hot, do not open the door; rather, exit through the window (if possible). If the room is located on an upper floor, call 911 to report the location and then hang a sheet or other material out of the window to attract attention;
- d. If an alarm is heard and the room door is not hot, close the windows, open the blinds, turn the lights on, leave the room, and leave the door unlocked. Then proceed to the nearest exit;
- e. Do not return to the building until instructed otherwise by a Residence Life staff member.

88.22.5. **Medical.** In the event of a medical emergency, call 911 and then the Safety Services Department at 951.343.4311, notify a Residence Life staff member, and stay with the person until instructed otherwise.

The University is not responsible for providing emergency medical transport.

88.23. **Self-Leadership.** All residents are expected to conduct themselves in a manner that promotes and supports the well-being of the community, its integrity and Christian values, and the well-being of other members of the community. Therefore, the University reserves the right to confront behavior that is detrimental to the Student, infringes upon the rights and sensitivities of others, or that has the appearance of impropriety (appears to not be in keeping with accepted University standards of what is right and proper).

The following may be viewed as some (but certainly not all) forms of questionable conduct:

- Inappropriate public display of affection
- Being in certain states of undress
- Couples lying in bed together
- Use of derogatory language and/or engaging in derogatory behavior

Each resident is expected to assume responsibility for personal actions.

88.24. **Storage.** The University does not provide storage for Students at any time during the year. For residential Students, storage of personal property is only permitted in assigned living areas while classes are in session.

88.25. **Summer Housing.** Typically, on-campus housing is offered on a limited basis during the summer months (May through August).

Information regarding the summer housing application and approval process is available in the Office of Residence Life and posted outside each living area office. If housing is available, Students who meet the following requirements are eligible to live on campus during the summer:

- a. A Summer Housing Application has been completed and submitted to the Office of Residence Life.
