Use of Pesticides and Herbicides

Dear Parents/Guardians:

Pest Control: Illinois legislature has impacted the manner in which schools handle pest control. Public Act 91-0099 requires schools to notify parents and guardians two business days prior to pesticide applications outdoors.

Public Act 91-0525 requires schools to adopt an Integrated Pest Management (IPM) program. IPM emphasizes preventive maintenance and inspections. Regular spraying is not part of the program. Applications of pest control products are made only when necessary to eliminate a pest problem. Material Safety Data Sheets (MSDS) are reviewed and the least offensive products are used.

Prevention is the goal of our IPM program, with the use of traps and/or baits when pests are suspected or known to be present. If it becomes necessary to use any pest control products other than traps, baits, bleach, boric acid, approved crack & crevice products, or diatomaceous materials, notice will be posted two business days prior to the application. The only exception to the two-day notice would be if there is an immediate threat to health or property.

Use of Herbicides: Broadleaf and similar weeds that remain unchecked flourish in our lawns. In order to more effectively manage broadleaf and other similar weeds on school properties, it may be necessary to apply herbicide products. Precautionary measures are exercised to apply herbicides when school is not in session. Material Safety Data Sheets are available upon request.

If you would like to receive notification prior to the application of any pest control materials not listed in the above paragraph, or to the application of herbicides, please complete the enclosed form and return it to your school office. If you have any questions, please contact the District Office at (708)258-0991.

I would like to be notified at least two days before: 1) the use of any pest control products other than traps, baits, bleach, boric acid, or diatomaceous materials; and/or 2) the application of herbicides. I understand that if there is an immediate threat to health or property that requires intervention before notification can be sent out, I will be notified as soon as possible.

DEFINITIONS FROM SECTION 27-23.7 OF THE SCHOOL CODE (105 ILCS 5/27-23.7)

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing the student or students in reasonable fear of harm to the student's or students' person or property;
- Causing a substantially detrimental effect on the student's or students' physical or mental health;
- Substantially interfering with the student's or students' academic performance; or
- Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyber-bullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyber-bullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyber-bullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, and (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school.

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school guidance counselors, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.
PREVENTION OF AND RESPONSE TO BULLYING, INTIMIDATION, AND HARASSMENT

Bullying, intimidation, and harassment diminish a student’s ability to learn and a school’s ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the School District or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any non school-related activity, function, or program.

BULLYING PREVENTION AND RESPONSE PLAN

In the event that a student witnesses or is a victim of bullying, students are encouraged to immediately report the incident to the district complaint manager or a staff member with whom the student is comfortable to inform. Anyone, including staff members and parents/guardians, who has information on actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted. The procedures listed below highlight the investigation process.

- The superintendent or designee shall promptly inform the parents/guardians of every student involved in an alleged incident of bullying.
- The superintendent or designee shall promptly investigate the allegation.
- The superintendent or designee shall use interventions to address bullying, that may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.
- A reprisal or retaliation against any person who reports an act of bullying is prohibited.
- A student will not be punished for reporting bullying or supplying information, even if the District’s investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions. Students may also be subject to disciplinary consequences ranging from detention, suspension, and possibly expulsion.

As a reminder anyone may report a bullying/harassment incident via a building specific electronic form. The forms are found by clicking on the Parent Info tab on the main school district website and then clicking the link Bullying Information.

TEEN DATING VIOLENCE PROHIBITED

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term teen dating violence occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

The Superintendent or designee shall develop and maintain a program to respond to incidents of teen dating violence that:

1. Fully implements and enforces each of the following Board policies:
   a. 7:20, Harassment of Students Prohibited. This policy prohibits any person from harassing intimidating, or bullying a student based on the student’s actual or perceived characteristics of sex; sexual orientation; gender identity; and gender-related identity or expression (this policy includes more protected statuses).
   b. 7:180, Preventing Bullying, Intimidation, and Harassment. This policy prohibits students from engaging in bullying, intimidation, and harassment at school, school-related events and electronically. Prohibited conduct includes threats, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying.
2. Encourages anyone with information about incidents of teen dating violence to report them to any of the following individuals:
   a. Any school staff member. School staff shall respond to incidents of teen dating violence by following the District’s established procedures for the prevention, identification, investigation, and response to bullying and school violence.
   b. The Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, or a Complaint Manager identified in policy 7:20, Harassment of Students Prohibited.
3. Incorporates age-appropriate instruction in grades 7 through 12, in accordance with the District’s comprehensive health education program in Board policy 6:60, Curriculum Content. This includes incorporating student social and emotional development into the District’s educational program as required by State law and in alignment with Board policy 6:65, Student Social and Emotional Development.
4. Incorporates education for school staff, as recommended by the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, or a Complaint Manager.
5. Notifies students and parents/guardians of this policy.

UNIFORM GRIEVANCE PROCEDURE

Students or their parents, employees or community members may file a complaint in accordance with this grievance procedure. If they believe that the School Board, its employees or agents, have violated their rights guaranteed by the state or federal constitution, state or federal statute or Board policy including:
   (a) Title II of the Americans with Disabilities Act;
   (b) Title IX of the Education Amendments of 1972;
   (c) Section 504 of the Rehabilitation Act of 1973;

The Complaint Manager(s) will be assigned by the Superintendent of schools.

The Complaint Manager will endeavor to respond and to resolve complaints without the need to resort to this grievance procedure and, if a complaint is filed, to address the complaint promptly and equitably.

The right of a person to prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person’s pursuit of other remedies. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies.

1. FILING A COMPLAINT

A person (hereinafter Complainant) who wishes to avail himself or herself of this grievance procedure may do so by filing a complaint with any District Complaint Manager. The Complainant shall not be required to file a complaint with a particular Complaint Manager and may request a Complaint Manager of the same sex. The Complaint Manager may request the Complainant to provide a written statement regarding the nature of the complaint or require a meeting with the parent(s)/guardian(s) of a student. The Complaint Manager may assist the Complainant in filing a grievance.

2. INVESTIGATION

The Complaint Manager will investigate the complaint or appoint a qualified person to undertake the investigation on his or her behalf. The complaint or identity of the Complainant will not be disclosed except (1) as required by law or this policy, or (2) as necessary to fully investigate the complaint or (3) as authorized by the Complainant.

The Complaint Manager shall file a written report of his or her findings with the Superintendent. If a complaint of sexual harassment contains allegations involving the Superintendent, the written report shall be filed with the School Board which shall render a decision in accordance with Section 3 of this policy. The Superintendent will keep the Board informed of all complaints.

3. DECISION AND APPEAL

After receipt of the Complaint Manager’s report, the Superintendent shall render a written decision which shall be provided to the Complainant. In the event the Complainant is not satisfied with the decision, the Complainant may appeal the decision to the School Board by making a written request to the Complaint Manager. The Complaint Manager shall be responsible for forwarding all materials relative to the complaint and appeal to the School Board. Thereafter, the School Board shall render a written decision which shall be provided to the Complainant. This grievance procedure shall not be construed to create an independent right to a School Board hearing.

SCHOOL BOARD REGULATIONS

The Board of Education has delegated authority to enforce rules and regulations to the administration who in turn may delegate this authority to others. Rule violations or penalties not specifically stated in the handbook must be determined by those in authority.

All of the regulations and procedures incorporated in this handbook have been carefully prepared to ensure the safety and well-being of the Peotone CUSD 207-U student body and facilitate the primary goal of Peotone District 207-U; the best education for each student.
PARENTS

The meaning of the word Parent(s) when used in this handbook shall be read to include a student’s legal guardian(s), and shall be read to exclude parent(s) or guardian(s) in the instance of a student who is legally emancipated.

PARENT-TEACHER CONFERENCES

Communication is an essential part of the educational program. It is very important for parents to keep in close contact with their child’s teachers concerning academic and other progress.

The School Visitation Rights Act (820 ILCS 147) permits employed parents who are unable to meet with educators because of a work conflict the right to an allotment of time from their employer during the school year to attend necessary educational or behavioral conferences at the school which their children attend. Forms to verify attendance at a school conference are available in the school office.

Please remember to schedule a conference in advance, so a time can be established that is convenient for all, such as before or after school, or during teacher planning periods.

COMMUNICATION WITH TEACHERS AND STUDENTS

1. Students will not be interrupted by outside calls and messages except in case of an emergency.
2. If parents wish to contact a classroom teacher they should generally be prepared to leave a message requesting to contact them at his/her convenience. Most often, teachers will return calls before or after school hours. The preceding applies to email communication as well.

ATTENDANCE POLICIES

The following are reasons for regular attendance at school:

1. It is essential to succeed in school.
2. Employers and college admissions officers are favorably impressed with a student who has a good school attendance record.
3. Regular attendance is required by the State of Illinois Compulsory Attendance Law.
4. Intervention services may be made available for students who exhibit chronic or habitual truancy.

A student shall have daily routine attendance in order to maintain passing grades. To prevent abuse of attendance regulations, the Board of Education has adopted the following policies in the Peotone School District:

- Students are allowed up to 10 absences excused by parent/guardian per semester
- After 7 excused absences, administration will meet with the student and an attendance contract may be implemented
- If the attendance contract is violated, the student may be placed on social probation for the remainder of the semester
- Absences excused with a physician’s note or medical documentation will not count in this total

EXCUSED ABSENCES

1. Student illness with parent/guardian contact
2. Student medical appointments with physician documentation
3. Death in the immediate family (parents, siblings, grandparents)
4. Family emergencies
5. Observance of a religious holiday
6. Court appearances with documentation
7. Prearranged absences
8. College visit days – limited to two per year
9. An out-of-school suspension will be treated as an excused absence for purposes of making up work

UNEXCUSED ABSENCES

1. Any absence that the parent/guardian has not reported to school or has not excused
2. Court appearances without documentation
3. Failure to follow the prearranged absence process may result in unexcused absences
LATE START PROCEDURES
On days when it is deemed by the Superintendent of Schools that the safety of our students at risk due to poor road conditions, the Superintendent may call for a late start. The Superintendent will make this decision in consultation with the Transportation Director, Director of Buildings and Grounds, other local Superintendents, the local road commissioners, and the Peotone Police Department. When possible, the decision for a late start will be made by 6:00 a.m. or as soon as it is clear that the roads are not in appropriate condition for our buses to safely traverse. All students and staff will be notified of a late start via our School Reach automatic calling system, and the late starts will also be broadcast through all media outlets including radio and television.

On days where a late start is in place, the following schedule will be observed:
CSC, PES, and PJH will begin their day at 10:30 with regular dismissal time. PHS will begin their day at 10:25 with regular dismissal time.

2. Additional Points:
   1. Teachers will still report to work 30 minutes before students.
   2. Students who walk or are car riders will be allowed in the building when they arrive, up to 30 minutes before the late start time.

ABSENCE PROCEDURES
A. **On days when a valid absence is necessary, parents shall telephone the school prior to 9:00 a.m. to report the absence.** Answering machines are available at all District 207-U schools for this purpose. When calling, please provide the following information: name of student, date of absence, reason for absence, anticipated date of return, request for homework if desired, and name of the person making the report of the absence. School personnel will contact a parent at home or work if no notification is made regarding the student's absence from school.

B. If a student needs to leave during the school day, the parent must report to the office to meet his/her child and complete the sign-out procedure.

C. Due to the incidents of school being cancelled for weather or other unforeseen incidents, the school district reserves the right to use the Martin Luther King Holiday and Presidents Day as makeup days. Students and staff would be expected to attend school.

ABSENCE NOTES
a. We encourage you to try to schedule dental and medical appointments around school hours so that the child loses minimal instruction.

b. Each student shall be required to attend school regularly and to be on time for class in order to fully benefit from the instructional program. The Illinois compulsory attendance law requires that each student remain in school until the end of the school term following the student's seventeenth birthday. The parent(s) of a student will be notified when the student has an unusual number or pattern of absences, is truant, or attempts to drop out of school. Students may be disciplined or otherwise penalized for attendance-related offenses. When appropriate, school officials may report a student's attendance violation to the Regional Superintendent of Schools, the Will County Truant Officer, or other appropriate persons or agencies. After five or more medical absences in a given semester, students may be required to provide a written physician's excuse to regain admittance to school.

SCHOOL BOARD POLICIES ON ABSENCES / MAKEUP WORK
The Board of Education, administration, and teachers of District 207-U strongly discourage parents from taking children out of school for any purpose other than illness or family emergencies. The time missed from class can never be entirely compensated. For example, class discussions and experiments cannot be experienced after students return to school.

If school is missed due to a family vacation, students and parents should contact each teacher in advance regarding make-up work procedures. Teachers will notify students when assignments are due. The student shall be responsible for obtaining assignments. In the event a test is scheduled during a proposed absence, the teacher may require the student to take the test before the absence. In other circumstances, the student may be required to take the test upon returning to school.

Arrangements may be made to send work home for students who are ill. Inquiry should be made through the school office. For every day missed, the child has one day to make-up assignments. The classroom teacher will have the final determination with the final due date.
ATTENDANCE - NON-RESIDENT STUDENTS
Admission of non-resident students shall be at the sole discretion of the Board of Education. The District's Policy concerning non-resident students is as follows:
1. The student will attend school on a year-to-year basis. Approval for any one year is not authorization to attend the following year.
2. The student will attend the school designated by the School Board.
3. The student will be accepted only if there is sufficient room.
4. The student’s parents(s)/guardian(s) will be charged the maximum amount of tuition as allowed by State Law.
5. Transportation to and from school shall be the responsibility of parent(s)/guardian(s).
Tuition payments are made in the business office at the first of each month. Please make checks payable to: Peotone C.U.S.D. #207-U.

RE-ENROLLMENT
Re-enrollment shall be denied to any individual above the age of 17 years old who has dropped out of school and who cannot earn sufficient credits during the normal school year(s) to graduate before his or her 21st birthday. A person denied re-enrollment will be provided counseling and be directed to alternative educational programs, including adult educational programs that may lead to graduation or receipt of a GED.

STUDENT READMITTANCE
Any student of legal age who voluntarily withdraws from Peotone High School during a given semester shall not re-enroll for attendance until the following semester.

HOMEBOUND INSTRUCTION
Students who suffer from a serious illness or accident and cannot attend school for an extended length of time may request homebound instruction and/or services.

INCLEMENT WEATHER/SCHOOL CLOSINGS
During the school year, if it is necessary to either dismiss school early or cancel school because of inclement weather, parents and students will be informed by the automated calling system. The district will also post to the district website and inform local television and radio stations including CBS, NBC, ABC, WGN, & FOX. A list of the radio stations follows:

RADIO:  
1340 WJOL AM  95.1 WVLI FM  
1320 WKAN AM  89.7 WONU FM

WEBSITE:  www.peotoneschools.org

PLEASE DO NOT CALL THE SCHOOL TO OBTAIN CLOSING INFORMATION, AS PHONE CALLS INTERFERE WITH OUR PHONE LINES THAT MAY BE NEEDED FOR EMERGENCY.

If no closing announcement is made prior to 6:30 or 7:00 A.M., school will be in session as usual. If the weather becomes severe during the day, and school is to be dismissed early, an announcement will be made to the local radio stations. Parents will be notified via the district’s automated telephone system and the district website. It is the responsibility of the parent to ensure the school has their current contact information.

ASBESTOS MANAGEMENT PLAN
Federal law requires that notification be made to all affected individuals. The asbestos management plans are available in each school district building. The management plans are available, without cost or restriction, for your inspection. Contact the main office for further information.

HEALTH AND RELATED INFORMATION

Peotone School District 207-U employs two registered nurses to provide health services to all five buildings in the district. The nurses maintain a regular schedule at each building.

Health services include providing health assessments and screenings, health instruction, counseling, referral for students, parents, and staff; developing procedures, supervising care of the injured and sick; promoting and assisting in the control of communicable diseases; coordinating the vision and hearing screening program and assisting in the formation of health curriculum, policies, and goals for the school district. In the absence of the school nurse, the school secretaries manage first aid and medications.

HEALTH EXAM REQUIREMENTS

(AS REQUIRED BY THE ILLINOIS SCHOOL CODE)

PHYSICAL EXAMINATION, IMMUNIZATION, DENTAL AND VISION REQUIREMENTS 2018-2019

All students must be compliant with the State of Illinois Physical Examination and Immunization requirements prior to the first day of attendance. Student’s that do not meet these requirements will not be allowed to attend school until these requirements have been met.

• New Religious/Medical Objection: As of October 16, 2015, if your child does not receive immunizations for religious reasons, a parent and health care provider must complete the “Illinois Certificate of Religious Exemption to Required Immunizations and/or Examinations” form on or before the first day of school. This form may not be used for exemptions for personal or philosophical reasons. Illinois does not allow for such exemptions. If your child does not receive immunizations for medical reasons, please attach a note from the physician stating reason(s) why immunizations are not given.

Sports physicals are valid for 395 calendar days from the date the physical was issued.

ACCIDENTS

Should an accident occur at school/on a bus, the standard procedure is:

1. First aid is given.
2. The parent or guardian is notified if the accident warrants their attention. In some instances, notes are sent home with the student.
3. An accident report is completed.

Parents should ensure that the school has all necessary phone numbers. If both mother and father are employed, the telephone number of the place of business, or relative, will suffice. If the family or guardian cannot be notified or if the medical situation warrants it, emergency medical services will be contacted.
APPOINTMENTS - MEDICAL

In order to avoid losing valuable education time, try to arrange doctor and/or dentist appointments for your children after school hours or on Saturday. If it is necessary to take your child out of class, please send a note with him/her that day stating the time he/she is to leave for the appointment. Upon returning, the student must report to the office and sign in. In order for such an absence to be considered excused, a doctor’s note must be provided.

BASIC HEALTH PROCEDURES

The School Nurses of Peotone School District follow the recommended practices and procedures of the Illinois Department of Public Health which are set forth by the Illinois State Board of Education and the Illinois Nurse Practice Act.

Staying home - A child should stay home for 24 hours after any of the following have occurred:
1. Fever of 100 degrees or above
2. Vomiting or diarrhea
3. Being placed on an antibiotic by the doctor.
The twenty-four hour time period allows for an antibiotic to take effect or for a sick child to fully recover. Returning to school too early benefits no one and keeps the cycle of illness going.

Reporting Infectious Diseases - The ability to control the spread of infectious diseases in school requires the assistance of our community members. If your child is diagnosed with an infectious disease, please report this information to the school nurse. Please notify your child’s school nurse if he/she is diagnosed with the following illnesses by your health care provider, as a doctor’s note may be needed for your child to return to school:

1. Strep throat/scarlet fever
2. Pink eye/conjunctivitis
3. Fifth’s Disease
4. Rotavirus
5. Chicken pox/shingles
6. Meningitis
7. Mono
8. Scabies
9. Pertussis
10. Head lice
11. Measles
12. Mumps
13. Rubella
14. MRSA
15. Ringworm
16. Polio Myelitis

Fever - If your child has a temperature of 100.0 F or higher, he/she may return to school when they are fever free for 24 hours without the use of a fever reducing medication, such as Tylenol or Motrin.

Re-admittance After Illness - The school will require a doctor’s note for a child to return to school if the student has missed three or more consecutive days of attendance.

Emergency contacts - It is essential that these phone numbers be kept current and that only people who are readily available be listed.

Asthma - Inhalers should be kept at school for any student who is at risk for a breathing problem to develop. Even if you feel that your child’s symptoms are mild and only occasional, there is still potential for serious symptoms to develop quickly. Students may carry an inhaler if the prescription label for the inhaler and a signed parental permission form is on file in the health office. The prescription label must contain the name of the medication, the prescribed dosage, and the time at which or circumstances under which the medication is to be administered.

Allergies - If your child has allergies, please notify your child’s school nurse.

Food Allergies - Students with severe food allergies that require the availability of epinephrine at school are required to submit a “Food Allergy & Anaphylaxis Emergency Care Plan” form that is completed and signed by the parent and physician.

Use of Epinephrine in School - Epinephrine may be kept in the health office or the student may self-carry the epinephrine. If a parent or health care provider feels that the student should self-carry the epinephrine, the following is required:
1. A “Food Allergy & Anaphylaxis Emergency Care Plan” completed by the parent & physician that gives written authorization from the physician on the back side of the form where it states “other directions/information.”
2. The prescription label containing the name of the medication, the prescribed dosage, the time at which or circumstance under which the medication is to be administered OR a written statement from the physician, physician’s assistant, or advanced practice nurse containing the name and purpose of the epinephrine, the prescribed dosage, and the time at which or the special circumstances under which the epinephrine is to be administered.

Access to Epinephrine in Schools - Public Act 97-0361 allows schools to voluntarily maintain a supply of emergency epinephrine auto-injectors for students who have forgotten their epinephrine at home or who do not have a known allergy. A school nurse, or other person authorized by law, may administer epinephrine to any student that he or she, in good faith, professionally believes is having an anaphylactic reaction and who does not have an Emergency Care Plan in place. Every parent has the right to opt out of the administration of epinephrine being available to their child.
Each school in the Peotone School District 207-U currently has stock epinephrine in the health office. However, the supply of emergency epinephrine allowed under this Act is not intended to replace epinephrine prescribed to students with known allergies. If your child has a known allergy that requires emergency medication such as epinephrine, it is the parent’s responsibility to provide that medication to the school.

**Exemption From Liability** - Under Public Act 97-0361, a school district or non-public school and its employees and agents are to incur no liability for the administration of epinephrine, provided the school nurse or other authorized employee acted in good faith when administering the epinephrine to a student who he or she professionally believed to be having an anaphylactic reaction. Only in cases of willful and wanton conduct will liability be incurred.

Therefore, if a student is injured or harmed due to the administration of epinephrine that a school obtained under the provisions of this Act, the school, its employees, and its agents will not be held responsible for the injury unless the epinephrine was administered with a conscious disregard for safety.

**Head Lice** - Peotone School District 207-U has a no lice/nit policy. A child who is identified to have the presence of live lice or nits in their hair will be sent home for treatment. The child may return to school the following day, but must be brought to school by the parent and checked by the school nurse or someone trained to check for the presence of lice/nits. The child may return to the classroom if no live lice or nits are found.

**Rashes** - Rashes will be evaluated on an individual basis. Rashes can be caused by many things including allergies, viruses, various skin conditions, bacterial illnesses, and sometimes unknown causes. If the cause of the rash is not easily determined, the school may require a doctor’s note stating the diagnosis before the child can return. This is required by the health department as some serious illnesses (scarlet fever, measles, chicken pox) are accompanied by a rash and need to be reported.

**Pink Eye** (Conjunctivitis) - Can be allergic, viral, or bacterial in nature. Any child with symptoms of conjunctivitis (swollen eyes, red eyes, itching, drainage from eye) will need a doctor’s note with a diagnosis to return to school. If antibiotic drops are started, the child needs to be on them for 24 hours before returning to school.

**Excuses for PE** - If your child has an illness or injury that will keep him/her out of PE class for 3 or more days, a written doctor’s note will be needed. If your child is unable to participate in PE, he/she will not be allowed to participate in recess.

**Vision and Hearing Screening** - Vision and Hearing Screening is performed as mandated by Illinois law. A vision screening is performed for preschool, kindergarten (if a vision exam is not submitted), second grade, and eighth grade students, special education students, new students to the district, and for any student upon request of parents or teachers. A hearing screening is performed for preschool, kindergarten, first grade, second grade, and third grade students, special education students, new students to the district, and for any student upon request of parents or teachers.

**HEAD INJURY PROCEDURE**

When a student receives a head injury at school the staff will make every attempt to notify the parents by phone. Most head injuries are minor and the child returns to class after a short period of observation with an ice bag application to the site of the injury. The student is given a “Concussion Signs & Symptoms Checklist” to show his/her teacher and then to take home to the parents. The student is told to return to the office if he/she becomes ill or has any further symptoms. Students with serious head injuries will be referred for medical care or transported by emergency service and the parent will be notified.

**STUDENT BLOOD INCIDENTS**

The Illinois Department of Health adopted the Federal Occupational Safety and Health Administration (15) regulations on blood borne pathogens in January, 1993. Students who are involved in a blood incident (exposing a student’s blood to any school district employee in which a student’s blood could have penetrated non-intact skin, eyes, mouth, or other mucous membranes) will be requested to have their blood tested for blood borne pathogens (human immunodeficiency virus-HIV and Hepatitis B virus-HBV) at the expense of the school district. Parents will be asked to allow their child to be tested. All laws pertaining to confidentiality will be followed. The OSHA regulations apply only to students who have blood incidents with school district employees. The OSHA regulations do not apply to students who are exposed to other student’s blood. All questions pertaining to this handbook policy should be directed to the superintendent.

**INFECTIOUS DISEASE POLICY**

The School Board recognizes that the management and control of a school environment which is free from communicable disease requires the cooperation and effort of the school staff and community. In order to promote and ensure appropriate student health standards, a District Infectious Disease Review Team will be appointed by the Board.

Upon being informed that a student has, or is reasonably suspected of having, a chronic infectious disease, the Superintendent or his designee shall convene the Infectious Disease Review Team. The team shall be guided by the policies of the School Board, rules and regulations promulgated by the Illinois Department of Public Health, and all other relevant State and Federal laws and regulations.

The team shall consult the student’s parents, personal physician, and official of the local health department before taking any actions or making any recommendations.
MEDICATION

Our District’s Board of Education has adopted a strict medication policy and requires a Medication Authorization Form to be completed by the physician and parent for any medication to be taken in school, including prescription and over-the-counter medications. In order to ensure the safety of all students, children may not bring his/her medications to school on the bus with the exception of inhalers and epinephrine (see section regarding Asthma and Allergies above). If a child brings/carries medication without proper authorization, it may result in disciplinary action. Parents/guardians should bring the medication to school, in the original container, with the student’s name on it, and give it directly to the building secretary or nurse.

Regardless of whether a student has a prescription, cannabis shall not be permitted at any time on school property, at school events, or on school buses.

Administration of Medications in School - If a student does require administration of any type of medication at school, the doctor and parent must complete the "Medication Authorization Form". This form requests a written statement from the physician that the student’s critical health and well-being require the administration of medication during school hours and that the student is capable of self-administration. Parents must also complete the "Release and Hold Harmless for Medications" section. Please note that in order to protect our students’ safety, no medication can be administered or self-administered in school without a completed form on file at the school.

Although most students will be self-administering medication, please be aware that a certified employee or school secretary will be supervising your child’s self-administration and that we will do everything we can to ensure your child’s safety. If you feel that your child is not capable of self-administration under supervision, you must contact that school nurse to make alternate arrangements. Please be sure that all medication is brought to school in the original package or an appropriately labeled container. If you prefer that your child not be aware of how to open child-proof caps, you may request a regular cap from your pharmacist for at-school use.

1. Prescription medications shall display:
   - Student’s name
   - Prescription number
   - Medication name/number
   - Administration route and/or other directions
   - Date and refill
   - Licensed prescriber’s name
   - Pharmacy name, address and phone number
   - Name or initials of pharmacist

2. Over-the-counter or non-prescription medication shall be brought to school with the manufacturer’s original label, the ingredients listed, with the student’s name affixed to the container and given to the office. Vitamins are not allowed at school. Parents must bring all medication to the school office. Students should not bring any medication, prescription/non-prescription, to school themselves. No medications are allowed on the bus. Should any student be required to carry an inhaler, Epi-pen, or glucose on the bus to assist in a medical condition, he/she will be required to receive an additional note from the attending physician that must be on file. Medications will be stored in a safe place in the nurse’s office. If a child brings/carries medication without proper authorization, it may result in disciplinary action.

The school nurse will review each medication request and approve the administration of all medications. Any questions regarding the administration of medications should be directed to the school nurse.

HEALTH AND DEVELOPMENT EDUCATION PROGRAM

The District sponsors programs to help students learn about human growth and development and our District nurses enable our students to experience the following program to the 5th grade.

Change Program - The boys and girls are separated for presentations given by the school nurses and male staff in the buildings. The video “Always Changing, Always Growing” is shown to the students. It is a very factual and appropriate presentation of the accompanying changes a young boy or girl undergoes during maturation. The girl’s video will also inform them on the process of menstruation.

Age-appropriate materials or activities may be shown or used at any grade level to comply with state health curriculum requirements including information about Acquired Immune Deficiency Disease.

SCHOOL HEALTH INSURANCE

School time health insurance is provided to all students through a provider selected by the Board. The school district assumes no responsibility or liability for any accidents, or for the filing of claims. Further information is available at each school office. To the extent required by law, the District maintains catastrophic insurance coverage of students participating in IHSA sanctioned events. However, this insurance is NOT a substitute for regular health insurance coverage.
REPORT CARDS

Report cards, in all District 207-U schools, will be issued at the end of each nine-week grading period. Parent conferences will be held during the school year regarding student progress.

STUDENT RIGHTS AND RESPONSIBILITIES

Each student has the responsibility to:

1. Obey all school rules.
2. Be considerate of school property and other facilities.
3. Not to use, distribute, possess, or be under the influence of drugs including tobacco, electronic cigarettes, or alcohol on school property or at school related functions.
4. Respect the authority of teachers and school officials.
5. Respect the individual rights of each student.
6. Use proper language, which is not derogatory or profane, in and about school at all times.
7. Exercise appropriate, socially acceptable behavior in relationships with other students and staff members.
8. Support the school and school related activities to the best of his/her ability.
9. Dress appropriately when attending school and school related functions.
10. Attend school unless ill or prearranged absences have been approved by parents and by school administration.
11. Help maintain a safe school by not bringing dangerous objects including weapons or fireworks to school.
12. Be on time for classes and activities.

PARENT-STUDENT RIGHTS UNDER THE ILLINOIS SCHOOL STUDENT RECORDS ACT

The school maintains two types of records about each student:

1. PERMANENT RECORDS

The law requires permanent records to contain basic identifying information such as: the individual student’s and parent’s names and addresses; date and place of birth; gender; the academic transcript including grades, class rank, graduation date, grade level achieved, and scores on college entrance examinations; attendance records, accident reports and health records, and a record of release of permanent record information.

State law also permits but does not require that the permanent records contain: honors and awards received, information concerning participation in school-sponsored activities or athletics, or offices held in school-sponsored organizations. No other information shall be placed in the student permanent record. Permanent records are maintained for a period of 60 years after graduation from high school or withdrawal from the District.

2. TEMPORARY RECORDS

Temporary records consist of all information not required to be in the permanent record and may include: family background information; individual or group intelligence test scores; aptitude test scores; reports of psychological evaluations including information on intelligence, personality, and academic information obtained through test administration, observation, or interviews; elementary and secondary achievement level test results; participation in extracurricular activities including any offices held in school sponsored clubs or organizations; honors and awards received; teacher anecdotal records; disciplinary information; special education files including the report of the multi-disciplinary staffing on which placement or non-placement was based; all records and tape recordings relating to special education placement hearings and appeals; verified reports or information from non-educational persons, agencies, or organizations; other verified information of clear relevance to the education of the students; and a record of release of temporary record information. Temporary records are maintained for a period of 5 years after graduation from high school or withdrawal from the District.

THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (eligible students) certain rights with respect to the student’s education records, which include:

1. The right to inspect and review the student’s education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes is inaccurate or misleading.

Parents or eligible students may ask Peotone CUSD 207U to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.
If the District decides not to amend the record as requested by the parent or eligible student, the District will notify
the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for
amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student
when notified of the right of hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records,
except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational
interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support
staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School
Board; a person or company with whom the District has contracted to perform a special task (such as an attorney,
auditor, medical consultant, or therapist); or a parent or student serving on an official committee, (such as a disciplinary
or grievance committee), or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill
his or her professional responsibility.

Upon request, the District discloses educational records without consent to officials of another school district in which a
student seeks or intends to enroll. (NOTE: FERPA requires a school district to make a reasonable attempt to notify the
student of the records request unless it states in its annual notification that it intends to forward records on request.)

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with
the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance

**HOMELESS CHILDREN**

A homeless child, as defined by State Law, may attend the District school that the child attended when permanently housed
or in which the child was last enrolled. A McKinney-Vento eligible child is one who lacks a “fixed, regular and adequate
nighttime place of abode.” In general, children or youth living in welfare hotels, transitional housing, shelters, the streets,
cars, abandoned buildings, and other inadequate accommodations are considered eligible for McKinney-Vento services.
A homeless child living in any District school’s attendance area may attend that school. If a dispute arises regarding a
homeless child’s rights, the Superintendent shall inform his or her parent(s)/guardian(s) of the availability of an investigator,
sources for low-cost or free legal assistance, and other advocacy services in the community.

- This includes the following groups:
  - Children in Shelters
  - Doubled-up Children (living with another family due to lack of a permanent residence)
  - Migratory Children (if accommodations are not fit for habitation)
  - Runaways (children who have run away from home and live in a shelter or inadequate accommodations, even if parents
    are willing to provide a home)
  - Throwaways (children whose parents or guardians will not permit them to live at home)

The Education for Homeless Children and Youth program, as part of the Stewart B. McKinney Homeless Assistance Act
ensures McKinney-Vento eligible children in Illinois the right to:

- a free, appropriate public education - free lunch and fee waivers
- choose either to stay in the school of origin (school last attended or school attended when child lost permanent housing)
or attend the school serving the area they are temporarily staying
- immediate enrollment even when medical records cannot be produced at time of enrollment
- receive assistance with transportation if needed
- a priority to preschool programs
DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that the District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the District may disclose appropriately designated “directory information” without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the District to include this type of information from your child’s education records in certain school publications. Examples include:

- A playbill, showing your student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, the Peotone Parent Teacher Organization (PTO) or companies that publish yearbooks, unless parents have advised the school district that they do not want their student's information disclosed without their prior written consent. If you do not want the District to disclose directory information from your child’s education records without your prior written consent, you must notify the District in writing by September 15th of each school year. The District has designated as directory information that may be released to the general public, unless the parents request that any or all such information not be released: student's name and address; telephone listing; grade level; birth date and place; parents’ names and addresses; parent email addresses and cell phone numbers; information on participation in school-sponsored activities and athletics; achievements; and period of attendance in the school. A parent or student who wishes to have this information or any reproduction of the student’s photograph, image, voice, film or other recorded image excluded from publication of any sort, may do so by notifying the principal in writing. Failure to submit such request in writing shall release the District, its Board members, employees, agents, representatives, or their assignee, or designees from any claim or liability for invasion of privacy, libel, slander, or other course of action with respect to publication, distribution, or use of such information, photograph, image, voice, film, other recorded image, or any reproduction or prints thereof.

SEARCH OF SCHOOL PROPERTY

School lockers and desks are school property which the school provides students to use on a temporary basis. No student should have an expectation of privacy with respect to the contents of a student locker or desk. School authorities may search and/or conduct general administrative inspections of all student lockers and desks at any time to protect the health, safety and welfare of students, School District employees or other persons. Searches and/or inspections of public places in the school building, on school grounds or of school equipment including but not limited to lockers, desks and vehicles owned by the School District may be conducted without notice to, or consent of the student or his/her parent(s) and shall be conducted without a search warrant.

SEIZURE OF PROPERTY

If a search conducted in accordance with this rule produces evidence that the student has violated a School District policy, rule or regulation, such evidence may be seized and impounded by school authorities, and disciplinary action against the student may be initiated. When appropriate, such evidence may be transferred to law enforcement authorities. In each case where evidence is seized, the school official seizing the evidence shall:

1. Prepare a written report which shall include names, date, time, place and the specific facts concerning the seizure;
2. Contemporaneously with the seizure, secure the property being seized in a sealed container. The school official shall initial the seal; and
3. Secure the sealed container in a safe, locked place provided, however, if securing the container in a safe place requires delivery of the container to any person other than the school official who seized the property (including another school official), a receipt shall be obtained for each such transfer. The receipt shall include the name of the transferor, the name of the transferee, and the date, time and place of the transfer.
SEARCH OF A STUDENT’S PERSON

District 207-U teacher(s) and/or administrator(s) shall be authorized to conduct a search of a student and/or the student’s personal effects (for example, purse, wallet, knapsack, book bag, and/or lunch box) without a search warrant when school authorities have a reasonable suspicion that the search will produce evidence that the student has violated a School District policy, rule or regulation. Law enforcement officials shall not participate in searches anticipated by this policy. Law enforcement officials may conduct searches on school premises to the extent authorized by law or in other cases with the consent of school officials.

The intrusiveness of the search shall be reasonably related to the seriousness of the offense which is believed to have been committed.

Strip searches and body cavity searches shall not be conducted by school authorities under any circumstances. If the potential offense is of a very serious nature, law enforcement officials will be consulted to determine whether such intrusive searches are to be conducted by them.

Following the search of a student, a written report shall be made by each school authority who conducted or witnessed the search. The written report shall include names, date, time, place and the specific facts concerning the search. The report shall be submitted to the building principal (when appropriate) and a copy shall be sent to the superintendent of schools. If school authorities were unable to notify the parent(s) prior to the search, the parent(s) shall be notified after the search.

SEARCH OF VEHICLES

If school personnel have reason to believe that contraband or evidence of violation of school district policy, rules, or regulations is contained in a vehicle, the following procedures may be initiated:

1. The building principal or superintendent of schools shall be notified by the person having knowledge of the facts about the vehicle and its contents. Notification to the building principal and/or superintendent of schools may be oral, but shall include: the vehicle’s make and model, color, license plate number, location, owner’s name (if known), and a summary of the reasons for the suspicion. Whenever possible, the vehicle shall be kept under observation; and

2. If the building principal or superintendent determines a search of the vehicle is appropriate, proper law enforcement authorities shall be contacted and informed of the relevant facts and circumstances. Such law enforcement authorities shall be directed to the vehicle. Any search of the vehicle shall be conducted according to the established procedures of the law enforcement authority conducting the search. The involvement of law enforcement authorities in any search shall not preclude the School District from taking appropriate school disciplinary action, if the search produces evidence of violation of a school district policy, rule or regulation, or if related facts or evidence establish a violation.

INAPPROPRIATE LANGUAGE

The use of vulgar, obscene, profane, or offensive language at school or school-sponsored activities will not be tolerated. Discipline will be administered commensurate to the violation. Students in violation will be subject to disciplinary action up to and including suspension.

TRANSMITTAL OF INAPPROPRIATE MATERIAL

Students shall not transmit material that is threatening, obscene, disruptive or sexually explicit or that can be construed as harassment or disparagement of others based on their race, national origin, gender, sexual orientation, age, disability, religion or political beliefs. Sending, sharing, viewing or possessing pictures, text messages, emails or other materials of sexual message in electronic or any other form, including the contents of a cell phone or other electronic device may lead to discipline up to expulsion. Such actions may be reported to local law enforcement and child protection services.

COMPUTER AND INTERNET ACCEPTABLE USE AGREEMENT

Please read this document carefully. By authorizing use of the Internet or accessing the Internet within the Peotone 207U schools you are agreeing to comply with this acceptable use policy.

Internet access is now available to students and teachers in the Peotone District 207U schools. We are very pleased to bring this access to Peotone District 207U and believe the Internet offers vast, diverse, and unique resources to both students and staff. Our goal in providing this service to teachers and students is to promote educational excellence in district schools by facilitating resource sharing.

The Internet is an electronic highway connecting thousands of computers worldwide and millions of individual users. Students and staff have access to:

1. Limited electronic mail communication with people all over the world.
2. Information and news from government sources, research institutions, and other sources.
3. Public domain software and share ware of all types.
4. Selected discussion groups on a wide range of topics
5. Many public and private Libraries, the Library of Congress, and the Educational
Resources Information Clearinghouses (ERIC).

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of a school setting. On a global network it is impossible to control all materials, and an industrious user may discover controversial information. We (Peotone District 207U) firmly believe that the valuable information and interaction available on this worldwide network far outweigh the possibility that users may procure material that is not consistent with the Learning Outcomes of the District.

Life is a series of choices and consequences. Peotone District 207U has chosen to make Internet resources available to students, and the consequence is that they will have access to far more information than if they had to rely on their school's Library. If a student chooses to use these resources for finding information that will be of assistance in learning, the consequence will be continued access to the Internet. If a Peotone District 207U student chooses to access resources that are objectionable, adult-oriented, or restricted, the consequence will be suspension or termination of access privileges.

**COMPUTER AND INTERNET TERMS AND CONDITIONS**

1. **Acceptable Use** - The original purpose of the Internet was, and largely still is, to support research and education in and among academic institutions in the United States by providing access to unique resources and the opportunity for collaborative work. The use of school computers, network and Internet access must support education and research that is consistent with the Learning Outcomes and educational mission of Peotone District 207U. Use of another organization’s network or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of any U.S. or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, or material protected by trade secret.

2. **Network Etiquette** - Users are expected to abide by the generally accepted rules of network etiquette. These include (but are not limited to) the following:
   a. Be polite. Do not get abusive in your messages to others.
   b. Use appropriate language. Do not swear, use vulgarities or any other inappropriate language. Illegal activities are strictly forbidden.
   c. Do not reveal personal addresses, phone numbers, or passwords of students, teachers, administrators, or other staff of Peotone District 207U, including yourself.
   d. Note that electronic mail (e-mail) is not guaranteed to be private. People who operate the system do have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
   e. Do not use the network in such a way that you would disrupt the use of the network by other users.
   f. All communications and information accessible via the network should be assumed to be private property (i.e., copyrighted).
   g. Hate mail, harassment, discriminatory remarks and other antisocial behaviors are prohibited on the network. Therefore, any messages should not contain profanity, obscene comments, sexually explicit material, expressions of bigotry or hate.
   h. Student subscriptions to electronic mailing lists are not allowed on Peotone District 207-U accounts.
   i. From time to time, Peotone District 207U system administrators will make determinations on whether specific uses of the network are consistent with the acceptable use practice.

3. **Accuracy of Information** - Use of any information obtained via the Internet is at your own risk. Peotone District 207U specifically denies any responsibility for the accuracy or quality of information obtained through District accounts. Information (including text, graphics, video, etc.) from Internet sources used in student papers and reports should be cited the same as references to printed materials.

4. **Security** - Security on any computer system is high priority, especially when the system involves many users. If you feel you can identify a security problem on the Internet, you must notify a teacher or principal. Do not demonstrate the problem to other users. Users shall not intentionally seek information on, obtain copies of, or modify files, other data, or passwords belonging to other users, or misrepresent other users on the network. Attempts to gain unauthorized access to system programs or computer equipment will result in cancellation of user privileges. All users are required to keep their login information confidential and must never login or attempt to login with another user’s credentials. Downloading of information onto the hard drives of Peotone District 207U computers is prohibited; all downloads must be to an approved storage medium. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to District computers.

5. **Vandalism** - Vandalism will result in cancellation of privileges as well as other sanctions cited in the Student handbook. Vandalism is defined as any malicious attempt to harm, modify, or destroy computer hardware, data of another user, Internet, or any of the other networks that are connected to the Internet backbone. This includes, but is not limited to, the uploading or creation of computer viruses.

6. **Inappropriate Use** - Peotone District teachers and administrators will deem what is inappropriate use, and their decision is subject only to confirmation by the Peotone District 207U Board of Education. The administration, faculty, and staff of Peotone District 207U may request the suspension or termination of computer use, as well as disciplinary measures, for any user who violates these acceptable use practices.
DRESS CODE

Although the Board of Education believes that a student’s appearance is mainly the responsibility of the child and his/her parents, it does expect each student to maintain reasonable standards of cleanliness and modesty. District 207-U shall regulate student dress which raises health concerns, safety concerns, or causes disruptions of an orderly education process.

Students shall avoid wearing clothing or hair styles that can be hazardous to them in their school activities. Grooming or dress styles that prevent a student or other students from doing their best work because of blocked vision, restrictive movement, or a disruption of classroom order are not acceptable. Large holes, mesh, or see-through material in leggings or pants should not be higher on the legs than fingertips. Coats, hats and bandanas are not to be worn in the building. Costumes and/or face paint, unless consented to from administration, is prohibited. Long wallet chains are prohibited as well.

All District 207-U employees have the authority and obligation to report or cause to be changed or removed inappropriate clothing as defined in this section.

PUBLIC DISPLAYS OF AFFECTION

A policy of restraint will be followed in relationships. In the best interest of the school and students, these relationships should be above criticism. 3rd Offense = 3 hour detention + 1 month Social Probation (see social probation)

CELL PHONES & ELECTRONIC DEVICES

Cell phones should be put away at all times in the bathrooms and locker rooms. Use of cell phones and/or electronic devices for educational purposes within the classroom setting will be at the sole discretion of each classroom teacher. This prohibition shall include: all school-sponsored or school-related activities, whether held before or after school, evenings or weekends and shall additionally include a prohibition of use by a student in any instance where the school can demonstrate a reasonable connection to the school program or school athletic program. For purposes of this policy, students who are under the influence of prohibited substances shall be treated in the same manner as though they had prohibited substances in their possession.

Regardless of whether a student has a prescription, cannabis shall not be permitted at any time on school property, at school events, or on school buses.

Any student found to be in violation of this policy shall be subject to discipline in accordance with School District 207-U discipline policies, rules and regulations.

The expulsion period may, however be modified by the Superintendent, and the Superintendent’s determination may be modified by the Board, on a case-by-case basis. In no case may the expulsion exceed two calendar years. A “weapon” means (1) “possession, use, control, or transfer of any gun, rifle, shotgun, a weapon as defined by Section 921 of Title 18, United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Act, or use of a weapon as defined in Section 24-1 of the Criminal Code, (2) any other object if used or attempted or intended to be used to cause bodily harm, including but not limited to knives, brass knuckles, billy clubs, or (3) ‘look alike’ of any weapon as defined above.

STUDENT SUSPENSION AND EXPULSION

*If a student receives an out-of-school suspension, day one of the suspension will begin the following school day.

§ 105 ILCS 5/10-22.6. Suspension or expulsion of pupils; school searches

Statute text

(a) To expel pupils guilty of gross disobedience or misconduct, including gross disobedience or misconduct perpetuated by electronic means, pursuant to subsection (b-20) of this Section, and no action shall lie against them for such expulsion. Expulsion shall take place only after the parents have been requested to appear at a meeting of the board, or with a hearing officer appointed by it, to discuss their child’s behavior. Such request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The board, or a hearing officer appointed by it, at such meeting shall state the reasons for dismissal and the date on which the expulsion is to become effective. If a hearing officer is appointed by the board he shall report to the board a written summary of the evidence heard at the meeting and the board may take such action thereon as it finds appropriate. If the board acts to expel a pupil, the written expulsion decision shall detail the specific reasons why removing the pupil from the learning environment is in the best interest of the school. The expulsion decision shall also include a rationale as to the specific duration of the expulsion. An expelled pupil may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the expulsion, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.
To suspend or by policy to authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of gross disobedience or misconduct, or to suspend pupils guilty of gross disobedience or misconduct on the school bus from riding the school bus, pursuant to subsections (b-15) and (b-20) of this Section, and no action shall lie against them for such suspension. The board may by policy authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of such acts for a period not to exceed 10 school days. If a pupil is suspended due to gross disobedience or misconduct on a school bus, the board may suspend the pupil in excess of 10 school days for safety reasons.

Any suspension shall be reported immediately to the parents or guardian of a pupil along with a full statement of the reasons for such suspension and a notice of their right to a review. The school board must be given a summary of the notice, including the reason for the suspension and the suspension length. Upon request of the parents or guardian the school board or a hearing officer appointed by it shall review such action of the superintendent or principal, assistant principal, or dean of students. At such review the parents or guardian of the pupil may appear and discuss the suspension with the board or the hearing officer. If a hearing officer is appointed by the board he shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the written report of its hearing officer, the board may take such action as it finds appropriate. If a student is suspended pursuant to this subsection (b), the board shall, in the written suspension decision, detail the specific act of gross disobedience or misconduct resulting in the decision to suspend. The suspension decision shall also include a rationale as to the specific duration of the suspension. A pupil who is suspended in excess of 20 school days may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the suspension, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

Among the many possible disciplinary interventions and consequences available to school officials, school exclusions, such as out-of-school suspensions and expulsions, are the most serious. School officials shall limit the number and duration of expulsions and suspensions to the greatest extent practicable, and it is recommended that they use them only for legitimate educational purposes. To ensure that students are not excluded from school unnecessarily, it is recommended that school officials consider forms of non-exclusionary discipline prior to using out-of-school suspensions or expulsions.

Unless otherwise required by federal law or this Code, school boards may not institute zero-tolerance policies by which school administrators are required to suspend or expel students for particular behaviors.

Out-of-school suspensions of 3 days or less may be used only if the student’s continuing presence in school would pose a threat to school safety or a disruption to other students’ learning opportunities. For purposes of this subsection (b-15), “threat to school safety or a disruption to other students’ learning opportunities” shall be determined on a case-by-case basis by the school board or its designee. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of suspensions to the greatest extent practicable.

Out-of-school suspensions of longer than 3 days, expulsions, and disciplinary removals to alternative schools may be used only if other appropriate and available behavioral and disciplinary interventions have been exhausted and the student’s continuing presence in school would either (i) pose a threat to the safety of other students, staff, or members of the school community or (ii) substantially disrupt, impede, or interfere with the operation of the school. For purposes of this subsection (b-20), “threat to the safety of other students, staff, or members of the school community” and “substantially disrupt, impede, or interfere with the operation of the school” shall be determined on a case-by-case basis by school officials. For purposes of this subsection (b-20), the determination of whether “appropriate and available behavioral and disciplinary interventions have been exhausted” shall be made by school officials. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of student exclusions to the greatest extent practicable. Within the suspension decision described in subsection (b) of this Section or the expulsion decision described in subsection (a) of this Section, it shall be documented whether other interventions were attempted or whether it was determined that there were no other appropriate and available interventions.

Students who are suspended out-of-school for longer than 4 school days shall be provided appropriate and available support services during the period of their suspension. For purposes of this subsection (b-25), “appropriate and available support services” shall be determined by school authorities. Within the suspension decision described in subsection (b) of this Section, it shall be documented whether such services are to be provided or whether it was determined that there are no such appropriate and available services.

A school district may refer students who are expelled to appropriate and available support services. A school district shall create a policy to facilitate the re-engagement of students who are suspended out-of-school, expelled, or returning from an alternative school setting.

A school district shall create a policy by which suspended pupils, including those pupils suspended from the school bus who do not have alternate transportation to school, shall have the opportunity to make up work for equivalent academic credit. It shall be the responsibility of a pupil’s parent or guardian to notify school officials that a pupil suspended from the school bus does not have alternate transportation to school.
(c) The Department of Human Services shall be invited to send a representative to consult with the board at such meeting whenever there is evidence that mental illness may be the cause for expulsion or suspension.

(c-5) School districts shall make reasonable efforts to provide ongoing professional development to teachers, administrators, school board members, school resource officers, and staff on the adverse consequences of school exclusion and justice-system involvement, effective classroom management strategies, culturally responsive discipline, and developmentally appropriate disciplinary methods that promote positive and healthy school climates.

(d) The board may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case by case basis. A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year:

(1) A firearm. For the purposes of this Section, “firearm” means any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 2012. The expulsion period under this subdivision (1) may be modified by the superintendent, and the superintendent’s determination may be modified by the board on a case-by-case basis. (2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including “look alikes” of any firearm as defined in subdivision (1) of this subsection (d). The expulsion requirement under this subdivision (2) may be modified by the superintendent, and the superintendent’s determination may be modified by the board on a case-by-case basis. Expulsion or suspension shall be construed in a manner consistent with the Federal Individuals with Disabilities Education Act. A student who is subject to suspension or expulsion as provided in this Section may be eligible for a transfer to an alternative school program in accordance with Article 13A of the School Code.

(d-5) The board may suspend or by regulation authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend a student for a period not to exceed 10 school days or may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case by case basis, if (i) that student has been determined to have made an explicit threat on an Internet website against a school employee, a student, or any school-related personnel, (ii) the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and (iii) the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.

(e) To maintain order and security in the schools, school authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or the consent of the student, and without a search warrant. As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs. If a search conducted in accordance with this Section produces evidence that the student has violated or is violating either the law, local ordinance, or the school’s policies or rules, such evidence may be seized by school authorities, and disciplinary action may be taken. School authorities may also turn over such evidence to law enforcement authorities.

(f) Suspension or expulsion may include suspension or expulsion from school and all school activities and a prohibition from being present on school grounds.

(g) A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the suspension or expulsion in an alternative school program under Article 13A of this Code or an alternative learning opportunities program under Article 13B of this Code before being admitted into the school district if there is no threat to the safety of students or staff in the alternative program.

(h) School officials shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties.

(i) A student may not be issued a monetary fine or fee as a disciplinary consequence, though this shall not preclude requiring a student to provide restitution for lost, stolen, or damaged property.

(j) Subsections (a) through (i) of this Section shall apply to elementary and secondary schools, charter schools, special charter districts, and school districts organized under Article 34 of this Code.

FIRE EQUIPMENT/FALSE ALARMS
Students shall not touch fire-fighting equipment located in the school building except to fight an active fire. Students shall not touch fire alarm boxes or switches except to report a fire. Any student who purposefully activates a fire alarm may be suspended from school for ten (10) days or recommended for expulsion.

FIRE ALARMS AND DRILLS
The alarm for a fire is a continuous sounding of the school fire alarm. In the event of a fire alarm or fire drill, students shall follow and respond to the direction of the adults in charge. Evacuation of the building shall be accomplished in a prompt and orderly fashion. If the alarm is a drill, the alarm will be shut off and bells will be sounded to signal an orderly return to class. Fire exits and procedures are posted in each classroom.

DISASTER ALARMS, DRILLS, AND LOCK-DOWNS
Disaster alarms and drills occur as a precaution in response to a tornado or other violent storm or emergency. The alarm for a disaster is a series of short rings on the school bell system. In response to a disaster alarm, students shall respond to the direction of the adults in charge and shall proceed promptly to the appropriate disaster station. Information about disaster stations is posted in each classroom. At the conclusion of a disaster alert or drill an all-clear signal will be sounded consisting of one ring of the school bell system. Students shall return to their classrooms or otherwise resume the normal school schedule at the all-clear signal.

USE OF SCHOOL FACILITIES
Use of school facilities is governed by Board Policy. Contact the school principal for details on application, availability, and charges. Any organization having the privilege of selling concessions during any activity held in the school building or on its grounds shall be responsible for assisting in cleaning up immediately after the activity has been completed.

ACTIVITY REGULATIONS
All school activities must be scheduled in the office and arrangements made in advance for the use of special facilities, such as the cafeteria, gymnasium, media center, and/or activity room. Activities must be under the direct supervision of school-approved sponsors or advisors. The sponsor/advisor is responsible for the general organization and supervision of activities and is responsible for compliance with applicable rules and regulations. Students will not be excused early from activities. Assemblies are scheduled as a valuable part of a student's overall education, or they will not be presented.

VISITORS TO SCHOOL
Peotone District 207-U cordially invites parents of students and other adult citizens to visit our schools. Appointments may be scheduled to confer with teachers by telephoning the school office. All visitors shall report to the school office before contacting any teacher or student.

PARTICIPATION IN EXTRA-CURRICULAR ACTIVITIES
In order to participate in an extracurricular activity on a particular school day, the student desiring participation must have been in attendance at school during the entirety of the school day on which the extracurricular activity is to occur. Administration may waive this requirement at the sole and exclusive discretion of administration under appropriate circumstances. Students must be in attendance during the day of or day before a dance, except when approved in advance by the administration.

RETENTION POLICY
In the event it is deemed advisable for the benefit of the student, due to age, maturity or other factors, a student may in accordance with the Illinois School Code be assigned to the grade level of instruction deemed most appropriate. Each assignment shall be evaluated and determined by the merits and circumstances on an individual basis.

HOMEWORK POLICY
Teachers in Peotone District 207-U are encouraged to assign reasonable amounts of homework in grades K-12. Parents should expect their children to do some homework almost every evening.
SPECIAL EDUCATION SERVICES--SOWIC

District 207-U is a member of SOWIC, the Southern Will County Cooperative for Special Education, whose offices are located in Shorewood. SOWIC and Peotone High School provides staff to identify and evaluate students who may need special education services.

There are various programs and services within SOWIC and surrounding areas which serve students between the ages of three and twenty-one who are eligible for and in need of such services. Speech and language services, vision and hearing services, and preschool screenings are available as well.

If you are aware of a child who is in need of special education or screening, please notify the Director of Special Services. The special education team will review parent and/or teacher concerns and determine what interventions may help the student be successful in school. Evaluation and individual testing may be needed to determine whether a student is eligible for and in need of special education. For those students who are disabled and not eligible for special education, other services may be available through the district.

SAFETY

Peotone District 207-U strives to maintain a safe environment for all staff and students. Safety hazards or potential problems should be reported to a staff member immediately.

SAFETY REGULATIONS

Snowball throwing on school grounds or inside school buildings will not be tolerated. Serious accidents have resulted from this practice. The bringing of, or the use of, water guns or water balloons inside or outside school buildings or on the school buses is prohibited.

SUBSTITUTE TEACHERS

The Administration considers substitute teachers to be an important part of the educational process and system. As such, they should be treated by students with as much respect as a regular classroom teacher. Disrespect and misbehavior in a substitute teacher’s classroom will not be tolerated and will be dealt with severely by the administration. Grade level appropriate discipline will issued at the elementary school level. A student who is removed from a class by a substitute teacher will receive double the discipline normally granted and a minimum of one month social probation at the junior high and senior high school levels. Repeated instances will be dealt with by issuing Saturday Schools or out-of-school suspensions at the junior high and senior high school levels.

HALL CONDUCT

Students are not to be in the school hallways during class periods. All staff members have authority regarding pupil conduct outside the classroom as well as their own classroom. Teachers may reprimand students or keep them after school if necessary to maintain proper discipline inside or outside their classroom. Boisterous behavior will not be tolerated in the school building.

CLASSROOM CONDUCT--PREPARATION

Each student shall be orderly and respectful of others at all times. Each student shall arrive for each class prepared for the class by having in their possession a pen or pencil, notebook paper, required textbooks, and such other materials as may be required by the classroom teacher. Students should realize that a dismissal from a class session constitutes a most serious violation on the part of the student and will be treated accordingly by the principal.

SOCIAL PROBATION

In some cases, as a means of further discipline, all participation in or attendance at activities (such as dances, athletics, band concerts, musicals, plays, clubs, organizations, field trips, school parties, assemblies) will be forfeited for a period of time to be determined by the administration.

CLASSROOM DISHONESTY/ PLAGIARISM

Across the curriculum, all formal writing assignments will follow MLA style guidelines and models for documenting. The proper use of MLA style shows the credibility of writers; such writers show accountability to their source material. The use of MLA style can protect writers from accusations of plagiarism. Whenever a student is guilty of cheating or plagiarism, the teacher shall collect the student’s paper, mark a zero for the work, and notify the parent and office. Students should be aware that cheating or plagiarism will result in an academic penalty with possible suspension and expulsion, and the assignment must be fulfilled satisfactorily before credit is awarded for the quarter.
CURRICULUM

Peotone Junior and Senior High School:
Students shall refer to the Course Description Handbook for complete information on all courses offered at Peotone Jr. and Sr. High School and the Kankakee Area Career Center.

SUMMER READING PROGRAM (GRADES 6 - 8)

Purpose: The Peotone School District’s Summer Reading Program is part of our continuing initiative to improve the reading skills of our students. It also provides students with an opportunity to broaden their reading experience and read for enjoyment.

Guidelines: All Students in grades 6-8 will read one book, which has been carefully chosen by the grade level teachers in the English Department. Students will receive study guides to aid in their reading and understanding of their assigned book and will be assessed on the novel during the first few days of the school year. In addition, all study guides will be graded and are posted on the school website. This will give students access to all necessary information. To download a study guide go to: www.peotoneschools.org

Policy: If a new student registers at least two weeks prior to the start of school, he/she is accountable for the reading assignment. If the registration occurs less than two weeks prior to the start of school, the student may have up to a two week extension to take the assessment. New students who register after the first day of school will not be required to complete the summer reading for that school year.

If students have failed a course in which summer reading tests counted and they are repeating the same course, they will need to read the book, as the books are different for each school year.

HAZARDOUS AND INFECTIOUS MATERIALS

By board policy, Peotone 207-U will take all reasonable measures to protect the safety of District personnel, students, and visitors on District premises from risks associated with hazardous materials, including: pesticides, and infectious materials. If pesticides are necessary, they will be used only when District personnel, students, and visitors are not on school premises.

SCHOOL BUS EVACUATION

As soon as an emergency is detected, the driver must be notified so the bus can be safely pulled from the road. The bus driver should put on the blinkers immediately.

Students should prepare to evacuate immediately through the emergency doors and the main door. Emergency doors are on all buses, and riders should note the location upon entering the bus.

All buses also have emergency exit windows accessed by first lowering the top half and then pushing the window out. These windows are designated by signs above each emergency exit window.

During an emergency, the students must be quiet, so the driver can give instructions and listen for further problems due to the emergency. These emergency procedures are practiced during two school bus evacuation drills each school year.
RULES AND REGULATIONS CONCERNING BUS RIDING

The complete rules and regulations concerning bus riding are established by the State Board of Education. They shall be enforced by school authorities. While waiting for a school bus or while on the school bus, students shall demonstrate behavior that is respectful to themselves, the driver, and other students.

1. The bus driver has complete authority on the bus and to regulate passengers at all times.
2. Students shall stay seated on the bus at all times while the bus is moving.
3. Any distraction of the driver's attention to remind a student of some regulation or to answer an unnecessary question jeopardizes the safety of every student in the bus. Students shall not continue unnecessary conversations with the driver.
4. Students shall always be ready for the bus at least five minutes before the time it's scheduled arrival. Changing weather and road conditions make it impossible for the bus to arrive at the same time every morning.
5. Students have a responsibility to help keep the bus clean. Students must not throw waste paper on the floor of the bus, or scratch the paint, or deface any part of the bus.
6. Pupils shall not stand in the traffic lanes while waiting for a bus.
7. Pupils shall not at any time extend their arms or heads out of a bus window.
8. Loading: When pupils must cross a road to be picked up, the driver, after looking for approaching cars, will beckon students when to cross. The pupils shall wait for the proper sign and then cross promptly.
9. Unloading: At all discharge points where it is necessary for the pupil to cross the highway, the driver shall direct the pupil to a distance 10 feet in front of the bus on the shoulder of the highway. The student shall remain there until a signal is given by the driver for the student to cross.
10. The use of tobacco, electronic cigarettes, alcohol or controlled substances, profane or abusive language, or fighting while riding the bus will be enforced as they would on school property or in the school building.
11. The use of profanity on the bus will not be tolerated.
12. Students who ride the bus to school are not to leave the school grounds upon arrival at school. Students who ride the bus home are not to leave the school grounds after school before boarding the bus.
13. Any damage to the bus shall be reported to the driver as soon as possible. Vandalism or destruction of school property, whether intentional or negligent, shall be prohibited. A student found to have damaged school property shall be subject to discipline, restitution, and possible police notification.
14. Drivers have the right to assign seats, if they deem it necessary.
15. Students shall sit facing the front of the bus with their feet on the floor.
16. Eating and drinking on the bus is not allowed.
17. Older students shall be helpful to and set a good example for the younger students.
18. It shall be noted that video / audio surveillance may be utilized to monitor bus conduct, when deemed necessary.
19. Due to limited space on school district buses, junior high and high school bus request(s) will not be accepted.

MISCONDUCT BY A STUDENT RIDING SCHOOL BUSES AND / OR VEHICLES

Any student found to be in misconduct of general behavior while riding school buses or school vehicles for curricular and/or extracurricular activities shall be affected in the following manner:

The driver will report the name of the offending student to the building principal. The principal shall notify the parent/guardian.

Disciplinary Consequences: Verbal Reprimand / Possible Detention through permanent removal from the bus depending on the frequency and seriousness of the offense.

Based upon the offense, the building principal has the discretion to alter the consequences stated.

TRANSPORTATION

Bus routes have been established and are available in the office of each school. All students outside the Village of Peotone are eligible for bus transportation, and some students within the village limits are also eligible. Parents are reminded that all kindergarten students eligible for transportation including students attending half-day will be transported to and from school except on the first day of school. Bus lists and routes will be posted in the hall during registration.
BUS ROUTES

Students are assigned to ride school buses that will pick them up and drop them off in close proximity to their homes. Buses will not leave their regular routes and cross over into other areas to drop off a student. If your child goes to a babysitter who lives outside of the regular bus route, then you must provide transportation to and/or from the sitter. Students are not allowed to ride a bus other than their assigned bus. Emergency exceptions can be made with the permission of the principal and director of transportation.

Students who come to school on the bus must also return home on the bus unless they have a note from the parent/guardian which is then signed by the principal. Only regularly scheduled bus students are to ride the school buses. Bus students are to go directly to the buses as soon as they are dismissed from school.

STUDENT TRANSFER

If you are moving and are withdrawing your child from school, please inform the school prior to the withdrawal date. We will complete student transfer papers for you to take to the new school. Your cooperation is always greatly appreciated. The parents/guardians of new students will be asked to sign a release of school records form at the time of registration as well as complete regular registration materials. We will also ask to see an official copy of the child’s birth certificate.

WILL COUNTY HEALTH DEPARTMENT

According to the Will County Health Department, all food provided at school or school-related functions must be prepackaged and sealed in order to be given to students. Building principals will have more information regarding this policy.

PEOTONE JUNIOR HIGH SCHOOL & HIGH SCHOOL ACTIVITY CODE

PHILOSOPHY

Participation in extracurricular activities is a privilege and not a right. Each student is in school first to obtain an education and then to participate in athletics or activities. Participation in extracurricular activities demands certain commitments. Through participation, students will learn skills, develop loyalty to others, learn the meaning of commitment, discipline, honor, and develop work ethics that are essential to a successful life.

PURPOSE

The Board of Education and staff of Peotone Community Unit School District No. 207-U have adopted this Activity Code which applies to all students in grades 6-12 who desire to participate in extracurricular activities or athletics. This document applies in addition to other policies, rules and regulations concerning student conduct and imposes additional requirements on participants in extracurricular activities and athletes.

The use by any participant in any activity of tobacco, alcohol, performance altering substances not prescribed by a physician for medicinal purposes for the patient who is using them in the manner in which they were prescribed is prohibited. There are other specific prohibitions relating to tobacco, alcohol and or performance altering substances contained elsewhere in this Code which are to be read in addition to the above. The use of these items by a student who participates in an activity presents a hazard to the health, safety and welfare of the student, as well as those with whom the student participates or competes.

Participation in activities is a privilege available to qualified students. Those who participate have a responsibility to favorably represent the school and community. Students are expected to conduct themselves both in and out of school in a manner appropriate to their responsibilities as representatives of Peotone Community Unit School District No. 207-U. Strict adherence to the rules and policies set forth in the Activity Code is a responsibility which accompanies the privilege of participation. If a student fails to comply with the terms of this Code, the privilege to participate may be lost in accordance with the terms of this Activity Code.

In no case shall a waiver be issued unless the alternate means of transportation anticipated by the waiver will be provided by the parent. Oral requests shall not be honored and oral permissions shall not be valid.

TRAINING RULES
The coach of each sport may establish training rules which shall apply to each student athlete participating in the sport, provided however, such rules shall not be inconsistent with the rules provided herein. This prohibition shall include all school-sponsored or related activities, whether held before or after school, evening or weekends and shall additionally include a prohibition of use by a student in any instance where the school can demonstrate a reasonable connection to the school program or school extra-curricular program. For the purposes of this policy, students who are under the influence of prohibited substances shall be treated in the same manner as though they had prohibited substances in their possession.

Regardless of whether a student has a prescription, cannabis shall not be permitted at any time on school property, at school events, or on school buses.

Any student found to be in violation of this policy shall be subject to discipline in accordance with the school district’s Activity Code discipline policies, rules and regulations as provided herein.
RANDOM DRUG TESTING POLICY FOR ALL EXTRACURRICULAR ACTIVITIES AND STUDENT PARKING

The use of banned performance enhancing substances, alcohol, or drugs by students presents a hazard to the health, safety, and welfare of the student and to those who compete or perform with the student. The administration encourages students to participate in extracurricular activities and use parking facilities as needed. However, such participation and use are privileges not rights. To be eligible to participate in any school-sponsored extracurricular activity program or receive a parking permit at the High School, students must agree to submit to random testing, if selected, for the use of banned performance enhancing substances, illegal drugs and alcohol in accordance with this school board policy.

The purpose of this Policy is to protect the health, welfare, and safety of the student body. It is to better assure the student’s health, mental well-being and physical fitness to participate in extracurricular activities. Additionally, this Policy helps undermine the effects of peer pressure incurred by students by providing a legitimate reason for students to refuse to use banned performance enhancing substances, illegal drugs, alcohol, and tobacco. Furthermore, this Policy is also intended to encourage students who use banned performance enhancing substances, drugs and alcohol to participate in treatment programs. This Policy is designed to create a safe, drug, alcohol, and tobacco free environment, and to recommend professional help when needed. This Policy is not intended to be punitive, in that the School District will not punish a student for simply testing positive to a random drug test, other than by disqualification from participation in extracurricular activities or the suspension or revocation of a student parking permit. Accordingly, the results of any drug test administered under this Policy shall be used only for the determination of eligibility to participate in extracurricular activities or a student parking permit and for no other disciplinary purpose. Students and parents should understand, however, that students who are determined to be under the influence of drugs or alcohol based on a non-random test based on reasonable suspicion, in possession of, sell, or transfer drugs or alcohol in school, at school sponsored activities, or on school property remain subject to the regular student code of conduct disciplinary consequences.

The Board of Education recognizes that students participating in extra-curricular activities, including, but not limited to the following activities are representatives and ambassadors of the school and community, and as such are subject to the random drug testing policy.

Consequences for testing positive for banned performance enhancing drugs, illegal drugs, or alcohol in accordance with school board policy are as follows:

1st Offense: A suspension of 25% of the school year for performances, activities or parking, or 25% of the season for athletics will be enacted. This penalty will be reduced to 15% if the student enrolls in and successfully completes a chemical awareness program approved by the administration and paid for by the parent(s)/guardian(s).

2nd Offense: A suspension of 50% of the school year for performances, activities or parking, or 50% of the season for athletics will be enacted. To be allowed to participate again in any activity or regain parking privileges, the student must enroll in and successfully complete a chemical awareness program approved by the administration and paid for by the parent(s)/guardian(s).

3rd Offense: A third violation will result in the student being suspended from all athletics, performances, activities, or parking for the remainder of his/her high school career.

* Refusing to submit a sample for drug testing when randomly selected will be treated as an admittance of guilt by the student and the student will receive the corresponding consequences based upon the offense number.

** When there is less time in the season or school year than the suspension period to be imposed, the suspension will carry over to the next athletic season in which the student seeks to participate, or the next school year for performances, activities, or parking.

*** Offenses are cumulative over a student’s high school career.
Any student participating in athletics, a club or extracurricular activities found to be in violation of the DRUGS, ALCOHOL AND/OR TOBACCO policy within the activity code will be subject to the following consequences:

This penalty will be reduced to 20% if the student enrolls in and successfully completes a chemical awareness program approved by the administration and paid for by the parent(s)/guardian(s).

2nd Offense: A suspension of 12 weeks from all performances, activities and parking, or competitions of one full athletic season. To be allowed to participate again in any extracurricular activities, athletics and parking the student must enroll in and successfully complete a chemical awareness program approved by the administration and paid for by the parent(s)/guardian(s).

3rd Offense: A third violation, unless one of the offenses was related to tobacco/e-cigarette usage, will result in the student being suspended from all extracurricular activities, athletics and parking for the remainder of his/her high school career. If one of the violations involved tobacco usage, the student will be suspended for one calendar year from the date of the third offense.

4th Offense: ONLY APPLICABLE TO INDIVIDUALS ACCUMULATING THREE VIOLATIONS OF THE ACTIVITY CODE WITH ONE OF THE OFFENSES INVOLVING TOBACCO USAGE. Any further violations will result in the student being suspended from all extracurricular activities, athletics and parking for the remainder of his/her high school career.

* Because a student must be voted into Student Council and/or National Honor Society, these two organizations have their own guidelines that they must adhere to in regards to student use of drugs, alcohol or tobacco.

** When there is less time in the season or school year than the suspension period to be imposed, the suspension period will carry over to the next athletic season in which the student seeks to participate, or the next school year for performances, activities, or parking.

PROMOTION / RETENTION POLICY

Requiring a student to repeat 6th, 7th or 8th grade is a serious matter. Consequently, retention should be considered only after all other efforts have failed. Parent/Teacher Conferences, teacher assistance, and progress/grade report are some ways the junior high staff intervenes to help students be successful. Retention will be considered for those students who, despite the efforts of our staff, still make unsatisfactory progress.

REGISTRATION AND CHANGE OF PROGRAM

Once a student’s program has been set for the year, changes will seldom be made in a student’s schedule. In the case of a request for a program change, the student shall contact the principal regarding the change. Because of the complexity of our schedule, changes are not always possible.

HONOR ROLL

At the end of each marking period and semester, an Honor Roll is published to give recognition to those who have achieved academic excellence and to encourage high standards of scholarship. Students will be named to the Honor Roll based upon their grade point average in all classes on a 4.0 point scale. Students with a grade point average of 2.8 to 3.49 and no grades lower than a C will be named to the regular Honor Roll while students with a grade point average of 3.5 to 4.0 and no grade lower than a B will be named to the High Honor Roll.

GRADUATION CEREMONY

Participation in the 8th Grade Graduation Ceremony is a privilege, not a right. Students wishing to participate in the Graduation Ceremony must meet all three of the following criteria:
1. Satisfy the academic requirements with a GPA of 1.25.
2. A student may not have more than 10 disciplinary contacts during the course of her/his 8th Grade year.
AMERICAN LEGION AWARD
Each year the Peotone Post 392 of the American Legion awards gold medals to the outstanding 8th grade boy and girl at Peotone Junior High School. To win this award a boy and a girl must have the following qualifications.
HONOR - A keen sense of what is right, always tell the truth, practice clean speech, and high standards of conduct at home, in school, and at play.
LEADERSHIP - Ability to lead individuals or a group with right thinking and right action.
SERVICE - Promotion of interests and welfare of associates without hope of personal gain.
COURAGE - Carry out his/her own convictions of right no matter what friends may think.
CHARACTER - Be honest, cheerful, and have a wholesome outlook on life.
SCHOLARSHIP - A good scholastic average as well as industry and application to work.

GRADUATION SPEAKERS
The top two academic students in the eighth grade class will be selected to speak during the graduation ceremony. They will be selected on the basis of their grades during their sixth, seventh and eighth grade years. Ties will be broken by the use of percentage grades and plus/minus grades.

CHANGE OF ADDRESS/PHONE NUMBER
If there is a change in residence, it is the responsibility of the parent and student to report the new address to the principal’s office immediately. This information is extremely important on case of an emergency.

STUDENT CONDUCT
The purpose of school rules is to provide a safe environment in which students can learn to act maturely and responsibly in a variety of situations. The supervision of student conduct will include the time in which the student is normally in attendance at school, while the student is on school property, while the student is going to or from school and while the student is at an extracurricular activity either at PJHS or at another host school. Behavior that would be a violation of this Handbook may result in discipline even if the behavior takes place away from school if the conduct is, or may be reasonably forecast to be, disruptive to the School.

Students at Peotone Junior High School are expected to:
1. Be on time for classes and activities
2. Show respect towards staff members
3. Refrain from the possession and/or use of tobacco on school property
4. Avoid fighting on school property or while going to or from school
5. Show regard for other people and the property of others
6. Not participate in the destruction, vandalism or theft of school or personal property
7. Avoid rowdy or dangerous behavior in the building
8. Follow school rules and guidelines regarding appearance/dress
9. Refrain from the public display of affection
10. Avoid bringing electronic devices.

PHYSICALITY
Peotone Junior High School is a HANDS-OFF school. Under no circumstances shall an individual become physical with another no matter the intent. Any situation deemed serious enough by administration may result in a consequence from a detention through Out-of-School Suspension. Police may be notified.

CELL PHONES
Students are extended the privilege of possessing cell phones on school grounds; however, their use is limited to non-school days or after 3:20 pm on school days. The cell phone must be in the off position, not visible, nor used before 3:20 pm on school days (this includes before school). This rule is also in effect after school and on non-school days where a quiet atmosphere is necessary such as detention, testing, library, resource centers, computer labs, performances, etc. Text messaging is not permissible. Failure to follow the above procedures will result in a warning for first offense and parent notification, a Saturday school for subsequent offenses.
REFERRALS/DETENTIONS
The signed referral/detention form must be returned to the staff member who issued the referral by the end of the school
day following its being given or additional detentions will be assigned. Forgery of the parent’s or guardian’s signature will
result in additional consequence(s). Failure to serve a detention will result in a minimum of one additional detention. Failure
to report promptly for a detention will result in a tardy being issued. Students may attend after school activities only after
their detention is served.

In the majority of cases, detentions will be served the first school day following the day the detention is issued, unless the
student prefers to serve the detention the same night, but only after contact has been made with parent/guardian. If more
than one detention is assigned, all detentions will be served on consecutive school days.

Arrangements for alternate dates and/or times for serving assigned detentions may be made with the staff member prior
to the detention period, provided a just cause is given and then approved by the staff member or administration. Work,
athletics or other after school extracurricular activities are not considered just causes.

SOCIAL PROBATION
In some cases, as a means of further discipline, participation in or attendance at activities (dances, athletics, band concerts,
musicals, plays, clubs, organizations, field trips, etc.) will be forfeited for a period of time to be determined by the administration.

6. No drinks, food, or candy will be allowed.
7. Any student dismissed from a detention will receive further discipline.
8. Any student who fails to serve their detention may be placed in ISS.

REMOVAL FROM CLASSROOM
Students who are disrupting the classroom learning environment will be removed to the office for the duration of that class
period. The student may resume his/her normal schedule at the end of the class period.

A student will receive a consequence appropriate to his/her behavior.

OUT-OF-SCHOOL SUSPENSION
Please refer to Student Suspension and Expulsion in District section of this handbook.

IDENTIFICATION CARDS
Students must be in possession of their student identification card at all times.

Temporary ID cards will be issued only after a student has purchased a replacement. Replacements may be purchased in
the main office. DO NOT deface student identification cards.

LOCKERS
Students are to lock their lockers at ALL TIMES. Peotone Junior High School is not responsible for items lost or stolen from
unlocked lockers. ALL BOOKBAGS, BACKPACKS, & PURSES need to be kept in the student assigned locker. It is also
recommended to keep a clean and organized locker.

TARDINESS
Tardiness to school and to class is a distraction to the educational process.

TO SCHOOL:
All students are expected to be at school and in their first period class prior to the 8:30 a.m. bell. Students who arrive late to
school are required to sign in at the main office before entering their first period class. Students are required to bring a note from a
parent/guardian or the parent/guardian must notify the office by phone as to the reason for such tardiness. The administration will
determine by the information provided as to whether the tardy will be excused. No notification by the parent/guardian will result in
the tardy being unexcused. The third unexcused tardy to school within one quarter will result in an Office Detention assigned and
an Office Detention for each tardy thereafter. If tardiness to school becomes a problem, further disciplinary action may be taken.

TO CLASS:
All students are expected to be in their assigned room when the bell rings for the beginning of a class period. A student arriving
late will need a pass from a staff member before being admitted to class or a tardy will be issued. The administration will
issue warnings/referrals to these students. After receiving the third warning/referral for tardies within a quarter a student will
receive an office detention for each tardy. If tardiness to class becomes a problem, further disciplinary action may be taken.
NOON HOUR REGULATIONS
Lunch time should be a pleasant time and appropriate behavior is expected. Student cooperation in following the rules will make lunch time a more pleasant part of the day. Students who wish to eat in the cafeteria and buy the hot lunch need to deposit money into their account before school in the school office. When students are finished eating, they must return trays to the window and dispose of garbage properly.

Any misconduct and any items that become airborne in the cafeteria will result in the disciplinary consequences.

Any situation deemed serious enough by the administration may result in a removal from the cafeteria, a Saturday School, in-school suspension. Students must be seated in their seats or standing in the lunch line by the time the tardy bell rings. If not, they will be marked tardy.

PHYSICAL EDUCATION CLASS REGULATIONS
Physical Education is an environment that is a little less structured than the typical classroom. Therefore, students are expected to conduct themselves like the young adults that they are. Student cooperation in following the rules will make Physical Education class an enjoyable departure from the regular class schedule. Any misconduct in Physical Education class (including the Gymnasium, Locker Room/Dressing Room facility, conditioning/exercise line-up before or after the tardy bell, any indoor or outdoor facility & area, or any activity incorporated into the Physical Education curriculum) will normally result in the following disciplinary consequences.

Any situation deemed serious enough by administration may result in a Saturday School, In-School Suspension, or an Out-of-School Suspension, with a possible recommendation for expulsion.

REQUIRED CLASSROOM MATERIALS
Students will be told by each teacher what materials, (pens, pencils, paper, notebook, textbooks, etc.), they should bring to class daily. If students do not bring the necessary materials to class it becomes impossible for them to participate in a productive manner. Students who do not bring necessary materials to class will be allowed to retrieve materials so long as:

1. It is at an appropriate time of class.
2. Student has been properly signed out with their assignment notebook by the teacher.

Students must be in possession of their assignment notebook in order to leave the classroom.

ASSIGNMENT NOTEBOOK
Students are required to obtain an assignment notebook each year at registration. This is one way for students to stay organized with their responsibilities. The students must have the assignment notebook in their possession at all times, with the exception of Physical Education class and lunch.

*If the assignment notebook is lost or stolen, the student must purchase a new assignment notebook.

DIRECTIONS TO PJHS EVENTS AT FACILITIES OUTSIDE THE DISTRICT
Students are provided directions to facilities hosting PJHS teams, students, and/or organizations by their coach/moderator/sponsor. As well, directions are posted on the “Announcements” page of the PJHS web site. **Please do not call the office seeking directions.

SAFETY REGULATIONS
Throwing snowballs on the campus or inside the building will not be tolerated. Serious accidents have resulted from this practice. The bringing of, or the use of, water guns or water balloons inside or outside the school building or on the school buses is prohibited.

STUDY HALL
Students are expected to use study halls in a constructive manner. Students should bring enough work to keep them busy the entire period or have appropriate reading material. Students who are not working or reading will be issued a student referral by the study hall teacher.
ASSEMBLY PROCEDURE

Assemblies will be held from time to time to provide students the opportunity to enjoy special programs, to hear outstanding speakers, to prepare for athletic events, and to gain information on matters of common interest to the student body. Student conduct at all assemblies shall reflect an attitude of attentiveness and respect for all speakers and presentations.

PEOTONE HIGH SCHOOL

OFFICE / BUILDING HOURS

The Peotone High School Office is open from 7:30 a.m. until 4:00 p.m. on regularly scheduled school days. The Guidance Office is open from 7:30 a.m. to 3:30 p.m. The school will open at 8:00 a.m. for students arriving early to school. Classes are in session from 8:25 a.m. until 3:10 p.m. and the building is open beyond these hours according to various activities or sport events.

CHECKING IN/OUT

Students who arrive late for school or who desire to leave school early, other than those with regular late arrival/early dismissal schedules, shall sign in/out with school office personnel. Students who fail to follow proper procedures will be subject to discipline.

SCHEDULE CHANGE POLICY (ADDING/CHANGING/ DROPPING COURSES)

A student may add, drop, or change a course request by Friday, June 8, 2018, pending space availability at the time of the request. A student may request to drop an elective course to take another elective course during the first 5 school days of each semester, pending space availability at the time of the request. Students enrolled in seven classes during the semester may drop an elective during the first 5 school days of each semester and add a Study Hall, pending Study Hall availability at the time of the request, with school counselor and parent approval, and upon submitting a completed permission form. After the first 5 days of the school year, students in Band, Choir, and KACC make a full-year commitment to the course. In most cases, they may not add or drop these courses. Students may change levels in English, Math, Science, Social Science, or World Language with teacher approval and parent permission during the first five weeks of the first semester upon submitting a completed permission form. Students/parents may not request a teacher change or a period change.

REPEATING A COURSE

When a student fails a course, he/she may repeat the course to earn a passing grade and credit. Both the failing and passing grades will be counted to determine grade point average. If a student fails one semester but not the other of a required course, the student may repeat the semester which was passed for elective credit (i.e. passes 1st semester of Algebra but fails 2nd semester—retakes entire year, 1st semester for elective credit, 2nd semester for required credit).

CLASS LEVEL

Students with 16.5 credits will have senior standing; students with 10.5 credits will have junior standing; and students with 5 credits will have sophomore standing.

Minimum Semester Course Load All students must enroll in at least six courses and have no more than one Study Hall each semester, pending Study Hall availability.
CLASS RANK

Class Rank Calculation: Class ranks based on Grade Point Average (GPA) and Grade Points Earned (GPE) are computed at the end of the student’s second, third, fourth, fifth, sixth, seventh, and eighth semesters.

Calculating Grade Point Average, Grade Points Earned and Class Rank: To acknowledge the efforts of those students who take full schedules and/or AP (Advanced Placement) classes, Peotone High School uses two methods to calculate class ranks Grade Point Average (GPA) and Grade Points Earned (GPE).

Grade Point Average and the resulting class rank are calculated by dividing the total grade points earned by the potential credits attempted. All classroom courses except for courses with a pass/fail grade system are included in calculating grade point average.

Grade Points Earned and the resulting class rank are calculated on total grade points earned. To provide equity in determining rank based on grade points earned (GPE), Peotone High School limits the number of courses included in total GPE to seven per semester. If the total number of courses taken by a student during a semester exceeds the maximum, the elective courses with the highest grades earned will be used in GPE calculations. Grade points are calculated by multiplying the potential credit for a course by the points earned for a letter grade. Grade Points Earned (GPE) are used to calculate Valedictorian, Salutatorian, Top Ten Seniors and other local Academic Awards at Peotone High School.

AWARDS AND HONORS

The Valedictorian and Salutatorian awards are given to the seniors who have the highest and second highest scholastic averages respectively for four years of high school. Valedictorian and Salutatorian awards are given to seniors with the highest and second highest total grade points earned (G.P.E.).

Music and athletic awards are presented to students who participate in these activities and also meet a set of standardized requirements. Awards are also given for superior achievement in academic disciplines. These awards are given to students who have shown exceptional ability and achievement in each academic area.

SPECIAL PROGRAMS

Credit Advancement Options through Summer School PHS will accept a maximum of two credits from summer school courses for credit advancement pending prior approval from the student’s school counselor. Grades earned through an approved summer school program will appear on the student’s official transcript but the grades will not be figured into the GPA or GPE calculations. Currently, PHS does not have a summer school program. Students are referred to local schools for credit advancement. The Guidance Office should receive summer school brochures in April. Students should not enroll in any summer school courses without first obtaining approval from their school counselor. Most courses in summer school will be accepted as elective credit. Due to the consecutive nature of the PHS curriculum, limitations have been placed on summer school options. The following courses will not be accepted from summer school as meeting a course requirement and therefore should not be taken outside of PHS for credit advancement:

- Band: Music Theory I and II
- English: English I, II and III
- Math: No courses will be accepted for advancement that are in the current PHS math curriculum
- Science: Chemistry, Physics, Anatomy and Physiology, AP Biology and AP Chemistry
- Social Studies: U.S. History and American Government
- No limits in the Departments of Agriculture, Business and Technology, Family and Consumer Sciences, Industrial Technology, Visual Arts, and World Language.

Credit Recovery Options through Correspondence School and Summer School

PHS will accept a maximum of two credits from an approved correspondence school and two credits from an approved summer school program for credit recovery pending prior approval from the student’s school counselor. Students are eligible to take correspondence courses after their junior year. Correspondence courses are not awarded a letter grade and the grade will not be figured into the GPA or GPE calculations. All correspondence course final exams must be taken by April 15 of the student’s senior year. PHS must receive the official transcript from the correspondence school in order for the student to receive credit for the course and be eligible to participate in the graduation ceremony. Once a student’s class has graduated, an additional two credits from correspondence school will be accepted.

Currently, PHS does not have a summer school program. Students are referred to local schools for credit recovery. The Guidance Office should receive summer school brochures in May. Students should not enroll in any credit recovery courses without first obtaining approval from their school counselor. Grades earned through an approved summer school program for credit recovery will appear on the student’s official transcript and will be figured into the GPA and GPE calculations.

LATE ARRIVAL/EARLY DISMISSAL

Seniors may arrive one period late (Late Arrival) or leave one period early (Early Release) during the school year. Students must be enrolled in six classes for credit, one class being physical education unless otherwise exempt. They must be in good academic standing and have a minimum GPA of 2.5. Students must complete a Late Arrival/Early Release Application from the Guidance Office. Parent and school administrator approval is required.
WORK RELEASE
Senior students may take work release during the first two periods of the day or the last two periods of the day. Students must be enrolled in five classes for credit, one being physical education (PE exemption does not count for work release). They must be in good academic standing and complete a Work Release Application from the Guidance Office at the start of each semester. Approval from the school administrator, school counselor, employer, and parent is required.

WITHDRAWAL FROM SCHOOL
Upon withdrawal from school, the student shall return school property to an appropriate school official. The student shall secure a drop slip from the registrar. On this form, the student shall secure from each of his or her teachers a withdrawal grade and signature verifying that all goods and school materials have been returned to the school. The signed slip(s) shall be returned to the registrar before the student leaves on their last attendance day.

NCAA
All students who participate in athletics and are considering pursuing this interest in college need to make themselves aware of the NCAA Initial Eligibility Requirements. This information can be found in the student-parent handbook on the NCAA Clearinghouse website: www.NCAA.org/playcollegesports.

OPERATION FUTURE GUIDELINES
Operation Future is a school to work program for students with Individualized Education Programs. Students enrolled in Operation Future during regular school hours will receive letter grades and credits as in any regular course (1/2 credit per class hour) and grade points will be figured into the student's GPA and GPE. Students enrolled in Operation Future outside of regular school hours will receive credit towards graduation, but only a pass/fail grade that will not be figured into the student's GPA or GPE calculations. See the PHS transition coordinator for further information.

DEFINITION OF CREDIT
Credit: A credit is a measure of school achievement. Students receive credits for successfully completing classes each semester. Students earn one-half credit for each class successfully completed during a semester. Although most classes award one-half credit each semester, some do not. Students should read the registration guide carefully to determine the amount of credit they may earn for each course for each semester.

Credit Given to Transfer Grades for New Students: All courses, regardless of their origin, will be treated equally in the calculation of grade point average (GPA) and grade points earned (GPE). Thus, courses transferred to Peotone High School from other high schools will be treated as if those courses were taken at Peotone High School. For example, a weighted Algebra course transferred from another school will be treated as unweighted in calculating GPA and GPE since it is not weighted at PHS; an unweighted AP Calculus class will be treated as weighted since it is weighted at PHS; Physical Education will be granted one credit per year regardless of the credit awarded by the transferring school. Theological studies courses will not be granted credit.

GRADUATION REQUIREMENTS
The district requires students earn 22.5 credits to graduate. Graduation requirements conform to the mandates enacted by the State of Illinois, December, 2009.

DRIVER EDUCATION

The State of Illinois requires that “all students must receive a passing grade in at least (8) courses in the previous two (2) semesters prior to enrollment in the Drivers Education Program.” (Public Act 88-188) Students are required to attend a minimum of 30 hours of classroom instruction which is taught during the first or third quarter. Depending on the number of days in the quarter, if a student misses from 4-6 days of classroom instruction the student will be dropped from the class and may retake the course the following semester if space is available. Scheduling for Drivers Education behind-the-wheel (BTW) will be done in birth date order.

EARLY GRADUATION (AFTER 7TH SEMESTER)

The Board of Education shall award a high school diploma to each student who meets the following requirements:

1. The student has earned the required number of high school credits; and
2. The student has been in attendance at an approved high school for a minimum of seven semesters.

The Board of Education may waive the attendance requirement under appropriate circumstances and provided required procedures are followed.

To apply for early graduation, the student seeking to graduate shall:

1. complete an application available in the Guidance Office, which includes parent signature and reason for the request; and
2. submit the application to the Guidance Office prior to the end of the student’s sixth semester of attendance.

Requests that meet with the approval of the school counselor, administration, and superintendent will be presented to the Board of Education for consideration. Students whose requests are denied by the school counselor, principal, and superintendent shall have a right of appeal to the Board of Education.

Parents and students requesting early graduation should be aware of the following:

1. Seniors who attend Kankakee Area Career Center will not be permitted to graduate early.
2. Correspondence courses may not be used to fulfill early graduation requirements.
3. After the end of the first semester of the senior year, a student electing early graduation will be eligible to participate in the May/June graduation so long as the student is not on social probation but no other student activities including the winter dance and junior-senior prom. Early graduates attending second semester athletic and other school-related events requiring an admission fee will pay adult ticket prices. There will be no mid-year graduation ceremony for early graduates.

2. the student has a cumulative GPA of 3.2 or higher on a 4.0 scale
3. the parent approves

Program Guidelines

The student must:
1. be enrolled in five courses
   a. a minimum of four courses for credit at PHS-must include Physical Education unless student qualifies for a P.E. exemption

GUIDANCE DEPARTMENT

The PHS Guidance Department has two school counselors: Ms. Nichole Schultz and Mr. David Church. Ms. Schultz is the counselor for those students whose last names fall between the letters A - K. Mr. Church is the counselor for those students whose last names fall between the letters L - Z. Both counselors are available to assist students with their academic needs and post-secondary planning. Mrs. Marlene Murray is the Guidance Department registrar. She is available to assist students and parents/guardians with student records requests. Mrs. Ruta Stedt is the school social worker who provides counseling-related services for our student population. The goal of the Guidance Department is to collaborate with PHS faculty, staff, and families to help students successfully transition through high school onto their post-secondary plans. Please feel free to contact the Guidance Office throughout the year with any questions or to schedule an appointment.

The school district encourages students and parents/guardians to begin post-secondary planning as soon as possible. Standardized testing and career exploration tools will be implemented beginning with the student’s 8th grade year. Career interests should be identified as early as the student’s junior year. Students should apply to colleges and technical schools during the fall of their senior year. Students are encouraged to discuss post-secondary plans with their counselor and to meet with the college, military, and technical school representatives who visit the Guidance Office. Resources and reference guides to aid with post-secondary planning are available in the Guidance Office. In addition, the most current information may be found through the school’s daily announcements and on the Guidance Department’s website at http://phs.peotoneschools.org.

HIGH SCHOOL TESTING PROGRAM

The high school testing program is designed to test student achievement, abilities, and interests. The test sequence may include:

9th grade: Advanced Placement exam (optional), MAP, and PARCC
10th grade: Advanced Placement exam (optional) and PARCC
11th grade: Advanced Placement exams (optional), ASVAB (optional), PSAT (optional), SAT (required)
12th grade: ACT (optional), Advanced Placement exams (optional), ASVAB (optional), SAT (optional), and PARCC

HONOR ROLL

At the end of each semester, honor roll is published to recognize those students who have achieved academic excellence during the specific grading period and to encourage high standards of scholarship. Students who achieve a 3.0 grade point average are included in the regular honor roll. A 3.5 grade point average is required for inclusion on the high honor roll, and a 4.0 grade point average is required for inclusion on the superior honor roll.
GRADE REPORTING

The school year consists of two semesters with the first beginning in August and the second beginning in January. Each semester is divided into two nine-week grading periods. Report cards are distributed to students at the end of each grading period. Midterm grades are available to the parents and students at the midpoint of each grading period on PowerSchool. In determining semester grades, teachers will count each quarter of the semester as 45% of the grade. Students will take summative semester assessments which may include exams, projects, speeches, presentations, etc. that will count as 10% of the final semester grade. Students who do not complete work by the end of a nine week period or semester may receive an “I” (Incomplete) on their report card. Incomplete grades will become “F” grades if work is not made up within ten school days of the end of the quarter or semester. CREDITS GIVEN TO TRANSFER GRADES FOR NEW STUDENTS

All courses, regardless of their origin, will be treated equally in the calculation of grade point average (GPA) and grade points earned (GPE). Thus, courses transferred to PHS from other high schools will be treated as if those courses were taken at Peotone High School. For example, a weighted Algebra course transferred from another school will be treated as unweighted in calculating GPA and GPE since it is not weighted at Peotone High School; un unweighted AP Calculus class will be treated as weighted since it is weighted at PHS; Physical Education will be granted one credit per year regardless of the credit awarded by the transferring school. Theological studies courses will not be granted credit.

LETTER OF RECOMMENDATION POLICY

In order to give the teacher/counselor adequate time to prepare a student’s letter of recommendation, the teacher/counselor has 15 school days from the date the student requested the letter to write it. The teacher/counselor has the right to decline writing a letter of recommendation for the student. By signing the Letter of Recommendation document, the student is agreeing to this policy and waiving his/her right to access the letter of recommendation. The Letter of Recommendation document is available in the Guidance Office and online at http://phs.peotoneschools.org.

PEOTONE HIGH SCHOOL TRANSCRIPT REQUEST POLICY

All transcript requests need to be submitted to the school registrar and will be sent within 5 school days. Transcript request forms are available in the Guidance Office and online at http://phs.peotoneschools.org.

WEIGHTED AND NON-WEIGHTED COURSES

Peotone High School offers both weighted and non-weighted courses. Weighted courses are those designated as AP (Advanced Placement) classes. Peotone High School weighted classes include: AP Biology, AP Calculus, AP Chemistry, AP English III, AP English IV, AP Government & Politics, AP Human Geography, and AP U.S. History.
KACC STUDENT GUIDELINES

Students attending the Kankakee Area Career Center (KACC) shall be aware of the following:

1. Students are enrolled in career center courses for the entire school year. In most cases, students will not be allowed to drop these courses.

2. The KACC bus departs promptly from PHS at 12:33pm which is the beginning of the 5th period. If a student misses the bus, he/she will sit in the office until 3:10pm, and the absence will affect his/her KACC grade.

3. Misbehavior on the KACC bus is a serious offense. See the section “Rules and Regulations Concerning Bus Riding.” PHS reserves the right to invoke its own disciplinary penalties upon students who violate school policies while attending classes or functions relating to the KACC.

Students who miss the KACC bus shall report to the office and remain in the office until the KACC bus returns. Discipline for misconduct on any bus shall be imposed with a range of discipline: warning and seat assignment, detention, Saturday School, suspension from the bus and/or a recommendation for expulsion.

Nothing in the above schedule shall be interpreted to prevent school officials from assigning alternate or additional discipline to that scheduled above under appropriate circumstances.

ABSENCES CAUSED BY FIELD TRIPS

Any student desiring to participate in a school field trip which will result in an absence from school during the school day shall be responsible for the schoolwork missed. Teachers will be notified of the students participating in the field trip via a list one week prior to the field trip taking place. Student eligibility for a field trip may be revoked due to behavioral or academic issues.

ARRANGED ABSENCES

Students and their parents are encouraged to arrange for school approval of student absences in advance whenever possible and practical. In order to obtain approval, a student must present a parental note stating the reason for the proposed absence. The student must obtain a pre-excused absence form, and, when appropriate, a verification form from the office. The student shall be responsible for completion and submission of the required approval forms. Following an absence, a student may be required to submit a verification form.

EXCUSED AND UNEXCUSED ABSENCES

School administration may, at its sole and exclusive discretion, determine if a student absence from school is excused or unexcused. In the event of an excused absence, the student shall be permitted to make up the school work which the student missed because of the absence. In the event an absence is determined to be unexcused, the student shall not be permitted to make up school work missed for credit and may be subjected to other appropriate discipline. The decision as to whether or not any particular absence shall or shall not be excused, shall lie exclusively with school administration. Generally, however, medical excuses, medical appointments, funerals, court appearances, college visitation, religious observance, and personal illness shall be treated as excused absences. Other reasons for an absence may be deemed excused on a case by case basis. Hair appointments, vacations without parents, a desire to take the driver’s license exam, and cutting school shall be treated as unexcused absences. Absences for other reasons may also be treated as unexcused on a case by case basis. Any unexcused absence will result in a detention for the student.

TARDINESS

Promptness to class is very important. Students are to be in their seats and ready to work when the bell sounds. Students reporting late to school must check in with the office before going to class. Students arriving late because of late bus arrivals are not counted tardy.

HIGH SCHOOL....Students are required to obtain a pass from a member of the school staff or a tardy slip from the office before the student will be admitted to class. Any single tardy of five minutes or more will result in a one hour detention. Any student who misses more than half a class period by reason of tardiness will be considered absent, not tardy. The following steps will be implemented when a student is tardy to a class. Each teacher will define the parameters for a tardy in their classroom.

CONSEQUENCES FOR TARDINESS

FIRST TARDY = VERBAL WARNING BY THE TEACHER AND DOCUMENTATION
SECOND TARDY = PARENT NOTIFIED VIA EMAIL, PHONE OR LETTER
THIRD TARDY = 1 HOUR DETENTION
FOURTH TARDY = 3 HOUR DETENTION
SUBSEQUENT TARDIES = 3 HOUR DETENTION AND/OR ADDITIONAL CONSEQUENCES
STUDENT DISCIPLINE

School disciplinary responses may occur whenever the school can show a legitimate school purpose in such response, regardless of where or when the student conduct giving rise to the proposed discipline occurs.

DISCIPLINARY ALTERNATIVES

When appropriate, school officials may offer enrollment in the Healthy Habits program at Riverside Hospital or other dependency treatment program as a disciplinary alternative.

DETENTION

Students may be assigned a detention by administrators or teachers. Detentions shall be served from 7:30 a.m. to 8:15 a.m. or from 3:15 p.m. to 4:00 p.m. Students will be granted two days in which to serve the detention. Failure to serve a detention as specified will result in an ISS. Transportation to school is the sole responsibility of the student.

TECHNOLOGY USE DURING LUNCHES

In an effort to support the needs of our students, we have extended cell phone, computer, E-Readers, and MP3 players during lunches. We believe that the benefits of technology use well outweigh the negatives. As an educational institution, we believe that we are better served in training our students to be appropriate technology users. Students are expected to follow a few basic rules as shown below.

1. Students should not contact students who are not in their lunch period through the use of technology.
2. The sound must be off or headphones plugged in so that noises from the technology cannot be heard by others.
3. Students should not leave their technology unattended as the district is not responsible for lost or stolen technology.
4. Students must continue to use the office telephone to contact parents regarding leaving school early.
5. Students should be especially cautious to keep food and liquids away from the technology. The district is not responsible for damaged technology.
6. The use of technology to bully, embarrass or intimidate others is completely unacceptable and may result in disciplinary action.
7. Students will not be permitted to access the district network or district Internet with personal devices.
8. The administration reserves the right to revoke this privilege at any time.

CLASSROOM CONDUCT--PREPARATION

Each student shall be orderly and respectful of others at all times. Each student shall arrive for each class prepared by having in his or her possession a pen or pencil, notebook paper, required textbooks, and such other materials as may be required by the classroom teacher. FRESHMEN: Beginning in August 2015, all freshmen enrolled in Algebra I and Geometry are required to obtain a TI-84(Texas Instrument) Calculator. Because of the training students will obtain in using this graphic calculator, students are not to purchase any other version or brand.

FOOD AND DRINK

No food or drink shall be consumed in the school building except at lunch time and only then in the cafeteria. Food or drink brought into the building for lunch is to be taken directly to your locker and should remain in your locker until your specific lunch period. Absolutely, NO open cans of pop. Glass containers should not be brought into the building. NO GUM IS ALLOWED IN THE BUILDING.

BOOK BAGS / BACK PACKS / PURSES / DUFFLE BAGS

Students will not be allowed to carry book bags, back packs or duffle bags to classrooms. These items must be left in hallway lockers. Administration may make an exception to this policy for those with an existing medical condition.

HANDHELD VIDEO GAMES / CARD PLAYING

Handheld video games, including games on calculators, will not be allowed during school hours. Card playing will not be allowed during school hours. Violations will result in a first offense warning, then confiscation of the items on subsequent offenses.

REMOVAL FROM CLASS

Student disruptions in the classroom will result in a range of the following disciplinary actions:

Parental contact by teacher/conference, loss of credit for the period, detention, assignment of Saturday School(s), three (3) day suspension from that class, further class suspension, out of school suspension, and/or recommendation for expulsion, depending upon individual circumstances.

The administration reserves the right to modify the above to fit the severity of the situation and/or the needs of the staff and students. At any time, at the discretion of the administration, students under suspension may be required to return to school with a parent/guardian to regain admittance.
FLOWER DELIVERIES
Due to lack of secure space and personnel to oversee handling, flower deliveries are discouraged at the school. Flower deliveries on holidays, including Valentine’s Day, will not be allowed until 3:00 p.m., and then only to the office. Students will be allowed to pick up their flowers after school. Students are encouraged to have flowers delivered to the home.

NATIONAL HONOR SOCIETY
Membership in the National Honor Society is both an honor and a responsibility. Students earning a minimum cumulative grade point average of 3.5/4.0 are identified and invited to apply for admission after their 4th and/or 6th semesters. Students meeting the grade eligibility are notified by mail and required to complete an Activity and Class Information form to continue with the application process. After reviewing each applicant’s submitted Activity and Class Information form the PHS Faculty considers each student’s scholarship, developing character, service to community, and leadership qualities based on this submitted information. (GPA is 40% of average) The Faculty Council will then review the results of the faculty vote and make the final selection of students for membership.

PHYSICAL EDUCATION CLOTHING
Regulation clothing is required for both boys and girls for participation in physical education. Clothes are to be taken home every Friday and cleaned before Monday. Failure to dress properly will result in discipline.

PHYSICAL EDUCATION EXEMPTION
School district staff will consider requests for exemption from physical education on a case-by-case basis. Students must complete and return an exemption form.

Students in grades 11 and 12 may be granted exemption from physical education during the semester that the following reasons apply:

• The student is determined to be participating in interscholastic athletics as certified by the appropriate district personnel.
  Interscholastic athletes must request to use an exemption within the first 5 school days of each semester.

• The student provides written evidence from an institution of higher education that a specific course not included in existing state or local school minimum graduation standards is required for admission.

• Students who have failed required courses, transferred into the district with deficient credits or who lack credits due to other causes will be eligible to apply for this exemption.

• The student is enrolled in a career and technical education program at the Kankakee Area Career Center.

Students in grades 9 – 12 may be granted exemption from physical education if they are enrolled in a marching band program for credit. Students must complete and return an exemption form. This portion of the policy excuses students only during the marching band season (first semester of that year).

Band exemptions do not apply to the 2nd quarter of the Driver Education/Physical Education course for sophomores.

Students are not permitted to use their Physical Education exemptions while serving as a P.E. Leader.

PHYSICAL EDUCATION SUPPLIES
Each student is supplied with a combination lock for his or her physical education locker. The student is responsible for keeping the locker locked at all times. The student shall not share the combination with any other person. Locks shall be collected at the end of the school year. A minimum fee of $5.00 will be charged for lost or damaged locks. Only school-issued locks are permitted.

TELEPHONE
The high school maintains a telephone for the transaction of school business. Students will not be called to the phone except in emergencies. Messages or notices to call will be given to students at the close of a class period.

LOCKERS
Each student will be assigned a school locker. Each locker has a permanently attached combination lock. Only locks provided by the School District may be used on school lockers. Additional or replacement locks may be obtained at no cost in the school office. Students shall use the lock and locker assigned to them and shall not share lockers or give access to locker combinations. Each student shall care for and maintain his or her locker in working order. Students shall report broken locks or lockers to the school office immediately. The school reserves the right to inspect and search lockers at any time. Lockers shall remain clean at all times. Objectionable material including, but not limited to: alcohol, drug, or gang materials, shall not be posted on any part of a locker. A student may be assessed a fee to cover the cost of locker cleaning or repair.

Key Provisions Regarding IHSAs Rules

Eligibility Rules

When you become a member of an interscholastic team at your high school, you will find that both your school and the IHSAs will have rules you must follow in order to be eligible for interscholastic participation. The IHSAs rules have been adopted by the high schools which are members of IHSAs as part of the Association’s constitution and by-laws. They must be followed as minimum standards for all interscholastic athletic competition in any member high school. Your high school may have additional requirements, but they may not be less stringent than these statewide minimums.

The principal/official representative of your school is responsible to see that only eligible students represent the school in interscholastic competition. Any question concerning your eligibility should be referred to your principal/official representative, who has a complete copy of all IHSAs eligibility rules, including the Association’s due process procedure. Only the IHSAs Executive Director is authorized to make formal rulings on eligibility, so if your principal/official representative has questions or wishes assistance in answering your questions, the principal/official representative should contact the IHSAs Office.

Information contained here highlights some of the most important features of the IHSAs by-laws regarding interscholastic eligibility. It is designed to make you aware of major requirements you must meet to be eligible to compete in interscholastic competition. The information here is only a general description of major by-law provisions and does not contain the statement of the by-laws in their entirety. You can review the by-laws at www.ihsa.org.

You may lose eligibility for interscholastic competition if you are not in compliance with IHSAs by-laws. Remember, if you have any questions regarding IHSAs rules, please contact your principal/official representative.

1. Attendance

A. You may represent only the school you attend. Participation on a cooperative team of which your school is a member is acceptable.
B. You must be enrolled and attending classes in your high school no later than the beginning of the 11th school day of the semester.
C. If you attend school for ten (10) or more days during any one semester, it will count as one of the eight (8) semesters of high school attendance during which you may possibly have eligibility.
D. If you have a lapse in school connection for ten (10) or more consecutive school days during a semester, you are subject to ineligibility for the rest of the semester. The specific terms of your extended absence must be reviewed by the Executive Director to determine if it is “lapse in school connection” or not.

2. Scholastic Standing

A. You must pass twenty-five (25) credit hours of high school work per week. Generally, twenty-five (25) credit hours is the equivalent of five (5) .5 credit courses (2.5 full credits).
B. You must have passed and received credit toward graduation for twenty-five (25) credit hours of high school work for the entire previous semester to be eligible at all during the ensuing semester.

3. Residence

Your eligibility is dependent on the location of the residence where you live full time with your parents, parent who has been assigned custody by the court, or court appointed legal guardian.

You may be eligible if you are entering high school as a freshman and:
A. You attend the public high school in the district in which you live full time with both of your parents, custodial parent or court appointed guardian; or
B. In the case of a multiple school district, you attend the public high school in the attendance area where you live full time with your parents, custodial parent or court appointed guardian; or
C. You have paid tuition to attend a public school for a minimum of 7th and 8th grades in a district other than the one where you live with your parents, custodial parent or court appointed guardian and you continue to pay tuition as a high school student in that same district; or
D. You attend a private/parochial school located within the boundaries of the public school district where you live with your parents, custodial parent or court appointed guardian; or
E. You attend a private/parochial high school and have attended a private/parochial school for 7th and 8th grades, or for any four (4) grades from kindergarten through eighth grades; or
F. You attend the private/parochial high school which one or both of your parents attended; or
G. You attend a private/parochial high school located within a thirty (30) mile radius of the residence where you live with your parents, custodial parent or court appointed guardian.

4. Transfer

A. In all transfer cases, both the principal of the school from which you transfer and the principal of the school into which you transfer must concur with the transfer in writing on a form provided by the IHSAs Office. You cannot be eligible when you transfer until this form is fully executed and on file in the school office.
B. If you transfer after classes begin for the current school term, you will definitely be ineligible for thirty days from the date you start attending classes at the new high school. In addition, you will be ineligible for that entire school term in any sport in which you engaged in any team activity, including but not limited to tryouts, drills, physical practice sessions, team meetings, playing in a contest, etc. at the school from which you transferred. For example, if you were out for cross country at the school from which you transferred and transfer after the IHSAs sport season has begun, you will be ineligible for cross country that entire school term at the new school.
C. If you transfer attendance from one high school to another high school, you will be ineligible unless:
   1. Your transfer is in conjunction with a change in residence by both you and your parents, custodial parent or court appointed guardian from one public school district to a different public school district;
   2. Your transfer is between high schools within a public school district and both you and your parents, custodial parent or court appointed guardian change residence to the district attendance area for the school to which you transfer;
   3. Your parents are divorced or legally separated; you transfer to a new school in conjunction with a modification or other change in legal custody between your parents by action of a judge; and required court documents are on file at the school into which you transfer;
   4. You transfer in conjunction with a change in legal guardianship, a ruling on your eligibility must be obtained from the IHSAs Office.
E. If you transfer attendance from one school to another while you are ineligible for any reason, the period of ineligibility imposed prior to your transfer or the period of ineligibility that would have been imposed had you stayed at the school, will be enforced at the school to which you transfer, even if you are otherwise in compliance with the by-laws.
5. Age

You will become ineligible on the date you become twenty (20) years of age, unless your twentieth (20th) birthday occurs during a sport season. In that case, you will become ineligible in regard to age at the beginning of the sport season during which your twentieth (20th) birthday occurs.

6. Physical Examination

You must have placed on file with your principal/official representative a certificate of physical fitness, signed by a licensed physician, physician’s assistant or nurse practitioner in order to practice or participate. Your physical examination is good for 395 days from the date of the exam. The physician’s report must be on file with your high school principal/official representative.

7. Amateur Status

A. If you win or place in actual competition, you may accept a medal or trophy for that accomplishment, without limit to its cost. Your school may provide IHSA state champions with championship rings/mementoes.

B. For participating in competition in an interscholastic sport, or for athletic honors or recognition in a sport, you may receive any type of award (except cash, check, or legal tender) that does not exceed $75 fair market value. There is no limitation on the value of your school letter.

C. The amateur rule does not prohibit you from being paid to referee, receiving pay for teaching lessons or coaching in a little kids league, etc. It only applies to your own competition in an athletic contest.

D. If you violate the amateur rule, you become ineligible in the sport in which you violate. You must be reinstated by the Executive Director before you may compete again.

8. Recruiting of Athletes

A. The by-laws prohibit recruiting of high school students for athletics. If you are solicited to enroll in or transfer to a school to participate in athletics, you are being illegally recruited and your eligibility is in jeopardy.

B. You will lose your eligibility if you enroll in or transfer to a school in response to recruiting efforts by any person or group of persons, connected with or not connected with the school, related to athletic participation.

C. You will lose your eligibility if you receive special benefits or privileges as a prospective student-athlete which are not uniformly made available to all students who attend your school.

D. You may not receive an “athletic scholarship” or any other special benefit from your school because you participate in athletics.

E. It is a violation for any student-athlete to receive or be offered remuneration or any special inducement which is not made available to all applicants who apply to or enroll in the school.

F. It is also a violation to induce or attempt to induce or encourage any prospective student to attend any member school for the purpose of participating in athletics, even when special remuneration or inducement is not given. Please remember that you may not be offered or receive any benefit, service, privilege or opportunity which is not also provided or made available to all prospective students at that school.

Note: If you are interested in finding out more information about a school, contact the principal/official representative or an administrator at the school, not a member of the coaching staff.

9. School Team Sports Seasons

A. Each sport conducted by IHSA member schools has a starting and ending date. Your school may not organize a team, begin practice or participate in contests in a given sport until the authorized starting date. Your school may not continue to practice or participate in contests after the authorized ending date. This means that:

1. During the school year, you may not participate on a non-school team coached by any member of your school’s coaching staff unless it meets specific criteria established by the by-laws.

2. No school coach may require you to participate in an out-of-season sport program as a requirement for being a member of a school team.

B. Violation of the sport season by-laws will result in penalty to you and/or to your school’s coaching personnel.

10. Playing in Non-School Competition

A. During the time you are participating on a school team in a sport at your high school, you may neither play on a non-school team nor compete in non-school competition as an individual in that same sport or in any skill of that sport.

B. If you participate in non-school competition during a sport season and subsequently wish to join the school team in the same sport, you will not be eligible.

C. If you wish to participate in a competition sanctioned by the National Governing Body, or its official Illinois affiliate for the sport, your principal/official representative must request approval in writing from the IHSA Office prior to any such participation.

D. You may try out for a non-school team while you are on your school’s team in that same sport, but you may not practice, receive instruction, participate in workouts, or participate in competition with a non-school team in that same sport until you cease being a member of your school’s team. You cease being a member of your school’s team when the team(s) of which you are a member terminates for the school term.

E. You will become ineligible if you participate on, practice with or compete against any junior college, college or university team during your high school career.

11. All-Star Participation

A. After you have completed your high school eligibility in the sport of football, basketball, soccer or volleyball, you may participate in three (3) all-star contests in any of these sports and still play for other school teams, provided the high school season in that sport has been completed. You may lose your eligibility for other interscholastic sports if you play in all-star competition in any of these sports under any other conditions.

B. You are not restricted from participating in all-star competition in sports other than football, basketball, soccer or volleyball, except that you may not do so during the school season for the sport.

12. Misbehavior During Contests

A. If you violate the ethics of competition or the principles of good sportsmanship, you may be barred from interscholastic athletic contests, either as a participant or spectator or both.

B. If you are ejected from a contest for unsportsmanlike conduct, you will be ineligible for your team’s next contest. You are also subject to other penalties.
